(2) In selecting a proposal under this section, the Secretary, through the Agency for International Development, shall consider—

(A) the ability of the United States firm, in cooperation with the host country, to undertake and complete the project;

(B) the degree to which the equipment to be included in the project is designed and manufactured in the United States;

(C) the long-term technical and competitive viability of the United States technology, and services related thereto, and the ability of the United States firm to compete in the develop-

ment of additional energy projects using such technology in the host country and in other foreign countries;

(D) the extent of technical and financial involvement of the host country in the project;

(E) the extent to which the proposed project meets the goals and objectives stated in section 1301(a);

(F) the extent of technical, financial, management, and marketing capabilities of the participants in the project, and the commitment of the participants to completion of a successful project in a manner that will facilitate acceptance of the United States technology for future application; and

(G) such other criteria as may be appropriate.

(3) In selecting among proposed projects, the Secretary shall seek to ensure that, relative to otherwise comparable projects in the host country, a selected project will meet 1 or more of the following criteria:

(A) It will reduce environmental emissions to an extent greater than required by applicable provisions of law.

(B) It will increase the overall efficiency of the utilization of coal, including energy conversion efficiency and, where applicable, production of products derived from coal.

(C) It will be a more cost-effective technological alternative, based on life cycle capital and operating costs per unit of energy produced and, where applicable, costs per unit of product produced.

Priority in selection shall be given to those projects which, in the judgment of the Secretary, best meet one or more of these criteria.

(i) UNITED STATES-ASIA ENVIRONMENTAL PARTNERSHIP.—Activities carried out under this section shall be coordinated with the United States-Asia Environmental Partnership.

(j) BUY AMERICA.—In carrying out this section, the Secretary, through the Agency for International Development, and pursuant to the agreements under subsection (a), shall ensure—

(1) the maximum percentage, but in no case less than 50 percent, of the cost of any equipment furnished in connection with a project authorized under this section shall be attributable to the manufactured United States components of such equipment; and

(2) the maximum participation of United States firms.

In determining whether the cost of United States components equals or exceeds 50 percent, the cost of assembly of such United States components in the host country shall not be considered a part of the cost of such United States component.

(k) REPORTS TO CONGRESS.—The Secretary and the Administrator of the Agency for International Development shall report annually to the Committee on Energy and Natural Resources of the Senate and the appropriate committees of the House of Representatives on the progress being made to introduce clean coal technologies into foreign countries.

(l) DEFINITION.—For purposes of this section, the term "host country" means a foreign country which is—

(1) the participant in or the site of the proposed clean coal technology project; and

(2) either—

(A) classified as a country eligible to participate in development assistance programs of the Agency for Inter-

national Development pursuant to applicable law or regulation; or

(B) a developing country or country with an economy in transition from a nonmarket to a market economy.

(m) AUTHORIZATION FOR PROGRAM.—There are authorized to be appropriated to the Secretary to carry out the program required by this section, $100,000,000 for each of the fiscal years 1993, 1994, 1995, 1996, 1997, and 1998.

42 USC 13363.

SEC. 1333. CONVENTIONAL COAL TECHNOLOGY TRANSFER.

If the Secretary determines that the utilization of a clean coal technology is not practicable for a proposed project and that a United States conventional coal technology would constitute a substantial improvement in efficiency, costs, and environmental performance relative to the technology being used in a developing country or country making the transition from nonmarket to market economies, with significant indigenous coal resources, such technology shall, for purposes of sections 1321 and 1322, be considered a clean coal technology. In the case of combustion technologies, only the retrofit, repowering, or replacement of a conventional technology shall constitute a substantial improvement for purposes of this section. In carrying out this section, the Secretary shall give highest priority to promoting the most environmentally sound and energy efficient technologies.

42 USC 13364.

SEC. 1334. STUDY OF UTILIZATION OF COAL COMBUSTION BYPRODUCTS.

(a) DEFINITION.—As used in this section, the term "coal combustion byproducts" means the residues from the combustion of coal including ash, slag, and flue gas desulfurization materials.

(b) STUDY AND REPORT TO CONGRESS.—(1) The Secretary shall conduct a detailed and comprehensive study on the institutional, legal, and regulatory barriers to increased utilization of coal combustion byproducts by potential governmental and commercial users. Such study shall identify and investigate barriers found to exist at the Federal, State, or local level, which may have limited or may have the foreseeable effect of limiting the quantities of coal combustion byproducts that are utilized. In conducting this study, the Secretary shall consult with other departments and agencies of the Federal Government, appropriate State and local governments, and the private sector.

Reports.

(2) Not later than one year after the date of enactment of this Act, the Secretary shall submit a report to the Congress containing the results of the study required by paragraph (1) and the Secretary's recommendations for action to be taken to increase the utilization of coal combustion byproducts. At a minimum, such report shall identify actions that would increase the utilization of coal combustion byproducts in—

(A) bridge and highway construction;

(B) stabilizing wastes;

(C) procurement by departments and agencies of the Federal Government and State and local governments; and

(D) federally funded or federally subsidized procurement by the private sector.

16 USC 824a-3 note.

SEC. 1335. CALCULATION OF AVOIDED COST.

Nothing in section 210 of the Public Utility Regulatory Policies Act of 1978 (Public Law 95–617) requires a State regulatory author-

ity or nonregulated electric utility to treat a cost reasonably identified to be incurred or to have been incurred in the construction or operation of a facility or a project which has been selected by the Department of Energy and provided Federal funding pursuant to the Clean Coal Program authorized by Public Law 98–473 as an incremental cost of alternative electric energy.

SEC. 1336. COAL FUEL MIXTURES. 42 USC 13365.

(3) an assessment of the market potential of such technologies, including the potential to displace imported crude oil and refined petroleum products;

(4) identification of barriers to commercialization of such technologies; and

(5) recommendations for addressing barriers to commercialization.

SEC. 1337. NATIONAL CLEARINGHOUSE. 42 USC 13366.

(a) FEASIBILITY.—(1) The Secretary shall assess the feasibility of establishing a national clearinghouse for the exchange and dissemination of technical information on technology relating to coal and coal-derived fuels.

(2) In assessing the feasibility, the Secretary shall consider whether such a clearinghouse would be appropriate for purposes of—

(A) collecting information and data on technology relating to coal, and coal-derived fuels, which can be utilized to improve environmental quality and increase energy independence;

(B) disseminating to appropriate individuals, governmental departments, agencies, and instrumentalities, institutions of higher education, and other entities, information and data collected pursuant to this section;

(C) maintaining a library of technology publications and treatises relating to technology information and data collected pursuant to this section;

(D) organizing and conducting seminars for government officials, utilities, coal companies, and other entities or institutions relating to technology using coal and coal-derived fuels that will improve environmental quality and increase energy independence;

(E) gathering information on research grants made for the purpose of improving or enhancing technology relating to the use of coal, and coal-derived fuels, which will improve environmental quality and increase energy independence;

(F) translating into English foreign research papers, articles, seminar proceedings, test results that affect, or could affect, clean coal use technology, and other documents;

(G) encouraging, during the testing of technologies, the use of coal from a variety of domestic sources, and collecting

or developing, or both, complete listings of test results using coals from all sources;

(H) establishing and maintaining an index or compilation of research projects relating to clean coal technology carried out throughout the world; and

(I) conducting economic modeling for feasibility of projects.

(b) PLAN CONTENTS.—The plan submitted under subsection (a) shall include—

(1) a description of the location, size, and projected growth in potential export markets for coal mined in the United States;

(2) the identification by country of the foreign trade barriers to the export of coal mined in the United States, including foreign coal production and utilization subsidies, tax treatment, labor practices, tariffs, quotas, and other nontariff barriers;

(3) recommendations and a plan for addressing any such trade barriers;

(4) an evaluation of existing infrastructure in the United States and any new infrastructure requirements in the United States to support an expansion of exports of coal mined in the United States, including ports, vessels, rail lines, and any other supporting infrastructure; and

(5) an assessment of environmental implications of coal exports and the identification of export opportunities for blending coal mined in the United States with coal indigenous to other countries to enhance energy efficiency and environmental performance.

42 USC 13368.

SEC. 1339. OWNERSHIP OF COALBED METHANE.

(a) FEDERAL LANDS AND MINERAL RIGHTS.—In the case of any deposit of coalbed methane where the United States is the owner of the surface estate or where the United States has transferred the surface estate but reserved the subsurface mineral estate, the Secretary of the Interior shall administer this section. This section and the definitions contained herein shall be applicable only on lands within Affected States.

Federal Register, publication.

(b) AFFECTED STATES.—Not later than 180 days after the date of enactment of this Act, the Secretary of the Interior, with the participation of the Secretary of Energy, shall publish in the Federal Register a list of Affected States which shall be comprised of States—

(1) in which the Secretary of the Interior, with the participation of the Secretary of Energy, determines that disputes, uncertainty, or litigation exist, regarding the ownership of coalbed methane gas;

(2) in which the Secretary of the Interior, with the participation of the Secretary of Energy, determines that development of significant deposits of coalbed methane gas is being impeded

by such existing disputes, uncertainty, or litigation regarding ownership of such coalbed methane;

(3) which do not have in effect a statutory or regulatory procedure or existing case law permitting and encouraging the development of coalbed methane gas within that State; and

(4) which do not have extensive development of coalbed methane gas.

The Secretary of the Interior, with the participation of the Secretary of Energy, shall revise such list of Affected States from time to time. Any Affected State shall be deleted from the list of Affected States upon the receipt by the Secretary of the Interior of a Governor's petition requesting such deletion, a State law requesting such deletion, or a resolution requesting such deletion enacted by the legislative body of the State. A Governor intending to petition the Secretary of the Interior to delete a State from the list of Affected States shall provide the State's legislative body with 6 months notice of such petition during a legislative session. At the end of such 6-month period, the Governor may petition the Secretary of the Interior to delete a State from the list of Affected States, unless during such 6-month period, the State's legislative body has enacted a law or resolution disapproving the Governor's petition. Until the Secretary of the Interior, with the participation of the Secretary of Energy, publishes a different list, the States of West Virginia, Pennsylvania, Kentucky, Ohio, Tennessee, Indiana, and Illinois shall be the Affected States, effective on the date of the enactment of this Act. The States of Colorado, Montana, New Mexico, Wyoming, Utah, Virginia, Washington, Mississippi, Louisiana, and Alabama shall not be included on the Secretary of the Interior's list of Affected States or any extension or revision thereof.

(c) FAILURE TO ADOPT STATUTORY OR REGULATORY PROCEDURE.—If an Affected State has not placed in effect, by statute or by regulation, a substantial program promoting the permitting, drilling and production of coalbed methane wells (including pooling arrangements) within that State within 3 years after becoming an Affected State, the Secretary of the Interior, with the participation of the Secretary of Energy, shall administer this section and shall promulgate such regulations as are necessary to carry out this section in that State.

(d) IMPLEMENTATION BY THE SECRETARY OF THE INTERIOR.—In implementing this section, the Secretary of the Interior, with the participation of the Secretary of Energy, shall—

(A) consider existing and future coal mining plans,

(B) preserve the mineability of coal seams, and

(C) provide for the prevention of waste and maximization of recovery of coal and coalbed methane gas in a manner which will protect the rights of all entities owning an interest in such coalbed methane resource.

(e) SPACING.—Except where State law in an Affected State contains existing spacing requirements regarding the minimum distance between coalbed methane wells and the minimum distance of a coalbed methane well from a property line, the Secretary of the Interior shall establish such requirements within 90 days after the assertion of jurisdiction pursuant to subsection (c) of this section.

(f) SPACING UNITS.—Applications to establish spacing units for the drilling and operation of coalbed methane gas wells may be

filed by any entity claiming a coalbed methane ownership interest within a proposed spacing unit. Upon receipt and approval of an application, the Secretary of the Interior shall issue an order establishing the boundaries of the coalbed methane spacing unit. Spacing units shall generally be uniform in size.

(g) DEVELOPMENT UNDER POOLING ARRANGEMENT.—Following issuance of an order establishing a spacing unit under subsection (f), and pursuant to an application for pooling filed by the entity claiming a coalbed methane ownership interest and proposing to drill a coalbed methane gas well, the Secretary of the Interior shall hold a hearing to consider the application for pooling and shall, if the criteria of this section are met, issue an order allowing the proposed pooling of acreage within the designated spacing unit for purposes of drilling and production of coalbed methane from the spacing unit. The pooling order shall not be issued before notice or a reasonable and diligent effort to provide notice has been made to each entity which may claim an ownership interest in the coalbed methane gas within such spacing unit and each such entity has been offered an opportunity to appear before the Secretary of the Interior at the hearing. Upon issuance of a pooling order, each owner or claimant of an ownership interest shall be allowed to make one of the following elections:

(1) An election to sell or lease its coalbed methane ownership interest to the unit operator at a rate determined by the Secretary of the Interior as set forth in the pooling order.

(2) An election to become a participating working interest owner by bearing a share of the risks and costs of drilling, completing, equipping, gathering, operating (including all disposal costs), plugging and abandoning the well, and receiving a share of production from the well.

(3) An election to share in the operation of the well as a nonparticipating working interest owner by relinquishing its working interest to participating working interest owners until the proceeds allocable to its share equal 300 percent of the share of such costs allocable to its interest. Thereafter, the nonparticipating working interest owner shall become a participating working interest owner.

The pooling order shall designate a unit operator who shall be authorized to drill and operate the spacing unit. The pooling order shall provide that any entity claiming an ownership interest in the coalbed methane within such spacing unit which does not make an election under the pooling order shall be deemed to have leased its coalbed methane interest to the unit operator under such terms and conditions as the pooling order may provide. No pooling order may be issued under this paragraph for any spacing unit if all entities claiming an ownership interest in the coalbed methane in the spacing unit have entered into a voluntary agreement providing for the drilling and operation of the coalbed methane gas well for the spacing unit.

(h) ESCROW ACCOUNT.—(1) Each pooling order issued under subsection (g) shall provide for the establishment of an escrow account into which the payment of costs and proceeds attributable to the conflicting interests shall be deposited and held for the interest of the claimants as follows:

(A) Each participating working interest owner, except for the unit operator, shall deposit in the escrow account its proportionate share of the costs allocable to the ownership interest

claimed by each such participating working interest owner as set forth in the pooling order issued by the Secretary of the Interior.

(B) The unit operator shall deposit in the escrow account all proceeds attributable to the conflicting interests of lessees, plus all proceeds in excess of ongoing operational expenses (including reasonable overhead costs) attributable to conflicting working interests.

(2) The Secretary of the Interior shall order payment of principal and accrued interest from the escrow account to all legally entitled entities within 30 days of receipt by the Secretary of the Interior of notification of the final legal determination of entitlement or upon agreement of all entities claiming an ownership interest in the coalbed methane gas. Upon such final determination—

(A) each legally entitled participating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest;

(B) each legally entitled nonparticipating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest, less the cost of being carried as a nonparticipating working interest owner (as determined by the election of the entity under the applicable pooling order);

(C) each entity leasing (or deemed to have leased) its coalbed methane ownership interest to the unit operator shall receive a share of the royalty proceeds (as set out in the applicable pooling order) attributable to the conflicting interests of lessees; and

(D) the unit operator shall receive the costs contributed to the escrow account by each legally entitled participating working interest owner.

The Secretary of the Interior shall enact rules and regulations for the administration and protection of funds delivered to the escrow accounts.

(i) APPROVAL OF THE SECRETARY OF THE INTERIOR.—No entity may drill any well for the production of coalbed methane gas from a coal seam, subject to the provisions of subsection (g), in an Affected State unless the drilling of such well has been approved by the Secretary of the Interior.

(j) AUTHORIZATION TO STIMULATE A COAL SEAM.—(1) No operator of a coalbed methane well may stimulate a coal seam without the written consent of each entity which, at the time that the coalbed methane operator applies for a drilling permit, is operating a coal mine, or has by virtue of his property rights in the coal the ability to operate a coal mine, located within a horizontal or vertical distance from the point of stimulation as established by the Secretary of the Interior pursuant to paragraph (3) of this subsection. In seeking the coal operator's consent, a coalbed methane well operator shall provide the coal operator with necessary information about such stimulation, including relevant information to ensure compliance with coal mine safety laws and rules.

(2) In the absence of a written consent pursuant to paragraph (1) and at the request of a coalbed methane operator, the Secretary of the Interior shall make a determination regarding stimulation of a coal seam. Such request shall include an affidavit which shall—

(A) state that an entity from which consent is required pursuant to paragraph (1) has refused to provide written consent;

(B) set forth in detail the efforts undertaken by the applicant to obtain such written consent;

(C) state the known reasons for the consent not being provided;

(D) set forth the conditions and compensation, if any, offered by the applicant as part of the efforts to obtain consent; and

(E) provide prima facie evidence that the method of stimulation proposed by the coalbed methane operator will not (i) cause unreasonable loss or damage to the coal seam considering all factors, including the prospect, taking into consideration the economics of the coal industry, that coal seams for which no actual or proposed mining plans exist will be mined at some future date, or (ii) violate mine safety requirements. If a denial of consent by a coal operator is based on reasons related to safety, the Secretary of the Interior shall seek the views and recommendations of the appropriate State or Federal coal mine safety agency. Any determination by the Secretary of the Interior shall be in accordance with all applicable Federal and State coal mine safety laws and such views and recommendations. A determination by the Secretary of the Interior approving a method of stimulation may include reasonable conditions including, but not limited to, conditions to mitigate, to the extent practicable, economic damage to the coal seam. Any determination approving or denying a method of stimulation by the Secretary of the Interior shall be subject to appeal. Interested entities shall be allowed to participate in and comment on proceedings under this paragraph.

(3) The Secretary of the Interior shall by rule establish, for an Affected State, a region thereof, or a multi-State region comprised of Affected States, the boundaries within which a coalbed methane operator shall be required to obtain written consent from a coal operator pursuant to paragraph (1). Such boundaries shall be stated in terms of a horizontal and a vertical distance from the point of stimulation and shall be determined based on an evaluation of the maximum length, height and depth of fracture producible in a coal seam in such Affected State, region thereof, or multi-State region comprised of Affected States.

(4) The consent required under this subsection shall in no way be deemed to impair, abridge, or affect any contractual rights or objections arising out of a coalbed methane gas contract or coalbed methane gas lease in existence as of the effective date of this section between the coalbed methane operator and the coal operator, and the existence of such lease or contractual agreement and any extensions or renewals of such lease shall be deemed to fully meet the requirements of this section.

(5) Nothing in this subsection precludes either a coal operator or a coalbed methane operator from seeking in the appropriate State forum compensation for the consequences of a determination by the Secretary of the Interior pursuant to paragraph (2).

(k) NOTICE AND OBJECTION.—(1) The Secretary of the Interior shall not approve the drilling of any coalbed methane well unless the unit operator has notified each entity which is operating, or has the ability, by virtue of his property rights in the coal, to

operate, a coal mine in any portion of the coalbed that would be affected by such well within the distances established pursuant to the rules promulgated under subsection (j)(3). Any notified entity may object to the drilling of such well within 30 days after receipt of a notice. Upon receipt of a timely objection to the drilling of any coalbed methane gas well submitted by a notified entity, the Secretary of the Interior may refuse to approve the drilling of the well based on any of the following:

(A) The proposed activity, due to its proximity to any coal mine opening, shaft, underground workings, or to any proposed extension of the coal mine, would adversely affect any operating, inactive or abandoned coal mine, including any coal mine already surveyed and platted but not yet being operated.

(B) The proposed activity would not conform with a coal operator's development plan for an existing or proposed operation.

(C) There would be an unreasonable interference from the proposed activity with present or future coal mining operations, including the ability to comply with other applicable laws and regulations.

(D) The presence of evidence indicating that the proposed drilling activities would be unsafe, taking into consideration the dangers from creeps, squeezes or other disturbances due to the extraction of coal.

(E) The proposed activity would unreasonably interfere with the safe recovery of coal, oil and gas.

(2) In the event the Secretary of the Interior does not approve the drilling of a coalbed methane well pursuant to paragraph (1), the Secretary of the Interior shall consider whether such drilling could be approved if the unit operator modifies the proposed activities to take into account any of the following:

(A) The proposed activity could instead be reasonably done through an existing or planned pillar of coal, or in close proximity to an existing well or such pillar of coal, taking into consideration surface topography.

(B) The proposed activity could instead be moved to a mined-out area, below the coal outcrop or to some other feasible area.

(C) The unit operator agrees to a drilling moratorium of not more than two years in order to permit completion of coal mining operations.

(D) The practicality of locating the proposed spacing unit or well on a uniform pattern with other spacing units or wells.

(l) PLUGGING.—All coalbed methane wells drilled after enactment of this Act that penetrate coal seams with remaining reserves shall provide for subsequent safe mining through the well in accordance with standards prescribed by the Secretary of the Interior, in consultation with any Federal and State agencies having authority over coal mine safety. Well plugging costs should be allocated in accordance with State law or private contractual arrangement, as the case may be.

(m) NOTICE AND OBJECTION BY OTHER PARTIES.—The Secretary of the Interior shall not approve the drilling of any coalbed methane well unless such well complies with the spacing and other requirements established by the Secretary of the Interior and each of the following:

(1) The unit operator of such well has notified, or has made a reasonable and diligent effort to notify, all entities claiming ownership of coalbed methane to be drained by such well and provided an opportunity to object in accordance with requirements established by the Secretary of the Interior.

(2) Where conflicting interests exist, an order under subsection (g) establishing pooling requirements has been issued.

The notification requirements of this subsection shall be additional to the notification referred to in subsection (k). The Secretary of the Interior shall establish the conditions under which entities claiming ownership of coalbed methane may object to the drilling of a coalbed methane well.

(n) VENTING FOR SAFETY.—Nothing in this section shall be construed to prevent or inhibit the entity which has the right to develop and mine coal in any mine from venting coalbed methane gas to ensure safe mine operations.

(o) OTHER LAWS.—The Secretary of the Interior shall comply with all applicable Federal and State coal mine safety laws and regulations.

(p) DEFINITIONS.—As used in this section—

(1) The term "Affected State" means a State listed by the Secretary of the Interior, with the participation of the Secretary of Energy, under subsection (b).

(2) The term "coalbed methane gas" means occluded natural gas produced (or which may be produced) from coalbeds and rock strata associated therewith.

(3) The term "unit operator" means the entity designated in a pooling order to develop a spacing unit by the drilling of one or more wells on the unit.

(4) The term "nonparticipating working interest owner" means a gas or oil owner of a tract included in a spacing unit which elects to share in the operation of the well on a carried basis by agreeing to have its proportionate share of the costs allocable to its interest charged against its share of production of the well in accordance with subsection (f)(3).

(5) The term "participating working interest owner" means a gas or oil owner which elects to bear a share of the risks and costs of drilling, completing, equipping, gathering, operating (including any and all disposal costs) plugging, and abandoning a well on a spacing unit and to receive a share of production from the well equal to the proportion which the acreage in the spacing unit it owns or holds under lease bears to the total acreage of the spacing unit.

(6) The term "coal seam" means any stratum of coal 20 inches or more in thickness, unless a stratum of less thickness is being commercially worked, or can in the judgment of the Secretary of the Interior forseeably be commercially worked and will require protection if wells are being drilled through it.

42 USC 13369.

SEC. 1340. ESTABLISHMENT OF DATA BASE AND STUDY OF TRANSPORTATION RATES.

(a) DATA BASE.—The Secretary shall review the information currently collected by the Federal Government and shall determine whether information on transportation rates for rail and pipeline transport of domestic coal, oil, and gas during the period of January 1, 1988, through December 31, 1997, is reasonably available. If

he determines that such information is not reasonably available, the Secretary shall establish a data base containing, to the maximum extent practicable, information on all such rates. The confidentiality of contract rates shall be preserved. To obtain data pertaining to rail contract rates, the Secretary shall acquire such data in aggregate form only from the Interstate Commerce Commission, under terms and conditions that maintain the confidentiality of such rates.

(b) STUDY.—The Energy Information Administration shall determine the extent to which any agency of the Federal Government is studying the rates and distribution patterns of domestic coal, oil, and gas to determine the impact of the Clean Air Act as amended by the Act entitled "An Act to amend the Clean Air Act to provide for attainment and maintenance of health protective national ambient air quality standards, and for other purposes.", enacted November 15, 1990 (Public Law 101-549), and other Federal policies on such rates and distribution patterns. If the Energy Information Administration finds that no such study is underway, or that reports of the results of such study will not be available to the Congress providing the information specified in this subsection and subsection (a) by the dates established in subsection (c), the Energy Information Administration shall initiate such a study.

(c) REPORTS TO CONGRESS.—Within one year after the date of enactment of this Act, the Secretary shall report to the Congress on the determination the Energy Information Administration is required to make under subsection (b). Within three years after the date of enactment of this Act, the Secretary shall submit reports on any data base or study developed under this section. Any such reports shall be updated and resubmitted to the Congress within eight years after such date of enactment. If the Energy Information Administration has determined pursuant to subsection (b) that another study or studies will provide all or part of the information called for in this section, the Secretary shall transmit the results of that study by the dates established in this subsection, together with his comments.

(d) CONSULTATION WITH OTHER AGENCIES.—The Secretary and the Energy Information Administration shall consult with the Chairmen of the Federal Energy Regulatory Commission and the Interstate Commerce Commission in implementing this section.

SEC. 1341. AUTHORIZATION OF APPROPRIATIONS. 42 USC 13370.

There are authorized to be appropriated to the Secretary for carrying out this subtitle, other than section 1322, such sums as may be necessary for fiscal years 1993 through 1998.

"(A) an emergency situation exists and there is a significant reduction in supply which is of significant scope and duration;

"(B) a severe increase in the price of petroleum products has resulted from such emergency situation; and

"(C) such price increase is likely to cause a major adverse impact on the national economy."; and

"(2) Beginning on the date of the enactment of the Energy Policy Act of 1992, the President shall take actions to enlarge the Strategic Petroleum Reserve to 1,000,000,000 barrels as rapidly as possible. Such actions may include—

"(A) petroleum acquisition, transportation, and injection activities at the highest practicable fill rate achievable, subject to the availability of appropriated funds;

"(B) contracting for petroleum product not owned by the United States as specified in part C;

"(C) contracting for petroleum product for storage in facilities not owned by the United States, except that no such product may be stored in such facilities unless petroleum product stored in facilities owned by the United States on the date such product is delivered for storage is at least 750,000,000 barrels;

(B) in the nature of the services provided which were a basis for the rate; or

(2) the person filing the complaint was under a contractual prohibition against the filing of a complaint which was in effect on the date of enactment of this Act and had been in effect prior to January 1, 1991, provided that a complaint by a party bound by such prohibition is brought within 30 days after the expiration of such prohibition.

If the Commission determines pursuant to a proceeding instituted as a result of a complaint under section 13 of the Interstate Commerce Act that the rate is not just and reasonable, the rate shall not be deemed to be just and reasonable. Any tariff reduction or refunds that may result as an outcome of such a complaint shall be prospective from the date of the filing of the complaint.

(c) LIMITATION REGARDING UNDULY DISCRIMINATORY OR PREFERENTIAL TARIFFS.—Nothing in this section shall prohibit any aggrieved person from filing a complaint under section 13 or section 15(1) of the Interstate Commerce Act challenging any tariff provision as unduly discriminatory or unduly preferential.

"(3) ADJUSTMENTS FOR MEDICARE REDUCTIONS.—If, by reason of a reduction in benefits under title XVIII of the Social Security Act, the level of health benefits under the Combined Fund would be reduced, the trustees of the Combined Fund shall increase the per beneficiary premium for the plan year in which the reduction occurs and each subsequent plan year by the amount necessary to maintain the level of health benefits which would have been provided without such reduction.

"(c) DEATH BENEFIT PREMIUM.—The death benefit premium for any plan year for any assigned operator shall be equal to the applicable percentage of the amount, actuarially determined, which the Combined Fund will be required to pay during the plan year for death benefits coverage described in section 9703(c).

"(ii) interest credited under paragraph (2)(B) for the plan year or any preceding plan year.

"(C) NO AUTHORITY FOR INCREASED PAYMENTS.—Nothing in this paragraph shall be construed to allow expenditures for health care benefits for any plan year in excess of the limit under section 9703(b)(2).

"(2) ANNUAL ADJUSTMENTS.—In the case of any plan year beginning on or after October 1, 1994, the applicable percentage for any assigned operator shall be redetermined under paragraph (1) by making the following changes to the assignments as of October 1, 1993:

"(4) TAX TREATMENT; VALIDITY OF TRANSFER.—

"(A) NO DEDUCTION.—No deduction shall be allowed under this title with respect to any transfer pursuant to

"(5) TREATMENT OF TRANSFER.—Any transfer pursuant to paragraph (1) shall not be deemed to violate, or to be prohibited by, any provision of law, or to cause the settlors, joint board of trustees, employers or any related person to incur or be subject to liability, taxes, fines, or penalties of any kind whatsoever.

"(b) TRANSFERS FROM ABANDONED MINE RECLAMATION FUND.—

"(2) REASSIGNMENT UPON PURCHASE.—If a person becomes a successor of an assigned operator after the enactment date, the assigned operator may transfer the assignment of an eligible beneficiary under subsection (a) to such successor, and such successor shall be treated as the assigned operator with respect to such eligible beneficiary for purposes of this chapter. Notwithstanding the preceding sentence, the assigned operator transferring such assignment (and any related person) shall remain the guarantor of the benefits provided to the eligible beneficiary under this chapter. "(f) RECONSIDERATION BY SECRETARY.—

"(1) IN GENERAL.—Any assigned operator receiving a notice under subsection (e)(2) with respect to an eligible beneficiary may, within 30 days of receipt of such notice, request from the Secretary of Health and Human Services detailed information as to the work history of the beneficiary and the basis of the assignment.

"(2) REVIEW.—An assigned operator may, within 30 days of receipt of the information under paragraph (1), request review of the assignment. The Secretary of Health and Human Services shall conduct such review if the Secretary finds the operator provided evidence with the request constituting a prima facie case of error.

"(3) RESULTS OF REVIEW.—

"(A) ERROR.—If the Secretary of Health and Human Services determines under a review under paragraph (2) that an assignment was in error—

"(i) the Secretary shall notify the assigned operator and the trustees of the Combined Fund and the trustees shall reduce the premiums of the operator under section 9704 by (or if there are no such premiums, repay) all premiums paid under section 9704 with respect to the eligible beneficiary, and

"(2) ending on the date of payment of such premium or installment.

"(d) LIMITATIONS ON AMOUNT OF PENALTY.—

"(1) IN GENERAL.—No penalty shall be imposed by subsection (a) on any failure during any period for which it is established to the satisfaction of the Secretary of the Treasury that none of the persons responsible for such failure knew, or exercising reasonable diligence, would have known, that such failure existed.

"(2) CORRECTIONS.—No penalty shall be imposed by subsection (a) on any failure if—

"(B) such failure is corrected during the 30-day period beginning on the 1st date that any of the persons responsible for such failure knew, or exercising reasonable diligence would have known, that such failure existed.

"(3) WAIVER.—In the case of a failure that is due to reasonable cause and not to willful neglect, the Secretary of the Treasury may waive all or part of the penalty imposed by subsection (a) for failures to the extent that the Secretary determines, in his sole discretion, that the payment of such penalty would be excessive relative to the failure involved.

"(e) LIABILITY FOR PENALTY.—The person failing to meet the requirements of section 9704 shall be liable for the penalty imposed by subsection (a).

"(f) TREATMENT.—For purposes of this title, the penalty imposed by this section shall be treated in the same manner as the tax imposed by section 4980B.

Such coverage shall continue for as long as the last signatory operator (and any related person) remains in business.

"(c) JOINT AND SEVERAL LIABILITY OF RELATED PERSONS.—Each related person of a last signatory operator to which subsection (a) or (b) applies shall be jointly and severally liable with the last signatory operator for the provision of health care coverage described in subsection (a) or (b).

"(d) MANAGED CARE AND COST CONTAINMENT.—The last signatory operator shall not be treated as failing to meet the requirements of subsection (a) or (b) if benefits are provided to eligible beneficiaries under managed care and cost containment rules and procedures described in section 9712(c) or agreed to by the last signatory operator and the United Mine Workers of America.

"(e) TREATMENT OF NONCOVERED EMPLOYEES.—The existence, level, and duration of benefits provided to former employees of a last signatory operator (and their eligible beneficiaries) who are not otherwise covered by this chapter and who are (or were) covered by a coal wage agreement shall only be determined by, and shall be subject to, collective bargaining, lawful unilateral action, or other applicable law.

"(f) ELIGIBLE BENEFICIARY.—For purposes of this section, the term 'eligible beneficiary' means any individual who is eligible for health benefits under a plan described in subsection (a) or (b) by reason of the individual's relationship with the retiree described in such subsection (or to an individual who, based on service and employment history at the time of death, would have been so described but for such death).

"(g) RULES APPLICABLE TO THIS PART AND PART II.—For purposes of this part and part II—

"(1) SUCCESSOR.—The term 'last signatory operator' shall include a successor in interest of such operator.

"(2) REASSIGNMENT UPON PURCHASE.—If a person becomes a successor of a last signatory operator after the enactment date, the last signatory operator may transfer any liability of such operator under this chapter with respect to an eligible beneficiary to such successor, and such successor shall be treated as the last signatory operator with respect to such eligible beneficiary for purposes of this chapter. Notwithstanding the preceding sentence, the last signatory operator transferring such assignment (and any related person) shall remain the guarantor of the benefits provided to the eligible beneficiary under this chapter. "PART II—1992 UMWA BENEFIT PLAN

"Sec. 9712. Establishment and coverage of 1992 UMWA Benefit Plan.

"SEC. 9712. ESTABLISHMENT AND COVERAGE OF 1992 UMWA BENEFIT PLAN.

"(a) CREATION OF PLAN.—

"(1) IN GENERAL.—As soon as practicable after the enactment date, the settlors shall create a separate private plan which shall be known as the United Mine Workers of America 1992 Benefit Plan. For purposes of this title, the 1992 UMWA Benefit Plan shall be treated as an organization exempt from taxation under section 501(a). The settlors shall be responsible for designing the structure, administration and terms of the 1992 UMWA Benefit Plan, and for appointment and removal of the members of the board of trustees. The board of trustees shall initially consist of five members and shall thereafter be the number set by the settlors.

"(2) TREATMENT OF PLAN.—The 1992 UMWA Benefit Plan shall be—

"(A) a plan described in section 302(c)(5) of the Labor Management Relations Act, 1947 (29 U.S.C. 186(c)(5)),

"(B) an employee welfare benefit plan within the meaning of section 3(1) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002(1)), and

"(C) a multiemployer plan within the meaning of section 3(37) of such Act (29 U.S.C. 1002(37)).

"(b) COVERAGE REQUIREMENT.—

"(1) IN GENERAL.—The 1992 UMWA Benefit Plan shall only provide health benefits coverage to any eligible beneficiary who is not eligible for benefits under the Combined Fund and shall not provide such coverage to any other individual.

"(2) ELIGIBLE BENEFICIARY.—For purposes of this section, the term 'eligible beneficiary' means an individual who—

"(A) but for the enactment of this chapter, would be eligible to receive benefits from the 1950 UMWA Benefit Plan or the 1974 UMWA Benefit Plan, based upon age and service earned as of February 1, 1993; or

"(B) with respect to whom coverage is required to be provided under section 9711, but who does not receive such coverage from the applicable last signatory operator or any related person,

and any individual who is eligible for benefits by reason of a relationship to an individual described in subparagraph (A) or (B). In no event shall the 1992 UMWA Benefit Plan provide health benefits coverage to any eligible beneficiary who is a coal industry retiree who retired from the coal industry after September 30, 1994, or any beneficiary of such individual.

"(c) HEALTH BENEFITS.—

"(1) IN GENERAL.—The 1992 UMWA Benefit Plan shall provide health care benefits coverage to each eligible beneficiary which is substantially the same as (and subject to all the limitations of) coverage provided under the 1950 UMWA Benefit Plan and the 1974 UMWA Benefit Plan as of January 1, 1992.

"(2) MANAGED CARE.—The 1992 UMWA Benefit Plan shall develop managed care and cost containment rules which shall be applicable to the payment of benefits under this subsection. Application of such rules shall not cause the plan to be treated as failing to meet the requirements of this subsection. Such rules shall preserve freedom of choice while reinforcing managed care network use by allowing a point of service decision

as to whether a network medical provider will be used. Major elements of such rules may include, but are not limited to, elements described in paragraph (3).

"(3) MAJOR ELEMENTS OF RULES.—Elements described in this paragraph are—

"(A) implementing formulary for drugs and subjecting the prescription program to a rigorous review of appropriate use,

"(B) obtaining a unit price discount in exchange for patient volume and preferred provider status with the amount of the potential discount varying by geographic region,

"(C) limiting benefit payments to physicians to the allowable charge under title XVIII of the Social Security Act, while protecting beneficiaries from balance billing by providers,

"(D) utilizing, in the claims payment function 'appropriateness of service' protocols under title XVIII of the Social Security Act if more stringent,

"(E) creating mandatory utilization review (UR) procedures, but placing the responsibility to follow such procedures on the physician or hospital, not the beneficiaries,

"(F) selecting the most efficient physicians and state-of-the-art utilization management techniques, including ambulatory care techniques, for medical services delivered by the managed care network, and

"(G) utilizing a managed care network provider system, as practiced in the health care industry, at the time medical services are needed (point-of-service) in order to receive maximum benefits available under this subsection.

"(4) LAST SIGNATORY OPERATORS.—The board of trustees of the 1992 UMWA Benefit Plan shall permit any last signatory operator required to maintain an individual employer plan under section 9711 to utilize the managed care and cost containment rules and programs developed under this subsection if the operator elects to do so.

"(5) STANDARDS OF QUALITY.—Any managed care system or cost containment adopted by the board of trustees of the 1992 UMWA Benefit Plan or by a last signatory operator may not be implemented unless it is approved by, and meets the standards of quality adopted by, a medical peer review panel, which has been established—

"(A) by the settlors, or

"(B) by the United Mine Workers of America and a last signatory operator or group of operators.

Standards of quality shall include accessibility to medical care, taking into account that accessibility requirements may differ depending on the nature of the medical need.

"(d) GUARANTEE OF BENEFITS.—

"(1) IN GENERAL.—All 1988 last signatory operators shall be responsible for financing the benefits described in subsection (c), in accordance with contribution requirements established in the 1992 UMWA Benefit Plan. Such contribution requirements, which shall be applied uniformly to each 1988 last signatory operator, on the basis of the number of eligible and potentially eligible beneficiaries attributable to each operator, shall include:

"(A) the payment of an annual prefunding premium for all eligible and potentially eligible beneficiaries attributable to a 1988 last signatory operator,

"(B) the payment of a monthly per beneficiary premium by each 1988 last signatory operator for each eligible beneficiary of such operator who is described in subsection (b)(2) and who is receiving benefits under the 1992 UMWA Benefit Plan, and

"(C) the provision of security (in the form of a bond, letter of credit or cash escrow) in an amount equal to a portion of the projected future cost to the 1992 UMWA Benefit Plan of providing health benefits for eligible and potentially eligible beneficiaries attributable to the 1988 last signatory operator. If a 1988 last signatory operator is unable to provide the security required, the 1992 UMWA Benefit Plan shall require the operator to pay an annual prefunding premium that is greater than the premium otherwise applicable.

"(2) ADJUSTMENTS.—The 1992 UMWA Benefit Plan shall provide for—

"(A) annual adjustments of the per beneficiary premium to cover changes in the cost of providing benefits to eligible beneficiaries, and

"(B) adjustments as necessary to the annual prefunding premium to reflect changes in the cost of providing benefits to eligible beneficiaries for whom per beneficiary premiums are not paid.

"(3) ADDITIONAL LIABILITY.—Any last signatory operator who is not a 1988 last signatory operator shall pay the monthly per beneficiary premium under paragraph (1)(B) for each eligible beneficiary described in such paragraph attributable to that operator.

Such studies shall be completed within 2 years after the date of enactment of this Act and transmitted to the Committee on Energy and Natural Resources and the Committee on Environment and Public Works of the United States Senate and to the Committee on Energy and Commerce, the Committee on Interior and Insular Affairs, and the Committee on Public Works and Transportation of the United States House of Representatives. An individual study shall be prepared for each of the Nation's principal river basins. Each such study shall identify and describe with specificity the following matters:

(1) opportunities to improve the efficiency of hydroelectric generation at such facilities through, but not limited to, mechanical, structural, or operational changes;

(2) opportunities to improve the efficiency of the use of water supplied or regulated by Federal projects where such improvement could, in the absence of legal or administrative constraints, make additional water supplies available for hydroelectric generation or reduce project energy use;

(3) opportunities to create additional generating capacity at existing facilities through, but not limited to, the construction of additional generating units, the uprating of generators and turbines, and the construction of pumped storage facilities; and

(4) preliminary assessment of the costs and the economic and environmental consequences of such measures.

(b) EXCEPTION FOR PREVIOUS STUDIES.—In those cases where studies of the type required by this section have been prepared by any agency of the United States and published within the ten years prior to the date of enactment of this Act, the Secretary may choose not to perform new studies but incorporate the information developed by such studies into the study reports required by this section.

(c) AUTHORIZATION.—There is authorized to be appropriated in each of the fiscal years 1993, 1994, and 1995 such sums as may be necessary to carry out the purposes of this section.

(a) STUDIES.—The Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388), and Acts supplementary thereto and amendatory thereof, is authorized and directed to conduct feasibility investigations of opportunities to increase the amount of hydroelectric energy available for marketing by the Secretary from Federal hydroelectric power generation facilities resulting from a reduction in the consumptive use of such power for Federal reclamation project purposes or as a result of an increase in the amount of water available for such generation because of water conservation efforts on Federal reclamation projects or a combination thereof. The Secretary of the Interior is further authorized and directed to conduct feasibility investigations of opportunities to mitigate damages to or enhance fish and wildlife as a result of increasing the amount of water available for such purposes because of water conservation efforts on Federal reclamation projects. Such feasibility investigations shall include, but not be limited to—

(1) an analysis of the technical, environmental, and economic feasibility of reducing the amount of water diverted upstream of such Federal hydroelectric power generation facilities by Federal reclamation projects;

(2) an estimate of the reduction, if any, of project power consumed as a result of the decreased amount of diversion;

(3) an estimate of the increase in the amount of electrical energy and related revenues which would result from the marketing of such power by the Secretary;

(4) an estimate of the fish and wildlife benefits which would result from the decreased or modified diversions;

(5) a finding by the Secretary of the Interior that the activities proposed in the feasibility study can be carried out in accordance with applicable Federal and State law, interstate compacts and the contractual obligations of the Secretary; and

(6) a finding by the affected Federal Power Marketing Administrator that the hydroelectric component of the proposed water conservation feature is cost-effective and that the affected Administrator is able to market the hydro-electric power expected to be generated.

(b) CONSULTATION.—In preparing feasibility studies pursuant to this section, the Secretary of the Interior shall consult with, and seek the recommendations of, affected State, local and Indian tribal interests, and shall provide for appropriate public comment.

(c) AUTHORIZATION.—There is hereby authorized to be appropriated to the Secretary of the Interior such sums as may be necessary to carry out this section.

(1) such terms and conditions as the Fish and Wildlife Service, National Marine Fisheries Service, and the State agency each determine are appropriate to prevent loss of, or damage to, such resources and to otherwise carry out the purposes of such Act, and

(2) such terms and conditions as the Commission deems appropriate to ensure that such facility continues to comply with the provisions of this section and terms and conditions included in any such exemption.

(d) ENFORCEMENT.—Any violation of a term or condition of any exemption granted under subsection (a) shall be treated as a violation of a rule or order of the Commission under the Federal Power Act.

(e) FEES.—The Commission may establish fees which shall be paid by an applicant for a license or exemption for a project that is required to meet terms and conditions set by fish and wildlife agencies under subsection (c). Such fees shall be adequate to reimburse the fish and wildlife agencies referred to in subsection (c) for any reasonable costs incurred in connection with any studies or other reviews carried out by such agencies for purposes of compliance with this section. Such information may include information regarding field test processes and techniques for assuring that hot dry rock geothermal energy development projects are developed in an economically feasible manner without adverse environmental

consequences. Utilizing the information developed by the Secretary, together with information developed in connection with other related programs carried out by other Federal agencies, the Secretary, acting through the United States Geological Survey, may also enter into contracts and cooperative agreements with any public or private entity to provide assistance to any such entity to enable such entity to carry out additional projects with respect to the utilization of hot dry rock geothermal energy resources which will further the purposes of this section.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necesary to carry out this section.

SEC. 2502. HOT DRY ROCK GEOTHERMAL ENERGY IN EASTERN UNITED STATES.

The United States Geological Survey, in collaboration with the Secretary of Energy, shall convene a workshop of interested governmental and private parties to discuss the regional potential for hot dry rock geothermal energy in the Eastern United States. The purpose of the workshop shall be to review the status of recoverability of hot dry rock energy in the Eastern United States and to determine what geologic, technological, and economic obstacles need to be overcome to make the utilization of hot dry rock energy feasible. "(e) MODIFICATION OF PROHIBITION.—After the date of enactment of this subsection, the prohibition of subsection (c) shall not apply to a permit application due to any violation resulting from an unanticipated event or condition at a surface coal mining operation on lands eligible for remining under a permit held by the person making such application. As used in this subsection, the term 'violation' has the same meaning as such term has under subsection (c). The authority of this subsection and section 515(b)(20)(B) shall terminate on September 30, 2004.".

(b) PERIOD OF RESPONSIBILITY.—Section 515(b)(20) of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1265(b)(20)) is amended as follows:

(1) Insert "(A)" after "(20)".

(2) Add the following new subparagraph at the end thereof:

"(B) on lands eligible for remining assume the responsibility for successful revegetation for a period of two full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to assure compliance with the applicable standards, except in those areas or regions of the country where the annual average precipitation is twenty-six inches or less, then the operator's assumption of responsibility and liability will be extended for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or

other work in order to assure compliance with the applicable standards.".

(c) DEFINITIONS.—Section 701 of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1291) is amended by striking the period at the end of paragraph (32) and inserting a semicolon in lieu thereof, and by adding the following new paragraphs at the end thereof:

"(33) the term 'unanticipated event or condition' as used in section 510(e) means an event or condition encountered in a remining operation that was not contemplated by the applicable surface coal mining and reclamation permit; and

"(34) the term 'lands eligible for remining' means those lands that would otherwise be eligible for expenditures under section 404 or under section 402(g)(4).".

(d) ELIGIBILITY.—Section 404 of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1234) is amended by adding the following new sentence at the end thereof: "Surface coal mining operations on lands eligible for remining shall not affect the eligibility of such lands for reclamation and restoration under this title after the release of the bond or deposit for any such operation as provided under section 519. In the event the bond or deposit for a surface coal mining operation on lands eligible for remining is forfeited, funds available under this title may be used if the amount of such bond or deposit is not sufficient to provide for adequate reclamation or abatement, except that if conditions warrant the Secretary shall immediately exercise his authority under section 410.".

Regulations. Federal Register, publication. 30 USC 1251a.

(e) ABANDONED COAL REFUSE SITES.—(1) Notwithstanding any other provision of the Surface Mining Control and Reclamation Act of 1977 to the contrary, the Secretary of the Interior shall, within one year after the enactment of this Act, publish proposed regulations in the Federal Register, and after opportunity for public comment publish final regulations, establishing environmental protection performance and reclamation standards, and separate permit systems applicable to operations for the on-site reprocessing of abandoned coal refuse and operations for the removal of abandoned coal refuse on lands that would otherwise be eligible for expenditure under section 404 and section 402(g)(4) of the Surface Mining Control and Reclamation Act of 1977.

(2) The standards and permit systems referred to in paragraph (1) shall distinguish between those operations which reprocess abandoned coal refuse on-site, and those operations which completely remove abandoned coal refuse from a site for the direct use of such coal refuse, or for the reprocessing of such coal refuse, at another location. Such standards and permit systems shall be premised on the distinct differences between operations for the on-site reprocessing, and operations for the removal, of abandoned coal refuse and other types of surface coal mining operations.

(3) The Secretary of the Interior may devise a different standard than any of those set forth in section 515 and section 516 of the Surface Mining Control and Reclamation Act of 1977, and devise a separate permit system, if he determines, on a standard-by-standard basis, that a different standard may facilitate the on-site reprocessing, or the removal, of abandoned coal refuse in a manner that would provide the same level of environmental protection as under section 515 and section 516.

(4) Not later than 30 days prior to the publication of the proposed regulations referred to in this subsection, the Secretary shall submit a report to the Committee on Interior and Insular Affairs of the United States House of Representatives, and the Committee on Energy and Natural Resources of the United States Senate containing a detailed description of any environmental protection performance and reclamation standards, and separate permit systems, devised pursuant to this subsection.

Repair of damage shall include rehabilitation, restoration, or replacement of the damaged occupied residential dwelling and structures related thereto, or non-commercial building. Compensation shall be provided to the owner of the damaged occupied residential dwelling and structures related thereto or non-commercial building and shall be in the full amount of the diminution in value resulting from the subsidence. Compensation may be accomplished by the purchase, prior to mining, of a noncancellable premium-prepaid insurance policy.

"(2) Promptly replace any drinking, domestic, or residential water supply from a well or spring in existence prior to the application for a surface coal mining and reclamation permit, which has been affected by contamination, diminution, or interruption resulting from underground coal mining operations.

Nothing in this section shall be construed to prohibit or interrupt underground coal mining operations.

"(b) REGULATIONS.—Within one year after the date of enactment of this section, the Secretary shall, after providing notice and opportunity for public comment, promulgate final regulations to implement subsection (a).".

30 USC 1309a note.

(2)(A) The Secretary of the Interior shall review existing requirements related to underground coal mine subsidence and natural gas and petroleum pipeline safety. Such review shall consider the following with respect to subsidence: notification; mitigation; coordination; requirements of the Natural Gas Pipeline Safety Act and the Hazardous Liquid Pipeline Safety Act; and the status of Federal, State and local laws, as well as common law, with respect to prevention or mitigation of damage from subsidence.

(B) The review shall also include a survey of the status of Federal, State, and local laws, as well as common law, with respect to the responsibilities of the relevant parties for costs resulting from damage due to subsidence or from mitigation efforts undertaken to prevent damage from subsidence.

(C) In conducting the review, the Secretary of the Interior shall consult with the Secretary of Transportation, the Attorney

General of the United States, appropriate officials of relevant States, and owners and representatives of natural gas and petroleum pipeline companies and coal companies.

Where appropriate, the Secretary of the Interior shall commence a rulemaking to address any deficiencies in existing law determined in the review under subparagraph (A) regarding notification, coordination and mitigation. Reports.

(b) VALID EXISTING RIGHTS.—During the 1-year period following the enactment of this Act, in administering the provisions of the Surface Mining Control and Reclamation Act of 1977 regarding valid existing rights, the Secretary of the Interior shall continue in force and effect the policies of the Office of Surface Mining as set forth in the November 10, 1986 Statement of Policy published in 51 Federal Register 41952.

(c) RESEARCH.—(1) Section 401(c)(6) of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1231(c)(6)) is amended as follows:

(2) not discourage any local authority which allows the use of geothermal heat pumps from—

(A) inspecting, at any reasonable time, geothermal heat pump connections to the water system to ensure the exclusive use of the public or private water supply to the geothermal heat pump system; and

(B) requiring that geothermal heat pump systems be designed and installed in a manner that eliminates any risk of contamination to the public water supply.

(a) FINDINGS.—The Congress finds that—

(C) to recommend to the participating governments actions and policies that will enhance energy and environmental cooperation and coordination among the countries of the Western Hemisphere and the world.

(2) COMPOSITION OF THE COMMISSION.—The Commission shall include representatives of—

(A) the respective foreign energy and environmental ministries or departments of the participating governments;

(B) the parliamentary or legislative bodies with legislative responsibilities for energy and environmental matters; and

(1) small business concerns controlled by socially and economically disadvantaged individuals or women;

(2) historically Black colleges and universities; or

(3) colleges and universities having a student body in which more than 20 percent of the students are Hispanic Americans or Native Americans.

(b) DEFINITIONS.—For purposes of this section, the following definitions shall apply:

(1) The term "small business concern" has the meaning such term has under section 3 of the Small Business Act (15 U.S.C. 632). However, for purposes of contracts and subcontracts requiring engineering services the applicable size standard shall be that established for military and aerospace equipment and military weapons.

(2) The term "socially and economically disadvantaged individuals" has the meaning such term has under section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and relevant subcontracting regulations promulgated pursuant thereto.

The Act of September 21, 1959, entitled "An Act to provide for the establishment of the Minute Man National Historical Park in Massachusetts, and for other purposes" (Public Law 86-321; 73 Stat. 590; 16 U.S.C. 410s and following) is amended by striking so much of the first section as follows the first sentence thereof (including all of subsections (b) and (c)) and inserting the following: "The purposes of the park shall include the preservation and interpretation of (1) the historic landscape along the road between Lexington and Concord, (2) sites associated with the causes and consequences of the American Revolution, and (3) the Wayside on Lexington Road in Concord, the home of Nathaniel Hawthorne, Bronson Alcott, Louisa May Alcott, and Margaret Sidney, whose works illustrate the nineteenth century American literary renaissance.

"(b) The park shall be comprised of the lands depicted on the map entitled 'Boundary Map NARO-406-20015C', dated June 1991.".

16 USC 410t.

(3) Section 2 is amended by inserting "(a)" after "SEC. 2." and by adding the following at the end thereof:

"(b) The Secretary of the Interior shall transfer, without reimbursement, to the administrative jurisdiction of the Secretary of Defense the two parcels currently administered by the Secretary of the Interior, as depicted on the map dated April 1990 and numbered NARO-406/80805. The Secretary of Defense shall transfer to the administrative jurisdiction of the Secretary of the Interior, without reimbursement, for inclusion in the Minute Man National Historical Park the 4 parcels now administered by the Secretary of Defense, as depicted on the maps dated April 1990 and numbered NARO-406/80804 and NARO-406/80805.

Gifts and property.

"(c) The Secretary of the Interior is authorized to acquire by donation, purchase with donated or appropriated funds, or exchange, lands or interests in lands within the areas included within the boundaries of the park pursuant to amendments made by the Minute Man National Historical Park Amendments of 1991 (hereinafter referred to as '1991 additions'), except that—

"(1) lands, and interests in lands, within the 1991 additions which are owned by the State of Massachusetts or any political subdivision thereof, may be acquired only by donation, and

"(2) lands, and interests in lands, within the 1991 additions which are used for noncommercial residential purposes as of July 1, 1991, may be acquired only with the consent of the owner thereof unless the property is being developed, or is proposed to be developed, in a manner which the Secretary determines to be detrimental to the scenic, historical, cultural, and other values of the park.

Nothing in paragraph (2) shall be construed to prohibit the use of condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances for any lands within the 1991 additions. Not later than 6 months after the enactment of the Minute Man National Historical Park Amendments of 1991, and after notice and opportunity for public comment, the Secretary of the Interior shall publish specific guidelines for making determinations under paragraph (2). Such guidelines shall provide for (A) written notice to the Secretary prior to commencement of any proposed development on the lands referred to in paragraph (2), (B) written notice by the Secretary to the owner of such lands of any determination proposed to be made under paragraph (2), and (C) a reasonable opportunity for the owner to comment on such proposed determination.

The owner shall elect the term to be reserved.

"(2) Unless the property is wholly or partially donated, the Secretary shall pay to the owner reserving a right of use and occupancy under this subsection the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner.

the Secretary of the Interior shall offer to extend such residential special use permit for a term ending on the death of such individual or such individual's spouse, whichever is later.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Membrane Processes Research Act of 1992".

42 USC 10341.

SEC. 2. FINDINGS.

The Congress finds that—

(1) there is an increasing threat of impairment to the quantity and quality of the Nation's water resources due to, among other things, growing national needs, recurring drought in the Western States, point and nonpoint source pollution, and saltwater intrusion into existing groundwater supplies;

(2) many communities in the United States have water supplies containing high salinity levels or contaminants which pose health risks;

As part of such an inspection, the Secretary may copy any material, record, or information inspected or require it to be submitted to the Secretary. Such an inspection may be made only upon the presentation of identification to the owner, operator, or agent in charge of the laboratory being inspected.

The term of each member of a planning committee who is not also a school board member shall expire on June 30th of the third year following his appointment. The existence of any planning committee may be terminated either by vote of a majority of its members or by joint action of the commissioners. In forming and appointing members to an interstate school district planning board, the commissioners shall consider and take into account recommendations and nominations made by school boards of member districts. No member of a planning committee shall be disqualified because he is at the same time a member of another planning board or committee created under this compact or under any other provisions of law. An existing informal interstate school planning committee may be reconstituted as a formal planning committee in accordance with the provisions hereof, and its previous deliberations adopted and ratified by the reorganized formal planning committee. Vacancies on a planning committee shall be filled by the commissioners acting jointly.

"B. OPERATING PROCEDURES OF PLANNING COMMITTEE.—Each interstate school district planning committee shall meet in the first instance at the call of any member, and shall organize by the election of a chairman and clerk-treasurer, each of whom shall be a resident of a different state. Subsequent meetings may be called by either officer of the committee. The members of the committee shall serve without pay. The member districts shall appropriate money on an equal basis at each annual meeting to meet the expenses of the committee, including the cost of publication and distribution of reports and advertising. From time to time the commissioners may add additional members and additional member districts to the committee, and may remove members and member districts from the committee. An interstate school district planning committee shall act by majority vote of its membership present and voting.

"C. DUTIES OF INTERSTATE SCHOOL DISTRICT PLANNING COMMITTEE.—It shall be the duty of an interstate school district planning committee, in consultation with the commissioners and the state departments of education: to study the advisability of establishing an interstate school district in accordance with the standards set forth in paragraph A, its organization, operation and control, and the advisability of constructing, maintaining and operating a school or schools to serve the needs of such interstate district; to estimate the construction and operating costs thereof; to investigate the methods of financing such school or schools, and any other matters pertaining to the organization and operation of an interstate school district; and to submit a report or reports of its findings and recommendations to the several member districts. Reports.

"D. RECOMMENDATIONS AND PREPARATION OF ARTICLES OF AGREEMENT.—An interstate school district planning committee may recommend that an interstate school district composed of all the member districts represented by its membership, or any specified combination of such member districts, be established. If the planning committee does recommend the establishment of an interstate school district, it shall include in its report such recommendation, and shall prepare and include in its report proposed articles of agreement for the proposed interstate school district, which shall be signed by at least a majority of the membership of the planning committee, which set forth the following:

"a. The name of the interstate school district.

"b. The member districts which shall be combined to form the proposed interstate school district.

"c. The number, composition, method of selection and terms of office of the interstate school board, provided that:

"(1) The interstate school board shall consist of an odd number of members, not less than 5 nor more than 15;

"(2) The terms of office shall not exceed 3 years;

"(3) Each member district shall be entitled to elect at least one member of the interstate school board. Each member district shall either vote separately at the interstate school district meeting by the use of a distinctive ballot, or shall choose its member or members at any other election at which school officials may be chosen;

"(4) The method of election shall provide for the filing of candidacies in advance of election and for the use of a printed nonpartisan ballot;

"(5) Subject to the foregoing, provision may be made for the election of one or more members at large.

"d. The grades for which the interstate school district shall be responsible.

"e. The specific properties of member districts to be acquired initially by the interstate school district and the general location of any proposed new schools to be initially established or constructed by the interstate school district.

"f. The method of apportioning the operating expenses of the interstate school district among the several member districts, and the time and manner of payments of such shares.

"g. The indebtedness of any member district which the interstate district is to assume.

"h. The method of apportioning the capital expenses of the interstate school district among the several member districts, which need not be the same as the method of apportioning operating expenses, and the time and manner of payment of such shares. Capital expenses shall include the cost of acquiring land and buildings for school purposes; the construction, furnishing and equipping of school buildings and facilities; and the payment of the principal and interest of any indebtedness which is incurred to pay for the same.

"i. The manner in which state aid, available under the laws of either New Hampshire or Maine, shall be allocated, unless otherwise expressly provided in this compact or by the laws making such aid available.

"j. The method by which the articles or agreement may be amended, which amendments may include the annexation of territory, or an increase or decrease in the number of grades for which the interstate district shall be responsible, provided that no amendment shall be effective until approved by both state boards in the same manner as required for approval of the original articles of agreement.

"k. The date of operating responsibility of the proposed interstate school district and a proposed program for the assumption of operating responsibility for education by the proposed interstate school district, and any school construction; which the interstate school district shall have the power to vary by vote as circumstances may require.

"l. Any other matters, not incompatible with law, which the interstate school district planning committee may consider appropriate to include in the articles of agreement, including, without limitation:

"(1) The method of allocating the cost of transportation between the interstate district and member districts;

"(2) The nomination of individual school directors to serve until the first annual meeting of the interstate school district.

"E. HEARINGS.—If the planning committee recommends the formation of an interstate school district, it shall hold at least one public hearing on its report and the proposed articles of agreement within the proposed interstate school district in Maine, and at least one public hearing thereon within the proposed interstate school district in New Hampshire. The planning committee shall give such notice thereof as it may determine to be reasonable, provided that such notice shall include at least one publication in a newspaper of general circulation within the proposed interstate

school district not less than 15 days, not counting the date of publication and not counting the date of the hearing, before the date of the first hearing. Such hearings may be adjourned from time to time and from place to place. The planning committee may revise the proposed articles of agreement after the date of the hearings. It shall not be required to hold further hearings on the revised articles of agreement but may hold one or more further hearings after notice similar to that required for the first hearings if the planning committee in its sole discretion determines that the revisions are so substantial in nature as to require further presentation to the public before submission to the state boards of education.

"F. APPROVAL BY STATE BOARDS.—After the hearings a copy of the proposed articles of agreement, as revised, signed by a majority of the planning committee, shall be submitted by it to each state board. The state boards may if they find that the articles of agreement are in accord with the standards set forth in this compact and in accordance with sound educational policy, approve the same as submitted, or refer them back to the planning committee for further study. The planning committee may make additional revisions to the proposed articles of agreement to conform to the recommendations of the state boards. Further hearings on the proposed articles of agreement shall not be required unless ordered by the state boards in their discretion. In exercising such discretion, the state boards shall take into account whether or not the additional revisions are so substantial in nature as to require further presentation to the public. If both state boards find that the articles of agreement as further revised are in accord with the standards set forth in this compact and in accordance with sound educational policy, they shall approve the same. After approval by both state boards, each state board shall cause the articles of agreement to be submitted to the school boards of the several member districts in each state for acceptance by the member districts as provided in paragraph G. At the same time, each state board shall designate the form of warrant, date, time, place, and period of voting for the special meeting of the member district to be held in accordance with paragraph G.

"G. ADOPTION BY MEMBER DISTRICTS.—Upon receipt of written notice from the state board in its state of the approval of the articles of agreement by both state boards, the school board of each member district shall cause the articles of agreement to be filed with the member district clerk. Within 10 days after receipt of such notice, the school board shall issue its warrant for a special meeting of the member district, the warrant to be in the form, and the meeting to be held at the time and place and in the manner prescribed by the state board. No approval of the superior court shall be required for such special school district meeting in New Hampshire. Voting shall be with the use of a check-list by a ballot substantially in the following form:

"Shall the school district accept the provisions of the New Hampshire-Maine Interstate School Compact providing for the establishment of an interstate school district, together with the school districts of and , etc., in accordance with the proposed articles of agreement filed with the school district (town, city or incorporated school district) clerk?

"YES ( ) NO ( )

"If the articles of agreement included the nomination of individual school directors, those nominated from each member district shall be included in the ballot and voted upon, such election to become effective upon the formation of an interstate school district.

"If a majority of the votes present and voting in a member district vote in the affirmative, the clerk for such member district shall forthwith send to the state board in its state a certified copy of the warrant, certificate of posting, and minutes of the meeting of the district. If the state boards of both states find that a majority of the voters present and voting in each member district have voted in favor of the establishment of the interstate school district, they shall issue a joint certificate to that effect; and such certificate shall be conclusive evidence of the lawful organization and formation of the interstate school district as of its date of issuance.

"H. RESUBMISSION.—If the proposed articles of agreement are adopted by one or more of the member districts but rejected by one or more of the member districts, the state boards may resubmit them, in the same form as previously submitted, to the rejecting member districts, in which case the school boards thereof shall resubmit them to the voters in accordance with paragraph G. An affirmative vote in accordance therewith shall have the same effect as though the articles of agreement had been adopted in the first instance. In the alternative, the state boards may either discharge the planning committee, or refer the articles of agreement back for further consideration to the same or a reconstituted planning committee, which shall have all the powers and duties as the planning committee as originally constituted.

"B. ELIGIBILITY OF VOTERS.—Any resident who would be eligible to vote at a meeting of a member district being held at the same time shall be eligible to vote at a meeting of the interstate district. The town clerks in each Maine member district and the supervisors of the checklist of each New Hampshire district shall respectively prepare a checklist of eligible voters for each meeting of the interstate district in the same manner, and they shall have all the same powers and duties with respect to eligibility of voters in their districts as for a meeting of a member district.

"C. WARNING OF MEETINGS.—A meeting shall be warned by a warrant addressed to the residents of the interstate school district qualified to vote in district affairs, stating the time and place of the meeting and the subject matter of the business to be acted upon. The warrant shall be signed by the clerk and by a majority of the directors. Upon written application of 10 or more voters in the district, presented to the directors or to one of them, at least 25 days before the day prescribed for an annual meeting, the directors shall insert in their warrant for such meeting any subject matter specified in such application.

ning board and the members-elect, if any, of the interstate school board of directors. Such meeting shall be held within 60 days after the date of issuance of the certificate of formation, unless the time is further extended by the joint action of the state boards. At the organization meeting the commissioner of education of the state where the meeting is held, or his designate, shall preside in the first instance, and the following business shall be transacted:

"G. ANNUAL MEETINGS.—An annual meeting of the district shall be held between January 15th and June 1st of each year at such time as the interstate district may by vote determine. Once determined, the date of the annual meeting shall remain fixed until changed by vote of the interstate district as a subsequent annual or special meeting. At each annual meeting the following business shall be transacted:

"a. Necessary officers shall be elected.

"b. Money shall be appropriated for the support of the interstate district schools for the fiscal year beginning the following July 1st.

"c. Such other business as may properly come before the meeting.

"H. SPECIAL MEETINGS.—A special meeting of the district shall be held whenever, in the opinion of the directors, there is occasion therefor, or whenever written application shall have been made by 5 percent or more of the voters based on the checklists as prepared for the last preceding meeting, setting forth the subject matter upon which such action is desired. A special meeting may appropriate money without compliance with RSA 33:8 or RSA 197:3 which would otherwise require the approval of the New Hampshire superior court.

"I. CERTIFICATION OF RECORDS.—The clerk of an interstate school district shall have the power to certify the record of the votes adopted at an interstate school district meeting to the respective commissioners and state boards and, where required, for filing with a secretary of state.

OFFICERS; GENERAL.—The officers of an interstate school district shall be a board of school directors, a chairman of the board, a vice-chairman of the board, a secretary of the board, a moderator, a clerk, a treasurer and 3 auditors. Except as otherwise specifically provided, they shall be eligible to take office immediately following their election; they shall serve until the next annual meeting of the interstate district and until their successors are elected and qualified. Each shall take oath for the faithful performance of his duties before the moderator, or a notary public or a justice of the peace of the state in which the oath is administered. Their compensation shall be fixed by vote of the district. No person shall be eligible to any district office unless he is a voter in the district. A custodian, school teacher, principal, superintendent or other employee of an interstate district acting as such shall not be eligible to hold office as a school director.

"B. BOARD OF DIRECTORS.—

"a. HOW CHOSEN.—Each member district shall be represented by at least one resident on the board of school directors of an interstate school district. A member district shall be entitled to such further representation on the interstate board of school directors as provided in the articles of agreement as amended from time to time. The articles of agreement as amended from time to time may provide for school directors at large, as set forth. No person shall be disqualified to serve as a member of an interstate board because he is at the same time a member of the school board of a member district.

"b. TERM.—Interstate school directors shall be elected for terms in accordance with the articles of agreement.

"c. DUTIES OF BOARD OF DIRECTORS.—The board of school directors of an interstate school district shall have and exercise all of the powers of the district not reserved herein to the voters of the district.

purpose of organizing the board, including the election of its officers.

"C. CHAIRMAN OF THE BOARD.—The chairman of the board of interstate school directors shall be elected by the interstate board from among its members at its first meeting following the annual meeting. The chairman shall preside at the meetings of the board and shall perform such other duties as the board may assign to him.

"D. VICE-CHAIRMAN OF THE BOARD OF DIRECTORS.—The vice-chairman of the interstate board shall be elected in the same manner as the chairman. He shall represent a member district in a state other than that represented by the chairman. He shall preside in the absence of the chairman and shall perform such other duties as may be assigned to him by the interstate board.

"E. SECRETARY OF THE BOARD.—The secretary of the interstate board shall be elected in the same manner as the chairman. Instead of electing one of its members, the interstate board may appoint the interstate district clerk to serve as secretary of the board in addition to his other duties. The secretary of the interstate board, or the interstate district clerk, if so appointed, shall keep the minutes of its meetings, shall certify its records, and perform such other duties as may be assigned to him by the board.

"F. MODERATOR.—The moderator shall preside at the district meetings, regulate the business thereof, decide questions of order, and make a public declaration of every vote passed. He may prescribe rules of procedure; but such rules may be altered by the district. He may administer oaths to district officers in either state.

Records.

"G. CLERK.—The clerk shall keep a true record of all proceedings at each district meeting, shall certify its records, shall make an attested copy of any records of the district for any person upon request and tender of reasonable fees therefor, if so appointed, shall serve as secretary of the board of school directors, and shall perform such other duties as may be required by custom or law.

"H. TREASURER.—The treasurer shall have custody of all of the monies belonging to the district and shall pay out the same only upon the order of the interstate board. He shall keep a fair and accurate account of all sums received into and paid from the interstate district treasury, and at the close of each fiscal year he shall make a report to the interstate district, giving a particular account of all receipts and payments during the year. He shall furnish to the interstate directors, statements from his books and submit his books and vouchers to them and to the district auditors for examination whenever so requested. He shall make all returns called for by laws relating to school districts. Before entering on his duties, the treasurer shall give a bond with sufficient sureties and in such sum as the directors may require. The treasurer's term of office is from July 1st to the following June 30th.

"I. AUDITORS.—At the organization meeting of the district, 3 auditors shall be chosen, one to serve for a term of one year, one to serve for a term of 2 years and one to serve for a term of 3 years. After the expiration of each original term, the successor shall be chosen for a 3 year term. At least one auditor shall be a resident of Maine, and one auditor shall be a resident of New Hampshire. An interstate district may vote to employ a certified public accountant to assist the auditors in the performance of their duties. The auditors shall carefully examine the accounts

of the treasurer and the directors at the close of each fiscal year, and at such other times whenever necessary, and report to the district whether the same are correctly cast and properly vouched.

"J. SUPERINTENDENT.—The superintendent of schools shall be selected by a majority vote of the board of school directors of the interstate district with the approval of both commissioners.

"K. VACANCIES.—Any vacancy among the elected officers of the district shall be filled by the interstate board until the next annual meeting of the district or other election, when a successor shall be elected to serve out the remainder of the unexpired term, if any. Until all vacancies on the interstate board are filled, the remaining members shall have full power to act.

"ARTICLE VI

"APPROPRIATION AND APPORTIONMENT OF FUNDS

"A. BUDGET.—Before each annual meeting, the interstate board shall prepare a report of expenditures for the preceding fiscal year, an estimate of expenditures for the current fiscal year, and a budget for the succeeding fiscal year. Reports.

"B. APPROPRIATION.—The interstate board of directors shall present the budget report at the annual meeting. The interstate district shall appropriate a sum of money for the support of its schools and for the discharge of its obligations for the ensuing fiscal year.

"C. APPORTIONMENT OF APPROPRIATION.—Subject to the provisions of article VII, the interstate board shall first apply against such appropriation any income to which the interstate district is entitled, and shall then apportion the balance among the member districts in accordance with one of the following formulas as determined by the articles of agreement as amended from time to time.

"a. All of such balance to be apportioned on the basis of the ratio that the fair market value of the taxable property in each member district bears to that of the entire interstate district; or

"b. All of such balance to be apportioned on the basis that the average daily resident membership for the preceding fiscal year of each member district bears to that of the average daily resident membership of the entire interstate school district; or

"c. A formula based on any combination of the foregoing factors. The term 'fair market value of taxable property' shall mean the last locally assessed valuation of a member district in New Hampshire, as last equalized by the New Hampshire commissioner of revenue administration.

"The term 'fair market value of taxable property' shall mean the equalized grand list of a Maine member district, as determined by the Maine Bureau of Taxation.

"Such assessed valuation and grand list may be further adjusted by elimination of certain types of taxable property from one or the other or otherwise, in accordance with the articles of agreement, in order that the fair market value of taxable property in each state shall be comparable.

"Average daily resident membership of the interstate district in the first instance shall be the sum of the average daily resident membership of the member districts in the grades

involved for the preceding fiscal year where no students were enrolled in the interstate district schools for such preceding fiscal year.

"D. SHARE OF NEW HAMPSHIRE MEMBER DISTRICT.—The interstate board shall certify the share of a New Hampshire member district of the total appropriation to the school board of each member district which shall add such sum to the amount appropriated by the member district itself for the ensuing year and raise such sum in the same manner as though the appropriation had been voted at a school district meeting of the member district. The interstate district shall not set up its own capital reserve funds; but a New Hampshire member district may set up a capital reserve fund in accordance with RSA 35, to be turned over to the interstate district in payment of the New Hampshire member district's share of any anticipated obligations.

"E. SHARE OF MAINE MEMBER DISTRICT.—The interstate board shall certify the share of a Maine member district of the total appropriation to the school board of each member district which shall add such sum to the amount appropriated by the member district itself for the ensuing year and raise such sum in the same manner as though the appropriation had been voted at a school district meeting of the member district.

"ARTICLE VII

"BORROWING

"A. INTERSTATE DISTRICT INDEBTEDNESS.—Indebtedness of an interstate district shall be a general obligation of the district and shall be a joint and several general obligation of each member district, except that such obligations of the district and its member districts shall not be deemed indebtedness of any member district for the purposes of determining its borrowing capacity under Maine or New Hampshire law. A member district which withdraws from an interstate district shall remain liable for indebtedness of the interstate district which is outstanding at the time of withdrawal and shall be responsible for paying its share of such indebtedness to the same extent as though it had not withdrawn.

"B. TEMPORARY BORROWING.—The interstate board may authorize the borrowing of money by the interstate district (1) in anticipation of payments of operating and capital expenses by the member districts to the interstate district and (2) in anticipation of the issue of bonds or notes of the interstate district which have been authorized for the purpose of financing capital projects. Such temporary borrowing shall be evidenced by interest bearing or discounted notes of the interstate district. The amount of notes issued in any fiscal year in anticipation of expense payments shall not exceed the amount of such payments received by the interstate district in the preceding fiscal year. Notes issued under this paragraph shall be payable within one year in the case of notes under clause (1) and 3 years in the case of notes under clause (2) from their respective dates, but the principal of and interest on notes issued for a shorter period may be renewed or paid from time to time by the issue of other notes, provided that the period from the date of an original note to the maturity of any note issued to renew or pay the same debt shall not exceed the maximum period permitted for the original loan.

"C. BORROWING FOR CAPITAL PROJECTS.—An interstate district may incur debt and issue its bonds or notes to finance capital projects. Such projects may consist of the acquisition or improvement of land and buildings for school purposes, the construction, reconstruction, alteration or enlargement of school buildings and related school facilities, the acquisition of equipment of a lasting character and the payment of judgments. No interstate district may authorize indebtedness in excess of 10 percent of the total fair market value of taxable property in its member districts as defined in article VI. The primary obligation of the interstate district to pay indebtedness of member districts shall not be considered indebtedness of the interstate district for the purpose of determining its borrowing capacity under this section. Bonds or notes issued under this section shall mature in equal or diminishing installments of principal payable at least annually commencing no later than 2 years and ending not later than 30 years after their dates.

"D. AUTHORIZATION.—An interstate district shall authorize the incurring of debts to finance capital projects by a majority vote of the district passed at an annual or special district meeting. Such vote shall be taken by secret ballot after full opportunity for debate, and any such vote shall be subject to reconsideration and further action by the district at the same meeting or at an adjourned session thereof.

"E. SALE OF BONDS AND NOTES.—Bonds and notes which have been authorized under this article may be issued from time to time and shall be sold at not less than par and accrued interest at public or private sale by the chairman of the school board and by the treasurer. Interstate district bonds and notes shall be signed by the said officers, except that either one of the 2 required signatures may be a facsimile. Subject to this compact and the authorizing vote, they shall be in such form, bear such rates of interest and mature at such times as the said officers may determine. Bonds shall, but notes need not, bear the seal of the interstate district, or a facsimile of such seal. Any bonds or notes of the interstate district which are properly executed by the said officers shall be valid and binding according to their terms notwithstanding that before the delivery thereof such officers may have ceased to be officers of the interstate district.

"F. PROCEEDS OF BONDS.—Any accrued interest received upon delivery of bonds or notes of an interstate district shall be applied to the payment of the first interest which becomes due thereon. The other proceeds of the sale of such bonds or notes, other than temporary notes, including any premiums, may be temporarily invested by the interstate district pending their expenditure; and such proceeds, including any income derived from the temporary investment of such proceeds, shall be used to pay the costs of issuing and marketing the bonds or notes and to meet the operating expenses or capital expenses in accordance with the purposes for which the bonds or notes were issued or, by proceedings taken in the manner required for the authorization of such debt, for other purposes for which such debt could be incurred. No purchaser of any bonds or notes of an interstate district shall be responsible in any way to see to the application of the proceeds thereof.

"G. STATE AID PROGRAMS.—As used in this section the term 'initial aid' shall include New Hampshire and Maine financial assistance with respect to a capital project, or the means of financing a capital project, which is available in connection with construction

costs of a capital project or which is available at the time indebtedness is incurred to finance the project. Without limiting the generality of the foregoing definition, initial aid shall specifically include a New Hampshire state guarantee under RSA 195–B with respect to bonds or notes and Maine construction aid under section 3457. As used in this section the term 'long-term aid' shall include New Hampshire and Maine financial assistance which is payable periodically in relation to capital costs incurred by an interstate district. Without limiting the generality of the foregoing definition, long-term aid shall specifically include New Hampshire school building aid under RSA 198 and Maine school building aid under section 3457. For the purpose of applying for, receiving and expending initial aid and long-term aid an interstate district shall be deemed a native school district by each state, subject to the following provisions. When an interstate district has appropriated money for a capital project, the amount appropriated shall be divided into a Maine share and a New Hampshire share in accordance with the capital expense apportionment formula in the articles of agreement as though the total amount appropriated for the project was a capital expense requiring apportionment in the year the appropriation is made. New Hampshire initial aid shall be available with respect to the amount of the New Hampshire share as though it were authorized indebtedness of a New Hampshire cooperative school district. In the case of a state guarantee of interstate district bonds or notes under RSA 195–B, the interstate district shall be eligible to apply for and receive an unconditional state guarantee with respect to an amount of its bonds or notes which does not exceed 50 percent of the amount of the New Hampshire share as determined above. Maine aid shall be available with respect to the amount of the Maine share as though it were funds voted by a Maine school district. Payments of Maine aid shall be made to the interstate district, and the amount of any borrowing authorized to meet the appropriation for the capital project shall be reduced accordingly. New Hampshire and Maine long-term aid shall be payable to the interstate district. The amounts of long-term aid in each year shall be based on the New Hampshire and Maine shares of the amount of indebtedness of the interstate district which is payable in that year and which has been apportioned in accordance with the capital expense apportionment formula in the articles of agreement. The New Hampshire aid shall be payable at the rate of 45 percent if there are 3 or less New Hampshire members in the interstate district, and otherwise it shall be payable as though the New Hampshire members were a New Hampshire cooperative school district. New Hampshire and Maine long-term aid shall be deducted from the total capital expenses for the fiscal year in which the long-term aid is payable, and the balance of such expenses shall be apportioned among the member districts. Notwithstanding the foregoing provisions, New Hampshire and Maine may at any time change their state school aid programs that are in existence when this compact takes effect and may establish new programs, and any legislation for these purposes may specify how such programs shall be applied with respect to interstate districts.

"H. TAX EXEMPTION.—Bonds and notes of an interstate school district shall be exempt from local property taxes in both states, and the interest or discount thereon and any profit derived from

the disposition thereof shall be exempt from personal income taxes in both states.

"ARTICLE VIII

"TAKING OVER OF EXISTING PROPERTY

"A. POWER TO ACQUIRE PROPERTY OF MEMBER DISTRICT.—The articles of agreement, or an amendment thereof, may provide for the acquisition by an interstate district from a member district of all or a part of its existing plant and equipment.

"B. VALUATION.—The articles of agreement, or the amendment, shall provide for the determination of the value of the property to be acquired in one or more of the following ways:

"a. A valuation set forth in the articles of agreement or the amendment.

"b. By appraisal, in which case, one appraiser shall be appointed by each commissioner, and a third appraiser appointed by the first 2 appraisers.

"C. REIMBURSEMENT TO MEMBER DISTRICT.—The articles of agreement shall specify the method by which the member district shall be reimbursed by the interstate district for the property taken over, in one or more of the following ways:

"a. By one lump sum, appropriated, allocated and raised by the interstate district in the same manner as an appropriation for operating expenses.

"b. In installments over a period of not more than 20 years, each of which is appropriated, allocated and raised by the interstate district in the same manner as an appropriation for operating expenses.

"c. By an agreement to assume or reimburse the member district for all principal and interest on any outstanding indebtedness originally incurred by the member district to finance the acquisition and improvement of the property, each such installment to be appropriated, allocated and raised by the interstate district in the same manner as an appropriation for operating expenses.

"The member district transferring the property shall have the same obligation to pay to the interstate district its share of the cost of such acquisition, but may offset its right to reimbursement.

"ARTICLE IX

"AMENDMENTS TO ARTICLES OF AGREEMENT

"A. Amendments to the articles of agreement may be adopted in the same manner provided for the adoption of the original articles of agreement, except that:

"a. Unless the amendment calls for the addition of a new member district, the functions of the planning committee shall be carried out by the interstate district board of directors.

"b. If the amendment proposes the addition of a new member district, the planning committee shall consist of all the members of the interstate board and all of the members of the school board of the proposed new member district or districts. In such case the amendment shall be submitted to the voters at an interstate district meeting, at which an affirmative vote of ⅔ of those present and voting shall be required. The

articles of agreement together with the proposed amendment shall be submitted to the voters of the proposed new member district at a meeting thereof, at which a simple majority of those present and voting shall be required.

"c. In all cases an amendment may be adopted on the part of an interstate district upon the affirmative vote of voters thereof at a meeting voting as one body. Except where the amendment proposes the admission of a new member district, a simple majority of those present and voting shall be required for adoption.

"d. No amendment to the articles of agreement may impair the rights of bond or note holders or the power of the interstate district to procure the means for their payment.

"ARTICLE X

"APPLICABILITY OF NEW HAMPSHIRE LAWS

"A. GENERAL SCHOOL LAWS.—With respect to the operation and maintenance of any school of the district located in New Hampshire, New Hampshire law shall apply except as otherwise provided in this compact and except that the powers and duties of the school board shall be exercised and discharged by the interstate board and the powers and duties of the union superintendent shall be exercised and discharged by the interstate district superintendent.

"B. NEW HAMPSHIRE STATE AID.—A New Hampshire school district shall be entitled to receive an amount of state aid for operating expenditures as though its share of the interstate district's expenses were the expenses of the New Hampshire member district, and as though the New Hampshire member district pupils attending the interstate school were attending a New Hampshire cooperative school district's school. The state aid shall be paid to the New Hampshire member school district to reduce the sums which would otherwise be required to be raised by taxation within the member district.

"C. CONTINUED EXISTENCE OF NEW HAMPSHIRE MEMBER SCHOOL DISTRICT.—A New Hampshire member school district shall continue in existence, and shall have all of the powers and be subject to all of the obligations imposed by law and not herein delegated to the interstate district. If the interstate district incorporates only a part of the schools in the member school district, then the school board of the member school district shall continue in existence and it shall have all of the powers and be subject to all of the obligations imposed by law on it and not herein delegated to the district. However, if all of the schools in the member school district are incorporated into the interstate school district, then the member or members of the interstate board representing the member district shall have all of the powers and be subject to all of the obligations imposed by law on the members of a school board for the member district and not herein delegated to the interstate district. The New Hampshire member school district shall remain liable on its existing indebtedness; and the interstate school district shall not become liable therefor, unless the indebtedness is specifically assumed in accordance with the articles of agreement. Any trust funds or capital reserve funds and any property not taken over by the interstate district shall be retained

by the New Hampshire member district and held or disposed of according to law. If all of the schools in a member district are incorporated into an interstate district, then no annual meeting of the member district shall be required unless the members of the interstate board from the member district shall determine that there is occasion for such an annual meeting.

"D. SUIT AND SERVICE OF PROCESS IN NEW HAMPSHIRE.—The courts of New Hampshire shall have the same jurisdiction over the district as though a New Hampshire member district were a party instead of the interstate district. The service necessary to institute suit in New Hampshire shall be made on the district by leaving a copy of the writ or other proceedings in hand or at the last usual place of abode of one of the directors who resides in New Hampshire, and by mailing a like copy to the clerk and to one other director by certified mail with return receipt requested. Courts.

EMPLOYMENT.—Each employee of an interstate district assigned to a school located in New Hampshire shall be considered an employee of a New Hampshire school district for the purpose of the New Hampshire teachers retirement system, the New Hampshire state employees retirement system, the New Hampshire workmen's compensation law and any other law relating to the regulation of employment or the provision of benefits for employees of New Hampshire school districts except as follows:

"a. A teacher in a New Hampshire member district may elect to remain a member of the New Hampshire retirement system, even though assigned to teach in an interstate school in Maine.

"b. Employees of interstate districts designated as professional or instructional staff members, as defined in article I, may elect to participate in the teachers retirement system of either the State of New Hampshire or the State of Maine but in no case will they participate in both retirement systems simultaneously.

"c. It shall be the duty of the superintendent in an interstate district to:

"(1) advise teachers and other professional staff employees contracted for the district about the terms of the contract and the policies and procedures of the retirement systems;

"(2) see that each teacher or professional staff employee selects the retirement system of his choice at the time his contract is signed;

"(3) provide the commissioners of education in New Hampshire and in Maine with the names and other pertinent information regarding each staff member under his jurisdiction so that each may be enrolled in the retirement system of his preference.

"ARTICLE XI

"APPLICABILITY OF MAINE LAWS

"A. GENERAL SCHOOL LAWS.—With respect to the operation and maintenance of any school of the district located in Maine, the provisions of Maine law shall apply except as otherwise provided in this compact and except that the powers and duties of the school board shall be exercised and discharged by the interstate

board and the powers and duties of the superintendent shall be exercised and discharged by the interstate district superintendent.

"B. MAINE STATE AID.—A Maine school district shall be entitled to receive such amount of state aid for operating expenditures as though its share of the interstate district's expenses were the expenses of the Maine member district, and as though the Maine member district pupils attending the interstate schools were attending a Maine unit. Such state aid shall be paid to the Maine member school district to reduce the sums which would otherwise be required to be raised by taxation within the member district.

"C. CONTINUED EXISTENCE OF MAINE SCHOOL DISTRICTS.—A Maine school district shall continue in existence, and shall have all of the powers and be subject to all of the obligations imposed by law and not herein delegated to the interstate district. If the interstate district incorporates only a part of the schools in the member school district, then the school board of the member school districts shall continue in existence and it shall have all of the powers and be subject to all of the obligations imposed by law on it and not herein delegated to the district. However, if all of the schools in the member school district are incorporated into the interstate school district, then the member or members of the interstate board representing the member district shall have all of the powers and be subject to all of the obligations imposed by law on the members of a school board for the member district and not herein delegated to the interstate district. The Maine member school district shall remain liable on its existing indebtedness; and the interstate school district shall not become liable therefor. Any trust funds and any property not taken over shall be retained by the Maine member school district and held or disposed of according to law.

"D. SUIT AND SERVICE OF PROCESS IN MAINE.—The courts of Maine shall have the same jurisdiction over the districts as though a Maine member district were a party instead of the interstate district. The service necessary to institute suit in Maine shall be made on the district by leaving a copy of the writ or other proceedings in hand or at the last and usual place of abode of one of the directors who resides in Maine, and by mailing a like copy to the clerk and to one other director by certified mail with return receipt requested.

"E. EMPLOYMENT.—Each employee of an interstate district assigned to a school located in Maine shall be considered an employee of a Maine school district for the purpose of the state retirement system, the Maine workmen's compensation law, and any other laws relating to the regulation of employment or the provision of benefits for employees of Maine school districts except as follows:

"a. A teacher in a Maine member district may elect to remain a member of the state retirement system of Maine, even though assigned to teach in an interstate school in New Hampshire.

"b. Employees of interstate districts designated as professional or instructional staff members, as defined in article I, may elect to participate in the state retirement system of the State of Maine or the teachers retirement system of the State of New Hampshire but in no case will they participate in both retirement systems simultaneously.

"c. It shall be the duty of the superintendent in an interstate district to:

(b) The consideration for acquisition of the Projects shall be $29.5 million and no more, to be paid by the Secretary to the owner and local industrial consumer at the time of acquisition, and shall be conditioned on a release of liability providing that all obligations and liabilities of the owner and the local industrial consumer to the United States arising from the Projects, based upon ownership, license, permit, contract, or other authority, including, but not limited to, project removal and any ecosystem, fish and wildlife mitigation or restoration obligations, shall, from the moment of title transfer, be deemed to have been satisfied: *Provided,* That the United States may not assume or satisfy any liability, if any, of the owner or local industrial consumer to any federally recognized Indian Tribe nor shall such liability to the Tribe, if any, be deemed satisfied without the consent of such Tribe.

(c) The Secretary shall prepare a report on the acquisition of the Projects and his plans for the full restoration of the Elwha River ecosystem and the native anadromous fisheries and submit such report on or before January 31, 1994, to the Appropriations Committees of the United States Senate and the United States House of Representatives, as well as to the Committee on Energy and Natural Resources of the Senate and the Committees on Energy and Commerce, Interior and Insular Affairs, and Merchant Marine and Fisheries of the United States House of Representatives. The report shall contain, without limitation:

(2) Alternatives, in lieu of dam removal, for the restoration of the Elwha River ecosystem and the native anadromous fisheries and wildlife of the Elwha River Basin, consistent with the management plan of the Park, the rights of any Indian tribe secured by treaty or other Federal law, and applicable State law. Such definite plan shall include the timetable after conveyance for removal of the dams and the plans for removal and disposal of sediment, debris, and other materials consistent with all

applicable environmental laws and a detailed explanation of all costs of removal. In conducting the feasibility studies and in the preparation of the definite plan, the Secretary is authorized to use the services of any Federal agency on a reimbursable basis and the heads of all Federal agencies are authorized to provide such technical and other assistance as the Secretary may request. For each alternative considered, the Secretary shall estimate total costs, environmental risks and benefits, the potential for full restoration of the Elwha River ecosystem and native anadromous fisheries, and the effect on natural and historic resources (together with any comments made by the Advisory Council on Historic Preservation for any properties which are listed, or eligible for listing, on the National Register of Historic Places).

For the purposes of protecting the Federal investment in restoration, that portion of the river outside the Park on which the Federal Government will acquire both banks shall, upon such acquisition, be managed in accordance with the declared policy of section 1(b) of Public Law 90–542, except that modifications necessary to restore, protect, and enhance fish resources and to protect the existing quality of water supplied from the river are hereby authorized.

(4) Specific proposals and any Federal funding and the availability of that funding that may be necessary to protect the existing quality and availability of water from the Elwha River for municipal and industrial use from possible adverse impacts of dam removal.

(5) Identification of any non-Federal parties or entities, excluding Federally recognized Indian tribes, which would directly benefit from the commercial, recreational, and ecological values that would be enhanced by the restoration of the Elwha River ecosystem and fisheries, if the Secretary believes that such parties or entities should assume some portion of the cost involved in the restoration, together with the specific cost-share provisions which the Secretary deems necessary and reasonable.

(d) In preparing his report, the Secretary shall consult with appropriate State and local officials, affected Indian tribes, the Commission, the Environmental Protection Agency, the Secretary of Energy, the Administrator, the Pacific Northwest Power Planning Council, the Secretary of Commerce, and of the Advisory Council on Historic Preservation, as well as interested members of the public. Upon such conveyance and payment of the consideration as provided in section 3(b), and without further action by the United States, title shall transfer and vest in the United States, the owner and local industrial consumer shall be released from any further liability to the United States, as provided in section 3(b), and the acquisition from the owner and local industrial consumer shall be deemed to be completed.

Effective date.

SEC. 4. ECOSYSTEM AND FISHERIES RESTORATION.

(1) the definite plan referred to in section 3(c)(2) for the removal of the dams and full restoration of the Elwha River ecosystem and native anadromous fisheries;

(2) management of lands acquired pursuant to this Act which are located outside the exterior boundaries of the Park; and

(3) protection of the existing quality and availability of water from the Elwha River for municipal and industrial uses from possible adverse impacts of dam removal.

(b) The definite plan referred to section 3(c)(2) must include all actions reasonably necessary to maintain and protect existing water quality for the City of Port Angeles, Dry Creek Water Association, and the industrial users of Elwha River water against adverse impacts of dam removal. title to the Projects or (2) if the Secretary's report required in section 3(c) does not provide for dam removal, five years after the expiration of the current annual license or authorization then in effect, after which time the Commission shall have authority under the Federal Power Act to issue appropriate licenses with respect to such Projects to the extent the Commission has jurisdiction over such Projects under such Act on the date of enactment of this Act.

(b) To ensure the availability of adequate electric power supplies to the operating facilities of the local industrial consumer, the Administrator shall, following acquisition of the Projects pursuant to this Act, deliver all project replacement power required by the operating facilities of the local industrial consumer through the local preference customer at a rate equal to the priority firm rate, or the rate which is then the equivalent of the priority firm rate if that designation is no longer used by the Administrator, as such rate is fixed by the Administrator from time to time, without regard to any new large single load determinations or similar factors. The local industrial consumer shall pay the local preference customer for such project replacement power at the same rate as all other industrial consumers of the local preference customer.

"SEC. 221. COMPUTATION OF ANNUITIES.

"(a) ANNUITY OF PARTICIPANT.—

"(1) COMPUTATION OF ANNUITY.—The annuity of a participant is the product of—

"(2) CREDIT FOR UNUSED SICK LEAVE.—The total service of a participant who retires on an immediate annuity (except under section 231) or who dies leaving a survivor or survivors entitled to an annuity shall include (without regard to the 35-year limitation prescribed in paragraph (1)) the days of unused sick leave to the credit of the participant. Days of unused sick leave may not be counted in determining average basic pay or eligibility for an annuity under this title. A deposit shall not be required for days of unused sick leave credited under this paragraph.

"(3) CREDITING OF PART-TIME SERVICE.—

"(A) IN GENERAL.—In the case of a participant whose service includes service on a part-time basis performed after April 6, 1986, the participant's annuity shall be the sum of the amounts determined under subparagraphs (B) and (C).

"(C) COMPUTATION OF POST-APRIL 6, 1986, ANNUITY.—The portion of an annuity referred to in subparagraph (A) with respect to service after April 6, 1986, shall be the product of—

"(i) the amount computed under paragraph (1), using the participant's length of service after that date and the participant's high-3 average pay, as determined by using the annual rate of basic pay that would be payable for full-time service; and

"(ii) the ratio which the participant's actual service after April 6, 1986 (as determined by prorating the participant's total service after that date to reflect the service that was performed on a part-time basis) bears to the total service after that date that would be creditable for the participant if all the service had been performed on a full-time basis.

"(D) TREATMENT OF EMPLOYMENT ON TEMPORARY OR INTERMITTENT BASIS.—Employment on a temporary or intermittent basis shall not be considered to be service on a part-time basis for purposes of this paragraph.

"(4) HIGH-3 AVERAGE PAY DEFINED.—For purposes of this subsection, a participant's high-3 average pay is the amount of the participant's average basic pay for the highest 3 consecutive years of the participant's service (or, in the case of an annuity computed under section 232 and based on less than 3 years, over the total service) for which full contributions have been made to the fund.

"(5) COMPUTATION OF SERVICE.—In determining the aggregate period of service upon which an annuity is to be based, any fractional part of a month shall not be counted.

"(1) REDUCTION IN PARTICIPANT'S ANNUITY TO PROVIDE SPOUSE OR FORMER SPOUSE SURVIVOR ANNUITY.—

"(A) GENERAL RULE.—Except to the extent provided otherwise under a written election under subparagraph (B) or (C), if at the time of retirement a participant or former participant is married (or has a former spouse who has not remarried before attaining age 55), the participant shall receive a reduced annuity and provide a survivor annuity for the participant's spouse under this subsection or former spouse under section 222(b), or a combination of such annuities, as the case may be.

"(B) JOINT ELECTION FOR WAIVER OR REDUCTION OF SPOUSE SURVIVOR ANNUITY.—A married participant or former participant and the participant's spouse may jointly elect in writing at the time of retirement to waive a survivor annuity for that spouse under this section or to reduce such survivor annuity under this section by designating a portion of the annuity of the participant as the base for the survivor annuity. If the marriage is dissolved following an election for such a reduced annuity and the spouse qualifies as a former spouse, the base used in calculating any annuity of the former spouse under section 222(b) may not exceed the portion of the participant's annuity designated under this subparagraph.

"(C) JOINT ELECTION OF PARTICIPANT AND FORMER SPOUSE.—If a participant or former participant has a former spouse, such participant and the participant's former spouse may jointly elect by spousal agreement under section 264(b) to waive, reduce, or increase a survivor annuity under section 222(b) for that former spouse. Any such election must be made (i) before the end of the 12-month period beginning on the date on which the divorce or annulment involving that former spouse becomes final, or (ii) at the time of retirement of the participant, whichever is later.

"(D) UNILATERAL ELECTIONS IN ABSENCE OF SPOUSE OR FORMER SPOUSE.—The Director may prescribe regulations under which a participant or former participant may make an election under subparagraph (B) or (C) without the participant's spouse or former spouse if the participant establishes to the satisfaction of the Director that the participant does not know, and has taken all reasonable steps to determine, the whereabouts of the spouse or former spouse.

"(2) AMOUNT OF REDUCTION IN PARTICIPANT'S ANNUITY.—The annuity of a participant or former participant providing a survivor annuity under this section (or section 222(b)), excluding any portion of the annuity not designated or committed as a base for any survivor annuity, shall be reduced by 2½ percent of the first $3,600 plus 10 percent of any amount over $3,600. The reduction under this paragraph shall be calculated before any reduction under section 222(a)(5).

"(3) AMOUNT OF SURVIVING SPOUSE ANNUITY.—

"(A) IN GENERAL.—If a retired participant receiving a reduced annuity under this subsection dies and is survived by a spouse, a survivor annuity shall be paid to the surviving spouse. The amount of the annuity shall be equal to 55 percent of (i) the full amount of the participant's annuity computed under subsection (a), or (ii) any lesser amount elected as the base for the survivor annuity under paragraph (1)(B).

"(B) LIMITATION.—Notwithstanding subparagraph (A), the amount of the annuity calculated under subparagraph (A) for a surviving spouse in any case in which there is also a surviving former spouse of the retired participant who qualifies for an annuity under section 222(b) may not exceed 55 percent of the portion (if any) of the base for survivor annuities which remains available under section 222(b)(4)(B).

"(C) EFFECTIVE DATE AND TERMINATION OF ANNUITY.—An annuity payable from the fund to a surviving spouse under this paragraph shall commence on the day after the retired participant dies and shall terminate on the last day of the month before the surviving spouse's death or remarriage before attaining age 55. If such survivor annuity is terminated because of remarriage, it shall be restored at the same rate commencing on the date such remarriage is dissolved by death, annulment, or divorce if any lump sum paid upon termination of the annuity is returned to the fund.

"(c) 18–MONTH OPEN PERIOD AFTER RETIREMENT TO PROVIDE SPOUSE COVERAGE.—

"(1) SURVIVOR ANNUITY ELECTIONS.—

"(A) ELECTION WHEN SPOUSE COVERAGE WAIVED AT TIME OF RETIREMENT.—A participant or former participant who retires after March 31, 1992 and who—

"(i) is married at the time of retirement; and

"(ii) elects at that time (in accordance with subsection (b)) to waive a survivor annuity for the spouse,

may, during the 18-month period beginning on the date of the retirement of the participant, elect to have a reduction under subsection (b) made in the annuity of the partici-

pant (or in such portion thereof as the participant may designate) in order to provide a survivor annuity for the participant's spouse.

"(B) ELECTION WHEN REDUCED SPOUSE ANNUITY ELECTED.—A participant or former participant who retires after March 31, 1992, and—

"(i) who, at the time of retirement, is married, and

may, during the 18-month period beginning on the date of the retirement of such participant, elect to have a greater portion of the annuity of such participant so used.

"(2) DEPOSIT REQUIRED.—

"(A) REQUIREMENT.—An election under paragraph (1) shall not be effective unless the amount specified in subparagraph (B) is deposited into the fund before the end of that 18-month period.

"(i) ADDITIONAL COST TO SYSTEM.—The additional cost to the system that is associated with providing a survivor annuity under subsection (b) and that results from such election, taking into account—

"(I) the difference (for the period between the date on which the annuity of the participant or former participant commences and the date of the election) between the amount paid to such participant or former participant under this title and the amount which would have been paid if such election had been made at the time the participant or former participant applied for the annuity; and

"(II) the costs associated with providing for the later election.

"(ii) INTEREST.—Interest on the additional cost determined under clause (i), computed using the interest rate specified or determined under section 8334(e) of title 5, United States Code, for the calendar year in which the amount to be deposited is determined.

"(3) VOIDING OF PREVIOUS ELECTIONS.—An election by a participant or former participant under this subsection voids prospectively any election previously made in the case of such participant under subsection (b).

"(4) REDUCTIONS IN ANNUITY.—An annuity that is reduced in connection with an election under this subsection shall be reduced by the same percentage reductions as were in effect at the time of the retirement of the participant or former participant whose annuity is so reduced.

"(5) RIGHTS AND OBLIGATIONS RESULTING FROM REDUCED ANNUITY ELECTION.—Rights and obligations resulting from the election of a reduced annuity under this subsection shall be the same as the rights and obligations that would have resulted

had the participant involved elected such annuity at the time of retirement.

"(d) ANNUITIES FOR SURVIVING CHILDREN.—

"(1) PARTICIPANTS DYING BEFORE APRIL 1, 1992.—In the case of a retired participant who died before April 1, 1992, and who is survived by a child or children—

"(A) if the retired participant was survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(A); and

"(B) if the retired participant was not survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(B).

"(2) PARTICIPANTS DYING ON OR AFTER APRIL 1, 1992.—In the case of a retired participant who dies on or after April 1, 1992, and who is survived by a child or children—

"(A) if the retired participant is survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(A); and

"(B) if the retired participant is not survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid to or on behalf of each such surviving child an annuity determined under paragraph (3)(B).

"(3) AMOUNT OF ANNUITY.—

"(A) The annual amount of an annuity for the surviving child of a participant covered by paragraph (1)(A) or (2)(A) of this subsection (or covered by paragraph (1)(A) or (2)(A) of section 232(c)) is the smallest of the following:

"(B) The amount of an annuity for the surviving child of a participant covered by paragraph (1)(B) or (2)(B) of this subsection (or covered by paragraph (1)(B) or (2)(B) of section 232(c)) is the smallest of the following:

"(iii) $3,240, as adjusted under section 291, divided by the number of children.

"(4) RECOMPUTATION OF CHILD ANNUITIES.—

"(A) In the case of a child annuity payable under paragraph (1), upon the death of a surviving spouse or the termination of the annuity of a child, the annuities of any remaining children shall be recomputed and paid as though the spouse or child had not survived the retired participant.

"(B) In the case of a child annuity payable under paragraph (2), upon the death of a surviving spouse or

former spouse or termination of the annuity of a child, the annuities of any remaining children shall be recomputed and paid as though the spouse, former spouse, or child had not survived the retired participant. If the annuity of a surviving child who has not been receiving an annuity is initiated or resumed, the annuities of any other children shall be recomputed and paid from that date as though the annuities of all currently eligible children were then being initiated.

"(5) DEFINITION OF FORMER SPOUSE.—For purposes of this subsection, the term 'former spouse' includes any former wife or husband of the retired participant, regardless of the length of marriage or the amount of creditable service completed by the participant.

"(e) COMMENCEMENT AND TERMINATION OF CHILD ANNUITIES.—

"(1) COMMENCEMENT.—An annuity payable to a child under subsection (d), or under section 232(c), shall begin on the day after the date on which the participant or retired participant dies or, in the case of an individual over the age of 18 who is not a child within the meaning of section 102(b), shall begin or resume on the first day of the month in which the individual later becomes or again becomes a student as described in section 102(b). Such annuity may not commence until any lump-sum that has been paid is returned to the fund.

"(2) TERMINATION.—Such an annuity shall terminate on the last day of the month before the month in which the recipient of the annuity dies or no longer qualifies as a child (as defined in section 102(b)).

"(f) PARTICIPANTS NOT MARRIED AT TIME OF RETIREMENT.—

"(1) DESIGNATION OF PERSONS WITH INSURABLE INTEREST.—

"(A) AUTHORITY TO MAKE DESIGNATION.—Subject to the rights of former spouses under sections 221(b) and 222, at the time of retirement an unmarried participant found by the Director to be in good health may elect to receive an annuity reduced in accordance with subparagraph (B) and designate in writing an individual having an insurable interest in the participant to receive an annuity under the system. The amount of such an annuity shall be equal to 55 percent of the participant's reduced annuity after the participant's death.

"(B) REDUCTION IN PARTICIPANT'S ANNUITY.—The annuity payable to the participant making such election shall be reduced by 10 percent of an annuity computed under subsection (a) and by an additional 5 percent for each full 5 years the designated individual is younger than the participant. The election voids prospectively any election previously made under paragraph (1).

"(g) EFFECT OF DIVORCE AFTER RETIREMENT.—

"(1) RECOMPUTATION OF RETIRED PARTICIPANT'S ANNUITY UPON DIVORCE.—An annuity which is reduced under this section (or any similar prior provision of law) to provide a survivor annuity for a spouse shall, if the marriage of the retired participant to such spouse is dissolved, be recomputed and paid for each full month during which a retired participant is not married (or is remarried if there is no election in effect under paragraph (2)) as if the annuity had not been so reduced, subject to any reduction required to provide a survivor annuity under subsection (b) or (c) of section 222 or under section 226.

"(2) ELECTION OF SURVIVOR ANNUITY UPON SUBSEQUENT REMARRIAGE.—

"(A) IN GENERAL.—Upon remarriage, the retired participant may irrevocably elect, by means of a signed writing received by the Director within one year after such remarriage, to receive a reduced annuity for the purpose of providing an annuity for the new spouse of the retired participant in the event such spouse survives the retired participant. Such reduction shall be equal to the reduction in effect immediately before the dissolution of the previous marriage (unless such reduction is adjusted under section 222(b)(5) or elected under subparagraph (B)).

"(B) WHEN ANNUITY PREVIOUSLY NOT (OR NOT FULLY) REDUCED.—

"(i) ELECTION.—If the retired participant's annuity was not reduced (or was not fully reduced) to provide a survivor annuity for the participant's spouse or former spouse as of the time of retirement, the retired participant may make an election under the first sentence of subparagraph (A) upon remarriage to a spouse other than the spouse at the time of retirement. since the date the annuity commenced, plus interest.

"(II) The annual rate of interest for each year during which the retired participant's annuity would have been reduced if the election had been in effect since the date the annuity commenced shall be 6 percent.

"(III) If the retired participant does not make the deposit, the Director shall collect such amount by offset against the participant's annuity, up to a maximum of 25 percent of the net annuity otherwise payable to the retired participant, and the retired participant is deemed to consent to such offset.

"(IV) The deposit required by this subparagraph may be made by the surviving spouse of the retired participant.

"(C) EFFECTS OF ELECTION.—An election under this paragraph and the reduction in the participant's annuity shall be effective on the first day of the month beginning 9 months after the date of remarriage. "(1) SURVIVING SPOUSE.—A surviving spouse whose survivor annuity was terminated because of remarriage before attaining age 55 shall not be entitled under subsection (b)(3)(C) to the restoration of that survivor annuity payable from the fund unless the surviving spouse elects to receive it instead of any other survivor annuity to which the surviving spouse may be entitled under the system or any other retirement system for Government employees by reason of the remarriage.

"(2) FORMER SPOUSE.—A surviving former spouse of a participant or retired participant shall not become entitled under section 222(b) or 224 to a survivor annuity or to the restoration of a survivor annuity payable from the fund unless the surviving former spouse elects to receive it instead of any other survivor annuity to which the surviving former spouse may be entitled under this or any other retirement system for Government employees on the basis of a marriage to someone other than the participant.

"(3) SURVIVING SPOUSE OF POST-RETIREMENT MARRIAGE.—A surviving spouse who married a participant after the participant's retirement shall be entitled to a survivor annuity payable from the fund only upon electing that annuity instead of any other survivor annuity to which the surviving spouse may be entitled under this or any other retirement system for Government employees on the basis of a marriage to someone other than the retired participant.

Such supplemental survivor annuity shall be equal to 55 percent of the supplemental annuity of the annuitant.

"(2) REGULATIONS.—The Director shall prescribe regulations to provide for the application of paragraph (1) of this subsection and of subsection (b) of section 271 in any case in which an annuitant has a former spouse who was married to the recalled annuitant at any time during the period of recall service and who qualifies for an annuity under section 222(b).

"(B) LIMITATION ON OTHER SURVIVOR ANNUITIES BASED ON SERVICE OF SAME PARTICIPANT.—Once a survivor annuity has been provided under this subsection for any former spouse, a survivor annuity for another individual may thereafter be provided under this subsection (or section 221(b)(3)) with respect to the participant only for that portion (if any) of the maximum available which is not committed for survivor benefits for any former spouse whose prospective right to such annuity has not terminated by reason of death or remarriage.

"Part D—Benefits Accruing to Certain Participants

50 USC 2051.

"SEC. 231. RETIREMENT FOR DISABILITY OR INCAPACITY—MEDICAL EXAMINATION—RECOVERY.

"(a) DISABILITY RETIREMENT.—

"(1) ELIGIBILITY.—A participant who has become disabled shall, upon the participant's own application or upon order of the Director, be retired on an annuity computed under subsection (b).

"(2) STANDARD FOR DISABILITY DETERMINATION.—A participant shall be considered to be disabled only if the participant—

"(A) is found by the Director to be unable, because of disease or injury, to render useful and efficient service in the participant's position; and

"(B) is not qualified for reassignment, under procedures prescribed by the Director, to a vacant position in the Agency at the same grade or level and in which the participant would be able to render useful and efficient service.

"(3) TIME LIMIT FOR APPLICATION.—

"(A) ONE YEAR REQUIREMENT.—A claim may be allowed under this section only if the application is submitted before the participant is separated from the Agency or within one year thereafter.

"(B) WAIVER FOR MENTALLY INCOMPETENT PARTICIPANT.—The time limitation may be waived by the Director for a participant who, at the date of separation from the

Agency or within one year thereafter, is mentally incompetent, if the application is filed with the Agency within one year from the date of restoration of the participant to competency or the appointment of a fiduciary, whichever is earlier.

"(b) COMPUTATION OF DISABILITY ANNUITY.—

"(1) IN GENERAL.—Except as provided in paragraph (2), an annuity payable under subsection (a) shall be computed under section 221(a). However, if the disabled or incapacitated participant has less than 20 years of service credit toward retirement under the system at the time of retirement, the annuity shall be computed on the assumption that the participant has had 20 years of service, but the additional service credit that may accrue to a participant under this paragraph may not exceed the difference between the participant's age at the time of retirement and age 60.

"(2) COORDINATION WITH MILITARY RETIRED PAY AND VETERANS' COMPENSATION AND PENSION.—If a participant retiring under this section is receiving retired pay or retainer pay for military service (except that specified in section 252(e)(3)) or Department of Veterans Affairs compensation or pension in lieu of such retired or retainer pay, the annuity of that participant shall be computed under section 221(a), excluding credit for such military service from that computation. If the amount of the annuity so computed, plus the retired or retainer pay which is received, or which would be received but for the application of the limitation in section 5532 of title 5, United States Code, or the Department of Veterans Affairs compensation or pension in lieu of such retired or retainer pay, is less than the annuity that would be payable under this section in the absence of the previous sentence, an amount equal to the difference shall be added to the annuity payable under section 221(a).

"(c) MEDICAL EXAMINATIONS.—

"(1) MEDICAL EXAMINATION REQUIRED FOR DETERMINATION OF DISABILITY.—In each case, the participant shall be given a medical examination by one or more duly qualified physicians or surgeons designated by the Director to conduct examinations, and disability shall be determined by the Director on the basis of the advice of such physicians or surgeons.

"(2) ANNUAL REEXAMINATIONS UNTIL AGE 60.—Unless the disability is permanent, like examinations shall be made annually until the annuitant becomes age 60. If the Director determines on the basis of the advice of one or more duly qualified physicians or surgeons conducting such examinations that an annuitant has recovered to the extent that the annuitant can return to duty, the annuitant may apply for reinstatement or reappointment in the Agency within one year from the date the annuitant's recovery is determined.

"(3) REINSTATEMENT.—Upon application, the Director may reinstate any such recovered disability annuitant in the grade held at time of retirement, or the Director may, taking into consideration the age, qualifications, and experience of such annuitant, and the present grade of the annuitant's contemporaries in the Agency, appoint the annuitant to a grade higher than the one held before retirement.

"(4) TERMINATION OF DISABILITY ANNUITY.—Payment of the annuity shall continue until a date one year after the date of examination showing recovery or until the date of reinstatement or reappointment in the Agency, whichever is earlier.

"(5) PAYMENT OF FEES.—Fees for examinations under this subsection, together with reasonable traveling and other expenses incurred in order to submit to examination, may be paid out of the fund.

"(6) SUSPENSION OF ANNUITY PENDING REQUIRED EXAMINATION.—If the annuitant fails to submit to examination as required under this section, payment of the annuity shall be suspended until continuance of the disability is satisfactorily established.

"(7) TERMINATION OF ANNUITY UPON RESTORATION OF EARNING CAPACITY.—If the annuitant receiving a disability retirement annuity is restored to earning capacity before becoming age 60, payment of the annuity terminates on reemployment by the Government or 180 days after the end of the calendar year in which earning capacity is restored, whichever is earlier. Earning capacity shall be considered to be restored if in any calendar year the income of the annuitant from wages or self-employment, or both, equals at least 80 percent of the current rate of pay for the grade and step the annuitant held at the time of retirement.

"(d) TREATMENT OF RECOVERED DISABILITY ANNUITANT WHO IS NOT REINSTATED.—

"(1) SEPARATION.—If a recovered or restored disability annuitant whose annuity is discontinued is for any reason not reinstated or reappointed in the Agency, the annuitant shall be considered, except for service credit, to have been separated within the meaning of section 234 as of the date of termination of the disability annuity.

"(2) RETIREMENT.—After such termination, the recovered or restored annuitant shall be entitled to the benefits of section 234 or 241(b), except that the annuitant may elect voluntary retirement under section 233, if qualified thereunder, or may be placed by the Director in an involuntary retirement status under section 235(a), if qualified thereunder. Retirement rights under this paragraph shall be based on the provisions of this title in effect as of the date on which the disability annuity is discontinued.

"(3) FURTHER DISABILITY BEFORE AGE 62.—If, based on a current medical examination, the Director determines that a recovered annuitant has, before reaching age 62, again become totally disabled due to recurrence of the disability for which the annuitant was originally retired, the annuitant's terminated disability annuity (same type and rate) shall be reinstated from the date of such medical examination. If a restored-to-earning-capacity annuitant has not medically recovered from the disability for which retired and establishes to the Director's satisfaction that the annuitant's income from wages and self-employment in any calendar year before reaching age 62 was less than 80 percent of the rate of pay for the grade and step the annuitant held at the time of retirement, the annuitant's terminated disability annuity (same type and rate) shall be reinstated from the first of the next following year. If the annuitant has been allowed an involuntary or voluntary retire-

ment annuity in the meantime, the annuitant's reinstated disability annuity shall be substituted for it unless the annuitant elects to retain the former benefit.

"(e) COORDINATION OF BENEFITS.—

"(1) WORKERS' COMPENSATION.—A participant is not entitled to receive for the same period of time—

"(A) an annuity under this title, and

"(B) compensation for injury to, or disability of, such participant under subchapter I of chapter 81 of title 5, United States Code, other than compensation payable under section 8107 of such title.

"(2) SURVIVOR ANNUITIES.—An individual is not entitled to receive an annuity under this title and a concurrent benefit under subchapter I of chapter 81 of title 5, United States Code, on account of the death of the same person.

"(3) GREATER BENEFIT.—Paragraphs (1) and (2) do not bar the right of a claimant to the greater benefit conferred by either this title or subchapter I of chapter 81 of title 5, United States Code.

"(f) OFFSET FROM SURVIVOR ANNUITY FOR WORKERS' COMPENSATION PAYMENT.—

"(1) REFUND TO DEPARTMENT OF LABOR.—If an individual is entitled to an annuity under this title and the individual receives a lump-sum payment for compensation under section 8135 of title 5, United States Code, based on the disability or death of the same person, so much of the compensation as has been paid for a period extended beyond the date payment of the annuity commences, as determined by the Secretary of Labor, shall be refunded to the Department for credit to the Employees' Compensation Fund. Before the individual may receive the annuity, the individual shall—

"(A) refund to the Secretary of Labor the amount representing the commuted compensation payments for the extended period; or

"(B) authorize the deduction of the amount from the annuity.

"(2) SOURCE OF DEDUCTION.—Deductions from the annuity may be made from accrued or accruing payments. The amounts deducted and withheld from the annuity shall be transmitted to the Secretary for reimbursement to the Employees' Compensation Fund.

"(3) PRORATING DEDUCTION.—If the Secretary finds that the financial circumstances of an individual entitled to an annuity under this title warrant deferred refunding, deductions from the annuity may be prorated against and paid from accruing payments in such manner as the Secretary determines appropriate.

"SEC. 232. DEATH IN SERVICE. 50 USC 2052.

"(a) RETURN OF CONTRIBUTIONS WHEN NO ANNUITY PAYABLE.—If a participant dies and no claim for an annuity is payable under this title, the participant's lump-sum credit and any voluntary contributions made under section 281, with interest, shall be paid in the order of precedence shown in section 241(c).

"(b) SURVIVOR ANNUITY FOR SURVIVING SPOUSE OR FORMER SPOUSE.—

"(1) IN GENERAL.—If a participant dies before separation or retirement from the Agency and is survived by a spouse or by a former spouse qualifying for a survivor annuity under section 222(b), such surviving spouse shall be entitled to an annuity equal to 55 percent of the annuity computed in accordance with paragraphs (2) and (3) of this subsection and section 221(a), and any such surviving former spouse shall be entitled to an annuity computed in accordance with section 222(b) and paragraph (2) of this subsection as if the participant died after being entitled to an annuity under this title. The annuity of such surviving spouse or former spouse shall commence on the day after the participant dies and shall terminate on the last day of the month before the death or remarriage before attaining age 55 of the surviving spouse or former spouse (subject to the payment and restoration provisions of sections 221(b)(3)(C), 221(h), and 222(b)(3)).

"(2) COMPUTATION.—The annuity payable under paragraph (1) shall be computed in accordance with section 221(a), except that the computation of the annuity of the participant under such section shall be at least the smaller of (A) 40 percent of the participant's high-3 average pay, or (B) the sum obtained under such section after increasing the participant's length of service by the difference between the participant's age at the time of death and age 60.

"(3) LIMITATION.—Notwithstanding paragraph (1), if the participant had a former spouse qualifying for an annuity under section 222(b), the annuity of a surviving spouse under this section shall be subject to the limitation of section 221(b)(3)(B), and the annuity of a former spouse under this section shall be subject to the limitation of section 222(b)(4)(B).

"(4) PRECEDENCE OF SECTION 224 SURVIVOR ANNUITY OVER DEATH-IN-SERVICE ANNUITY.—If a former spouse who is eligible for a death-in-service annuity under this section is or becomes eligible for an annuity under section 222, the annuity provided under this section shall not be payable and shall be superseded by the annuity under section 224.

"(c) ANNUITIES FOR SURVIVING CHILDREN.—

"(1) PARTICIPANTS DYING BEFORE APRIL 1, 1992.—In the case of a participant who before April 1, 1992, died before separation or retirement from the Agency and who was survived by a child or children—

"(A) if the participant was survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under section 221(d)(3)(A); and

"(B) if the participant was not survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under section 221(d)(3)(B).

"(2) PARTICIPANTS DYING ON OR AFTER APRIL 1, 1992.—In the case of a participant who on or after April 1, 1992, dies before separation or retirement from the Agency and who is survived by a child or children—

"(A) if the participant is survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid from the fund

to or on behalf of each such surviving child an annuity determined under section 221(d)(3)(A); and

"(B) if the participant is not survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid to or on behalf of each such surviving child an annuity determined under section 221(d)(3)(B).

"(3) FORMER SPOUSE DEFINED.—For purposes of this subsection, the term 'former spouse' includes any former wife or husband of a participant, regardless of the length of marriage or the amount of creditable service completed by the participant.

"SEC. 233. VOLUNTARY RETIREMENT. 50 USC 2053.

"A participant who is at least 50 years of age and has completed 20 years of service may, on the participant's application and with the consent of the Director, be retired from the Agency and receive benefits in accordance with the provisions of section 221 if the participant has not less than 10 years of service with the Agency.

"SEC. 234. DISCONTINUED SERVICE BENEFITS. 50 USC 2054.

"(a) DEFERRED ANNUITY.—A participant who separates from the Agency may, upon separation or at any time before the commencement of an annuity under this title, elect—

"(1) to have the participant's contributions to the fund returned to the participant in accordance with section 241(a); or

"(2) except in a case in which the Director determines that separation was based in whole or in part on the ground of disloyalty to the United States, to leave the contributions in the fund and receive an annuity, computed as prescribed in section 221, commencing at age 62.

"(b) REFUND OF CONTRIBUTIONS IF FORMER PARTICIPANT DIES BEFORE AGE 62.—If a participant who qualifies under subsection (a) to receive a deferred annuity commencing at age 62 dies before reaching age 62, the participant's contributions to the fund, with interest, shall be paid in accordance with the provisions of sections 241 and 281.

"SEC. 235. MANDATORY RETIREMENT. 50 USC 2055.

"(a) INVOLUNTARY RETIREMENT.—

"(1) AUTHORITY OF DIRECTOR.—The Director may, in the Director's discretion, place in a retired status any participant in the system described in paragraph (2).

"(2) Paragraph (1) applies with respect to any participant who has not less than 10 years of service with the Agency and who—

"(A) has completed at least 25 years of service; or

"(B) is at least 50 years of age and has completed at least 20 years of service.

"(b) MANDATORY RETIREMENT FOR AGE.—

"(B) upon reaching age 60, in the case of any other participant in the system.

"(2) EFFECTIVE DATE OF RETIREMENT.—Retirement under paragraph (1) shall be effective on the last day of the month in which the participant reaches the age applicable to that participant under that paragraph.

"(3) AUTHORITY FOR EXTENSION.—In any case in which the Director determines it to be in the public interest, the Director may extend the mandatory retirement date for a participant under this subsection by a period of not to exceed 5 years.

"(c) RETIREMENT BENEFITS.—A participant retired under this section shall receive retirement benefits in accordance with section 221.

50 USC 2056.

"SEC. 236. ELIGIBILITY FOR ANNUITY.

"(a) ONE-OUT-OF-TWO REQUIREMENT.—A participant must complete, within the last two years before any separation from service (except a separation because of death or disability) at least one year of creditable civilian service during which the participant is subject to this title and in a pay status before the participant or the participant's survivors are eligible for an annuity under this title based on that separation.

"(b) REFUND OF CONTRIBUTIONS FOR TIME NOT ALLOWED FOR CREDIT.—If a participant (other than a participant separated from the service because of death or disability) fails to meet the service and pay status requirement of subsection (a), any amounts deducted from the participant's pay during the period for which no eligibility is established based on the separation shall be returned to the participant on the separation.

"(c) EXCEPTION.—Failure to meet the service and pay status requirement of subsection (a) shall not deprive the participant or the participant's survivors of any annuity to which they may be entitled under this title based on a previous separation.

"Part E—Lump-Sum Payments

50 USC 2071.

"SEC. 241. LUMP-SUM PAYMENTS.

"(a) ENTITLEMENT TO LUMP-SUM CREDIT.—Subject to section 252(d) and subsection (b) of this section, a participant who—

"(1) is separated from the Agency for at least 31 consecutive days and is not transferred to employment covered by another retirement system for Government employees;

"(2) files an application with the Director for payment of the lump-sum credit;

"(3) is not reemployed in a position in which the participant is subject to this title at the time the participant files the application; and

"(4) will not become eligible to receive an annuity under this title within 31 days after filing the application,

is entitled to be paid the lump-sum credit. Receipt of the payment of the lump-sum credit by the former participant voids all annuity rights under this title based on the service on which the lump-sum credit is based, until the former participant is reemployed in service subject to this title.

"(b) CONDITIONS FOR PAYMENT OF LUMP-SUM CREDIT.—

"(1) IN GENERAL.—Whenever a former participant becomes entitled to receive payment of the lump-sum credit under subsection (a), such lump-sum credit shall be paid to the former participant and to any former spouse or former wife or husband of the former participant in accordance with paragraphs (2) through (4). The former participant's lump-sum credit shall be reduced by the amount of the lump-sum credit payable to any former spouse or former wife or husband.

"(2) PRO RATA SHARE FOR FORMER SPOUSE.—Unless otherwise expressly provided by any spousal agreement or court order under section 264(b), a former spouse of the former participant shall be entitled to receive a share of such participant's lump-sum credit—

"(A) if married to the participant throughout the period of creditable service of the participant, equal to 50 percent of such lump-sum credit; or

"(B) if not married to the participant throughout such creditable service, equal to a proportion of 50 percent of such lump-sum credit which is the proportion that the number of days of the marriage of the former spouse to the participant during periods of creditable service of such participant bears to the total number of days of such creditable service.

"(3) SHARE FOR FORMER WIFE OR HUSBAND.—Payment of the former participant's lump-sum credit shall be subject to the terms of a court order under section 264(c) concerning any former wife or husband of the former participant if—

"(A) the court order expressly relates to any portion of such lump-sum credit; and

"(B) payment of the lump-sum credit would extinguish entitlement of such former wife or husband to a survivor annuity under section 226 or to any portion of the participant's annuity under section 264(c).

"(4) NOTIFICATION.—A lump-sum credit may be paid to or for the benefit of a former participant—

"(A) only upon written notification to (i) the current spouse, if any, (ii) any former spouse, and (iii) any former wife or husband who has a court order covered by paragraph (3); and

"(B) only if the express written concurrence of the current spouse has been received by the Director.

This paragraph may be waived under circumstances described in section 221(b)(1)(D).

"(c) ORDER OF PRECEDENCE OF PAYMENT.—A lump-sum benefit that would have been payable to a participant, former participant, or annuitant, or to a survivor annuitant, authorized by subsection (d) or (e) of this section or by section 234(b) or 281(d) shall be paid in the following order of precedence to individuals surviving the participant and alive on the date entitlement to the payment arises, upon establishment of a valid claim therefor, and such payment bars recovery by any other individual:

"(1) To the beneficiary or beneficiaries designated by such participant in a signed and witnessed writing received by the Director before the participant's death. For this purpose, a designation, change, or cancellation of beneficiary in a will or other document not so executed and filed with the Director shall have no force or effect.

"(2) If there is no designated beneficiary, to the surviving wife or husband of such participant.

"(3) If none of the above, to the child or children of such participant and descendent of deceased children by representation.

"(4) If none of the above, to the parents of such participant or the survivor of them.

"(5) If none of the above, to the duly appointed executor or administrator of the estate of such participant.

"(6) If none of the above, to such other next of kin of such participant as the Director determines to be legally entitled to such payment.

"(d) DEATH OF FORMER PARTICIPANT BEFORE RETIREMENT.—

"(1) IN GENERAL.—Except as provided in paragraph (2), if a former participant eligible for a deferred annuity under section 234 dies before reaching age 62, such former participant's lump-sum credit shall be paid in accordance with subsection (c).

"(2) LIMITATION.—In any case where there is a surviving former spouse or surviving former wife or husband of such participant who is entitled to a share of such participant's lump-sum credit under paragraphs (2) and (3) of subsection (b), the lump-sum credit payable under paragraph (1) shall be reduced by the lump-sum credit payable to such former spouse or former wife or husband.

"(e) TERMINATION OF ALL ANNUITY RIGHTS.—If all annuity rights under this title based on the service of a deceased participant or annuitant terminate before the total annuity paid equals the lump-sum credit, the difference shall be paid in accordance with subsection (c).

"(f) TERMINATION OF SURVIVOR ANNUITY.—An annuity accrued and unpaid on the termination, except by death, of the annuity of a survivor annuitant shall be paid to that individual. An annuity accrued and unpaid on the death of a survivor annuitant shall be paid in the following order of precedence, and the payment bars recovery by any other individual:

"(1) To the duly appointed executor or administrator of the estate of the survivor annuitant.

"(2) If there is no executor or administrator, to such next of kin of the survivor annuitant as the Director determines to be legally entitled to such payment, except that no payment shall be made under this paragraph until after the expiration of 30 days from the date of death of the survivor annuitant.

"Part F—Period of Service for Annuities

50 USC 2081.

"SEC. 251. COMPUTATION OF LENGTH OF SERVICE.

"(a) IN GENERAL.—

"(1) CREDITING SERVICE AS PARTICIPANT.—For the purposes of this title, the period of service of a participant shall be computed from the date on which the participant becomes a participant under this title.

"(2) EXCLUSION OF CERTAIN PERIODS.—In computing the period of service of a participant, all periods of separation from the Agency and so much of any leave of absence without pay as may exceed six months in the aggregate in any calendar

year shall be excluded, except leaves of absence while receiving benefits under chapter 81 of title 5, United States Code, and leaves of absence granted participants while performing active and honorable service in the Armed Forces.

"(3) CREDITING CERTAIN PERIODS OF SEPARATION.—A participant or former participant who returns to Government duty after a period of separation shall have included in the participant or former participant's period of service that part of the period of separation in which the participant or former participant was receiving benefits under chapter 81 of title 5, United States Code.

"(b) EXTRA CREDIT FOR PERIODS SERVED AT UNHEALTHFUL POSTS OVERSEAS.—

"(1) CLASSIFICATION OF CERTAIN POSTS AS UNHEALTHFUL.—The Director may from time to time establish a list of places outside the United States that, by reason of climatic or other extreme conditions, are to be classed as unhealthful posts. Such list shall be established in consultation with the Secretary of State.

"(2) EXTRA CREDIT.—Each year of duty at a post on the list established under paragraph (1), inclusive of regular leaves of absence, shall be counted as one and a half years in computing the length of service of a participant under this title for the purpose of retirement. In computing such service, any fractional month shall be treated as a full month.

"(3) COORDINATION WITH BENEFITS UNDER TITLE 5.—Extra credit for service at an unhealthful post may not be credited to a participant who is paid a differential under section 5925 or 5928 of title 5, United States Code, for the same service.

"SEC. 252. PRIOR SERVICE CREDIT. 50 USC 2082.

"(a) IN GENERAL.—A participant may, subject to the provisions of this section, include in the participant's period of service—

"(1) civilian service in the Government before becoming a participant that would be creditable toward retirement under subchapter III of chapter 83 of title 5, United States Code (as determined under section 8332(b) of such title); and

"(2) honorable active service in the Armed Forces before the date of the separation upon which eligibility for an annuity is based, or honorable active service in the Regular or Reserve Corps of the Public Health Service after June 30, 1960, or as a commissioned officer of the National Oceanic and Atmospheric Administration after June 30, 1961.

"(b) LIMITATIONS.—

"(1) IN GENERAL.—Except as provided in paragraphs (2) and (3), the total service of any participant shall exclude—

"(A) any period of civilian service on or after October 1, 1982, for which retirement deductions or deposits have not been made,

"(B) any period of service for which a refund of contributions has been made, or

"(C) any period of service for which contributions were not transferred pursuant to subsection (c)(1);

unless the participant makes a deposit to the fund in an amount equal to the percentages of basic pay received for such service as specified in the table contained in section 8334(c) of title 5, United States Code, together with interest computed in

accordance with section 8334(e) of such title. The deposit may be made in one or more installments (including by allotment from pay), as determined by the Director.

"(2) EFFECT OF RETIREMENT DEDUCTIONS NOT MADE.—If a participant has not paid a deposit for civilian service performed before October 1, 1982, for which retirement deductions were not made, such participant's annuity shall be reduced by 10 percent of the deposit described in paragraph (1) remaining unpaid, unless the participant elects to eliminate the service involved for the purpose of the annuity computation.

"(3) EFFECT OF REFUND OF RETIREMENT CONTRIBUTIONS.—A participant who received a refund of retirement contributions under this or any other retirement system for Government employees covering service for which the participant may be allowed credit under this title may deposit the amount received, with interest computed under paragraph (1). Credit may not be allowed for the service covered by the refund until the deposit is made, except that a participant who—

"(A) separated from Government service before October 1, 1990, and received a refund of the participant's retirement contributions covering a period of service ending before October 1, 1990;

"(B) is entitled to an annuity under this title (other than a disability annuity) which commences after December 1, 1992; and

"(C) does not make the deposit required to receive credit for the service covered by the refund;

shall be entitled to an annuity actuarially reduced in accordance with section 8334(d)(2)(B) of title 5, United States Code.

"(4) ENTITLEMENT UNDER ANOTHER SYSTEM.—Credit toward retirement under the system shall not be allowed for any period of civilian service on the basis of which the participant is receiving (or will in the future be entitled to receive) an annuity under another retirement system for Government employees, unless the right to such annuity is waived and a deposit is made under paragraph (1) covering that period of service, or a transfer is made pursuant to subsection (c).

"(c) TRANSFER FROM OTHER GOVERNMENT RETIREMENT SYSTEMS.—

"(1) IN GENERAL.—If an employee who is under another retirement system for Government employees becomes a participant in the system by direct transfer, the Government's contributions (including interest accrued thereon computed in accordance with section 8334(e) of title 5, United States Code) under such retirement system on behalf of the employee as well as such employee's total contributions and deposits (including interest accrued thereon), except voluntary contributions, shall be transferred to the employee's credit in the fund effective as of the date such employee becomes a participant in the system.

"(2) CONSENT OF EMPLOYEE.—Each such employee shall be deemed to consent to the transfer of such funds, and such transfer shall be a complete discharge and acquittance of all claims and demands against the other Government retirement fund on account of service rendered before becoming a participant in the system.

"(3) ADDITIONAL CONTRIBUTIONS; REFUNDS.—A participant whose contributions are transferred pursuant to paragraph (1) shall not be required to make additional contributions for periods of service for which full contributions were made to the other Government retirement fund, nor shall any refund be made to any such participant on account of contributions made during any period to the other Government retirement fund at a higher rate than that fixed for employees by section 8334(c) of title 5, United States Code, for contributions to the fund.

"(d) TRANSFER TO OTHER GOVERNMENT RETIREMENT SYSTEMS.—

"(1) IN GENERAL.—If a participant in the system becomes an employee under another Government retirement system by direct transfer to employment covered by such system, the Government's contributions (including interest accrued thereon computed in accordance with section 8334(e) of title 5, United States Code) to the fund on the participant's behalf as well as the participant's total contributions and deposits (including interest accrued thereon), except voluntary contributions, shall be transferred to the participant's credit in the fund of such other retirement system effective as of the date on which the participant becomes eligible to participate in such other retirement system.

"(2) CONSENT OF EMPLOYEE.—Each such employee shall be deemed to consent to the transfer of such funds, and such transfer shall be a complete discharge and acquittance of all claims and demands against the fund on account of service rendered before the participant's becoming eligible for participation in that other system.

"(e) PRIOR MILITARY SERVICE CREDIT.—

"(1) APPLICATION TO OBTAIN CREDIT.—If a deposit required to obtain credit for prior military service described in subsection (a)(2) was not made to another Government retirement fund and transferred under subsection (c)(1), the participant may obtain credit for such military service, subject to the provisions of this subsection and subsections (f) through (h), by applying for it to the Director before retirement or separation from the Agency.

"(2) EMPLOYMENT STARTING BEFORE, ON, OR AFTER OCTOBER 1, 1982.—Except as provided in paragraph (3)—

"(A) the service of a participant who first became a Federal employee before October 1, 1982, shall include credit for each period of military service performed before the date of separation on which entitlement to an annuity under this title is based, subject to section 252(f); and

"(B) the service of a participant who first becomes a Federal employee on or after October 1, 1982, shall include credit for—

"(i) each period of military service performed before January 1, 1957, and

"(ii) each period of military service performed after December 31, 1956, and before the separation on which entitlement to an annuity under this title is based, only if a deposit (with interest, if any) is made with respect to that period, as provided in subsection (h).

"(3) EFFECT OF RECEIPT OF MILITARY RETIRED PAY.—In the case of a participant who is entitled to retired pay based on a period of military service, the participant's service may not

include credit for such period of military service unless the retired pay is paid—

"(A) on account of a service-connected disability—

"(i) incurred in combat with an enemy of the United States; or

"(ii) caused by an instrumentality of war and incurred in the line of duty during a period of war (as defined in section 1101 of title 38, United States Code); or

"(B) under chapter 67 of title 10, United States Code.

"(4) SURVIVOR ANNUITY.—Notwithstanding paragraph (3), the survivor annuity of a survivor of a participant—

"(A) who was awarded retired pay based on any period of military service, and

"(B) whose death occurs before separation from the Agency,

shall be computed in accordance with section 8332(c)(3) of title 5, United States Code.

"(f) EFFECT OF ENTITLEMENT TO SOCIAL SECURITY BENEFITS.—

"(1) IN GENERAL.—Notwithstanding any other provision of this section (except paragraph (3) of this subsection) or section 253, any military service (other than military service covered by military leave with pay from a civilian position) performed by a participant after December 1956 shall be excluded in determining the aggregate period of service on which an annuity payable under this title to such participant or to the participant's spouse, former spouse, previous spouse, or child is based, if such participant, spouse, former spouse, previous spouse, or child is entitled (or would upon proper application be entitled), at the time of such determination, to monthly old-age or survivors' insurance benefits under section 202 of the Social Security Act (42 U.S.C. 402), based on such participant's wages and self-employment income. If the military service is not excluded under the preceding sentence, but upon attaining age 62, the participant or spouse, former spouse, or previous spouse becomes entitled (or would upon proper application be entitled) to such benefits, the aggregate period of service on which the annuity is based shall be redetermined, effective as of the first day of the month in which the participant or spouse, former spouse, or previous spouse attains age 62, so as to exclude such service.

"(2) LIMITATION.—The provisions of paragraph (1) relating to credit for military service do not apply to—

"(A) any period of military service of a participant with respect to which the participant has made a deposit with interest, if any, under subsection (h); or

"(B) the military service of any participant described in subsection (e)(2)(B).

"(3) EFFECT OF ENTITLEMENT BEFORE SEPTEMBER 8, 1982.—(A) The annuity recomputation required by paragraph (1) shall not apply to any participant who was entitled to an annuity under this title on or before September 8, 1982, or who is entitled to a deferred annuity based on separation from the Agency occurring on or before such date. Instead of an annuity recomputation, the annuity of such participant shall be reduced at age 62 by an amount equal to a fraction of the participant's old-age or survivors' insurance benefits under section 202 of

the Social Security Act. The reduction shall be determined by multiplying the participant's monthly Social Security benefit by a fraction, the numerator of which is the participant's total military wages and deemed additional wages (within the meaning of section 229 of the Social Security Act (42 U.S.C. 429)) that were subject to Social Security deductions and the denominator of which is the total of all the participant's wages, including military wages, and all self-employment income that were subject to Social Security deductions before the calendar year in which the determination month occurs.

"(B) The reduction determined in accordance with subparagraph (A) shall not be greater than the reduction that would be required under paragraph (1) if such paragraph applied to the participant. The new formula shall be applicable to any annuity payment payable after October 1, 1982, including annuity payments to participants who had previously reached age 62 and whose annuities had already been recomputed.

"(C) For purposes of this paragraph, the term 'determination month' means—

"(i) the first month for which the participant is entitled to old-age or survivors' insurance benefits (or would be entitled to such benefits upon application therefor); or

"(ii) October 1982, in the case of any participant entitled to such benefits for that month.

"(g) DEPOSITS PAID BY SURVIVORS.—For the purpose of survivor annuities, deposits authorized by subsections (b) and (h) may also be made by the survivor of a participant.

"(h) DEPOSITS FOR PERIODS OF MILITARY SERVICE.—

"(1) Each participant who has performed military service before the date of separation on which entitlement to an annuity under this title is based may pay to the Agency an amount equal to 7 percent of the amount of basic pay paid under section 204 of title 37, United States Code, to the participant for each period of military service after December 1956. The amount of such payments shall be based on such evidence of basic pay for military service as the participant may provide or, if the Director determines sufficient evidence has not been provided to adequately determine basic pay for military service, such payment shall be based upon estimates of such basic pay provided to the Director under paragraph (4).

"(2) Any deposit made under paragraph (1) more than two years after the later of—

"(A) October 1, 1983, or

"(B) the date on which the participant making the deposit first becomes an employee of the Federal Government,

shall include interest on such amount computed and compounded annually beginning on the date of expiration of the two-year period. The interest rate that is applicable in computing interest in any year under this paragraph shall be equal to the interest rate that is applicable for such year under section 8334(e) of title 5, United States Code.

"(3) Any payment received by the Director under this subsection shall be deposited in the Treasury of the United States to the credit of the fund.

"(4) The provisions of section 221(k) shall apply with respect to such information as the Director determines to be necessary

"(B) Any calculation under section 8442(f) of title 5, United States Code, of the supplementary annuity payable to a widow or widower of an employee referred to in section 302(a) shall be based on an 'assumed CIARDS annuity' rather than an 'assumed CSRS annuity' as stated in section 8442(f) of such title. For the purpose of this subparagraph, the term 'assumed CIARDS annuity' means the amount of the survivor annuity to which the widow or widower would be entitled under title II of this Act based on the service of the deceased annuitant determined under section 8442(f)(5) of such title.

"(6) EFFECT OF TERMINATION OF QUALIFIED FORMER SPOUSE'S ENTITLEMENT.—After a qualified former spouse of a retired employee remarries before becoming age 55 or dies, the reduction in the retired employee's annuity for the purpose of providing a survivor annuity for such former spouse shall be terminated. The annuitant may elect, in a signed writing received by the Director within 2 years after the qualified former spouse's remarriage or death, to continue the reduction in order to provide or increase the survivor annuity for such

"(g) PAYMENT OF SHARE OF LUMP-SUM CREDIT.—Whenever an employee or former employee becomes entitled to receive the lump-sum credit under section 8424(a) of title 5, United States Code, a share (determined under subsection (c)(1)(B) of this section) of that lump-sum credit shall be paid to any qualified former spouse of such employee, unless otherwise expressly provided by any spousal agreement or court order governing disposition of the lump-sum credit involved.

Designating January 16, 1993, as "National Good Teen Day".

Oct. 24, 1992
[H.J. Res. 409]

Whereas Salem City Schools in Salem, Ohio, have proclaimed January 16, 1992, as "Good Teen Day";
Whereas there are more than twenty-four million teenagers in the United States according to the 1990 Census;
Whereas our Nation's teenagers represent an important part of our society, and the many physical and emotional changes and character-building experiences which teenagers go through are an important concern;
Whereas it is easy to stereotype teenagers as either those who have problems or those who excel;
Whereas teenagers should not simply be recognized for their intelligence, abilities, skills and talents, but rather for the good which is inherent in all human beings;
Whereas as unique individuals, teenagers are encouraged to esteem the good as well as the potential that is within each of them;
Whereas a day should be created to focus on the positive qualities in America's youth; and
Whereas teenagers are the future of this great country: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That January 16, 1993, is designated as "National Good Teen Day", and the President is authorized and requested to issue a proclamation calling on the people of the United States to observe such day by recognizing the teenagers of the United States and by participating in appropriate ceremonies and activities.

Oct. 24, 1992
[H.J. Res. 429]

Designating May 2, 1993, through May 8, 1993, as "Be Kind to Animals and National Pet Week".

Whereas 1992 marks the 77th anniversary of the American Humane Association's "Be Kind to Animals Week" and the 12th anniversary of "National Pet Week", sponsored by the American Veterinary Medical Association, the Auxiliary to the American Veterinary Medical Association, and the American Animal Hospital Association;

Whereas animals and pets give companionship and pleasure in daily living, share the homes of over 50,000,000 individuals or families in the United States, and provide special benefits to elderly persons and children;

Whereas the people of the United States have a firm commitment to promote responsible care of animals and pets and to guard against cruel and irresponsible treatment;

Whereas teaching kindness and respect for all living creatures through education in schools and communities is essential to the basic values of a humane and civilized society;

Whereas the people of the United States are grateful to the veterinary medical profession for providing preventative and emergency medical care and assistance to animals, spaying and neutering animals to combat overpopulation, and contributing to the education of animal owners; and

Whereas the people of the United States are indebted to animal protection organizations, State humane organizations, and local animal care and control agencies for promoting respect for animals and pets, educating children about humane attitudes, and caring for lost, unwanted, abused, and abandoned animals: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That May 2, 1993, through May 8, 1993, is designated as "Be Kind to Animals and National Pet Week". The President is authorized and requested to issue a proclamation calling upon the people of the United

Public Law 102-505
102d Congress

Joint Resolution

Oct. 24, 1992
[H.J. Res. 458]

Designating the week beginning October 25, 1992, as "World Population Awareness Week".

Whereas in 1992 the population of the world exceeds 5,000,000,000 persons and is growing at an unprecedented rate of approximately 90,000,000 persons per year;

Whereas virtually all of this growth is occurring in the poorest countries, those countries least able to provide even basic services for their current citizens;

Whereas the demands of growing populations have contributed substantially to enormous environmental devastation and pose threats of even greater harm to the world;

Whereas one-half of the 10,000,000 infant deaths and one-quarter of the 500,000 maternal deaths that occur each year in the developing world could be prevented if voluntary child spacing and maternal health programs could be substantially expanded;

Whereas research reveals that one-half of the women of reproductive age in the developing world want to limit the size of their families but lack the means or ability to gain access to family planning;

Whereas for more than 20 years the global community has recognized that it is a fundamental human right for people to voluntarily and responsibly determine the number and spacing of their children and the United States has been a leading advocate of this right;

Whereas the demands of growing populations force many countries to borrow heavily and sell off their natural resources to cover the interest on their debt;

Whereas selling off natural resources in these circumstances often causes irretrievable losses, such as the destruction of the tropical rain forests at a rate of 50,000 acres per day;

Whereas the reliance of a rapidly growing world population on burning fuels is a critical factor in the emission of carbon dioxide into the atmosphere, which many scientists believe has already catalyzed a warming of the Earth's climate;

Whereas pollution is damaging the ozone layer to such an extent that within 40 years the ultraviolet light reaching our planet is expected to be up to 20 percent greater than it is today; and

Whereas in 1990 and 1991 the Congress designated and President Bush proclaimed "World Population Awareness Week" nationally, and in 1991 37 State Governors proclaimed such week in their States, to call attention to the consequences of rapid population growth: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week

beginning October 25, 1992, is designated as "World Population Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate programs, ceremonies, and activities.

TITLE I—GENERAL PROVISIONS

SEC. 101. FINDINGS. 22 USC 5811.

The Congress finds that—

(1) recent developments in Russia and the other independent states of the former Soviet Union present an historic opportunity for a transition to a peaceful and stable international order and the integration of the independent states of the former Soviet Union into the community of democratic nations;

(2) the entire international community has a vital interest in the success of this transition, and the dimension of the problems now faced in the independent states of the former Soviet Union makes it imperative for donor countries and institutions to provide the expertise and support necessary to ensure continued progress on economic and political reforms;

(3) the United States is especially well-positioned because of its heritage and traditions to make a substantial contribution to this transition by building on current technical cooperation, medical, and food assistance programs, by assisting in the development of democratic institutions, and by fostering conditions that will encourage the United States business community to engage in trade and investment;

(4) failure to meet the opportunities presented by these developments could threaten United States national security interests and jeopardize substantial savings in United States defense that these developments have made possible;

(5) the independent states of the former Soviet Union face unprecedented environmental problems that jeopardize the quality of life and the very existence of not only their own peoples but also the peoples of other countries, and it is incumbent on the international community to assist the independent states in addressing these problems and in promoting sustainable use of resources and development;

(6) the success of United States assistance for the independent states of the former Soviet Union depends on—

(A) effective coordination of United States efforts with similar activities of friendly and allied donor countries and of international financial institutions, and

(B) reciprocal commitments by the governments of the independent states to work toward the creation of democratic institutions and an environment hospitable to foreign investment based upon the rule of law, including negotiation of bilateral and multilateral agreements on open trade and investment, adoption of commercial codes, establishment of transparency in regulatory and other governmental decision making, and timely payment of obligations carried over from previous governmental entities; and

(7) trade and investment opportunities in the independent states of the former Soviet Union will generate employment and other economic benefits for the United States as the economies of the independent states of the former Soviet Union begin to realize their enormous potential as both customers and suppliers.

22 USC 5812.

SEC. 202. WIC INFANT FORMULA PROTECTION.

(a) FINDINGS.—

(1) the domestic infant formula industry is one of the most concentrated manufacturing industries in the United States;

(2) only three pharmaceutical firms are responsible for almost all domestic infant formula production;

(3) coordination of pricing and marketing strategies is a potential danger where only a very few companies compete regarding a given product;

(4) improved competition among suppliers of infant formula to the special supplemental food program for women, infants, and children (WIC) can save substantial additional sums to be used to put thousands of additional eligible women, infants, and children on the WIC program; and

(5) barriers exist in the infant formula industry that inhibit the entry of new firms and thus limit competition.

(b) PURPOSES.—It is the purpose of this title to enhance competition among infant formula manufacturers and to reduce the per unit costs of infant formula for the special supplemental food program for women, infants, and children (WIC).

"(18) 'Rebate' means the amount of money refunded under cost containment procedures to any State agency from the manufacturer or other supplier of the particular food product as the result of the purchase of the supplemental food with a voucher or other purchase instrument by a participant in each such agency's program established under this section.

"(19) 'Discount' means, with respect to a State agency that provides program foods to participants without the use of retail grocery stores (such as a State that provides for the home delivery or direct distribution of supplemental food), the amount of the price reduction or other price concession provided to any State agency by the manufacturer or other supplier of the particular food product as the result of the purchase of program food by each such State agency, or its representative, from the supplier.

"(20) 'Net price' means the difference between the manufacturer's wholesale price for infant formula and the rebate level or the discount offered or provided by the manufacturer under a cost containment contract entered into with the pertinent State agency.".

Section 17(h)(8) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(h)(8)) is amended by striking subparagraph (G) and inserting the following new subparagraphs:

Contracts. Intergovernmental relations.

"(G)(i) The Secretary shall offer to solicit bids on behalf of State agencies regarding cost-containment contracts to be entered into by infant formula manufacturers and State agencies. The Secretary shall make the offer to State agencies once every 12 months. Each such bid solicitation shall only take place if two or more State agencies request the Secretary to perform the solicitation. For such State agencies, the Secretary shall solicit bids and select the winning bidder for a cost containment contract to be entered into by State agencies and infant formula manufacturers or suppliers.

"(ii) If the Secretary determines that the number of State agencies making the election in clause (i) so warrants, the Secretary may, in consultation with such State agencies, divide such State agencies into more than one group of such agencies and solicit bids for a contract for each such group. In determining the size of the groups of agencies, the Secretary shall, to the extent practicable, take into account the need to maximize the number of potential bidders so as to increase competition among infant formula manufacturers.

"(iii) State agencies that elect to authorize the Secretary to perform the bid solicitation and selection process on their behalf and enter into the resulting containment contract shall obtain the rebates or discounts from the manufacturers or suppliers participating in the contract.

"(iv) In soliciting bids and determining the winning bidder under clause (i), the Secretary shall comply with the requirements of subparagraphs (B) and (F).

"(v)(I) Except as provided in subclause (II), the term of the contract for which bids are to be solicited under this paragraph shall be announced by the Secretary in consultation with the affected State agencies and shall be not less than 2 years.

"(II) If the law of a State regarding the duration of contracts is inconsistent with subclause (I), the Secretary shall permit a 1-year contract, with the option provided to the State to extend the contract for additional years.

"(vi) In prescribing specifications for the bids, the Secretary shall ensure that the contracts to be entered into by the State agencies and the infant formula manufacturers or suppliers provide

for a constant net price for infant formula products for the full term of the contracts and provide for rebates or discounts for all units of infant formula sold through the program that are produced by the manufacturer awarded the contract and that are for a type of formula product covered under the contract. The contracts shall cover all types of infant formula products normally covered under cost containment contracts entered into by State agencies.

"(vii) The Secretary shall also develop procedures for—

"(I) rejecting all bids for any joint contract and announcing a resolicitation of infant formula bids where necessary;

"(II) permitting a State agency that has authorized the Secretary to undertake bid solicitation on its behalf under this subparagraph to decline to enter into the joint contract to be negotiated and awarded pursuant to the solicitation if the agency promptly determines after the bids are opened that participation would not be in the best interest of its program; and

"(III) assuring infant formula manufacturers submitting a bid under this subparagraph that a contract awarded pursuant to the bid will cover State agencies serving no fewer than a number of infants to be specified in the bid solicitation.

"(viii) The bid solicitation and selection process on behalf of the State agencies shall be conducted in accordance with any procedures the Secretary deems necessary for the effective and efficient administration of the bid solicitation and selection process and consistent with the requirements of this subparagraph. The procedures established by the Secretary shall ensure that—

"(I) the bid solicitation and selection process is conducted in a manner providing full and open competition; and

"(II) the bid solicitation and selection process is free of any real or apparent conflict of interest.".

"(H) In soliciting bids for contracts for infant formula for the program authorized by this section, the Secretary shall solicit bids from infant formula manufacturers under procedures in which bids for rebates or discounts are solicited for milk-based and soy-based infant formula, separately, except where the Secretary determines that such solicitation procedures are not in the best interest of the program.

"(I) To reduce the costs of any supplemental foods, the Secretary—

"(i) shall promote, but not require, the joint purchase of infant formula among State agencies electing not to participate under the procedures set forth in subparagraph (G);

"(ii) shall encourage and promote (but not require) the purchase of supplemental foods other than infant formula under cost containment procedures;

"(iii) shall inform State agencies of the benefits of cost containment and provide assistance and technical advice at State agency request regarding the State agency's use of cost containment procedures;

"(iv) shall encourage (but not require) the joint purchase of supplemental foods other than infant formula under procedures specified in subparagraph (B), if the Secretary determines that—

"(I) the anticipated savings are expected to be significant;

"(II) the administrative expenses involved in purchasing the food item through competitive bidding procedures, whether under a rebate or discount system, will not exceed the savings anticipated to be generated by the procedures; and

"(III) the procedures would be consistent with the purposes of the program; and

"(v) may make available additional funds to State agencies out of the funds otherwise available under paragraph (1)(A) for nutrition services and administration in an amount not exceeding one half of 1 percent of the amounts to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

"(J)(i) Any person, company, corporation, or other legal entity that submits a bid to supply infant formula to carry out the program authorized by this section and announces or otherwise discloses the amount of the bid, or the rebate or discount practices of such entities, in advance of the time the bids are opened by the Secretary or the State agency, or any person, company, corporation, or other legal entity that makes a statement (prior to the opening of bids) relating to levels of rebates or discounts, for the purpose of influencing a bid submitted by any other person, shall be ineligible to submit bids to supply infant formula to the program for the bidding in progress for up to 2 years from the date the bids are opened and shall be subject to a civil penalty of up to $100,000,000, as determined by the Secretary to provide restitution to the program for harm done to the program. The Secretary shall issue regulations providing such person, company, corporation, or other legal entity appropriate notice, and an opportunity to be heard and to respond to charges. Regulations.

"(ii) The Secretary shall determine the length of the disqualification, and the amount of the civil penalty referred to in clause (i) based on such factors as the Secretary by regulation determines appropriate.

"(iii) Any person, company, corporation, or other legal entity disqualified under clause (i) shall remain obligated to perform any requirements under any contract to supply infant formula existing at the time of the disqualification and until each such contract expires by its terms.

"(K) Not later than the expiration of the 180-day period beginning on the date of enactment of this subparagraph, the Secretary shall prescribe regulations to carry out this paragraph.". Regulations.

SEC. 205. PROCEDURES TO REDUCE PURCHASES OF LOW-IRON INFANT FORMULA.

Section 17(f) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(f)) is amended by adding at the end the following new paragraph:

"(22) In the State plan submitted to the Secretary for fiscal year 1994, each State agency shall advise the Secretary regarding the procedures to be used by the State agency to reduce the purchase of low-iron infant formula for infants on the program for whom such formula has not been prescribed by a physician or other appropriate health professional, as determined by regulations issued by the Secretary.". (1) by striking "formula shall—" and inserting "formula—";

(2) by inserting "shall" after the clause designations of each of clauses (i), (ii), and (iii);

(3) by striking "and" at the end of clause (ii);

Entitled the "Cancer Registries Amendment Act".

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Cancer Registries Amendment Act.
Diseases.
Health and health care.
42 USC 201 note.
42 USC 280e note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Cancer Registries Amendment Act".

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) cancer control efforts, including prevention and early detection, are best addressed locally by State health departments that can identify unique needs;

(2) cancer control programs and existing statewide population-based cancer registries have identified cancer incidence and cancer mortality rates that indicate the burden of cancer for Americans is substantial and varies widely by geographic location and by ethnicity;

(3) statewide cancer incidence and cancer mortality data, can be used to identify cancer trends, patterns, and variation for directing cancer control intervention;

(4) the American Association of Central Cancer Registries (AACCR) cites that of the 50 States, approximately 38 have established cancer registries, many are not statewide and 10 have no cancer registry; and

(5) AACCR also cites that of the 50 States, 39 collect data on less than 100 percent of their population, and less than half have adequate resources for insuring minimum standards for quality and for completeness of case information.

(b) PURPOSE.—It is the purpose of this Act to establish a national program of cancer registries.

SEC. 3. NATIONAL PROGRAM OF CANCER REGISTRIES.

Title III of the Public Health Service Act (42 U.S.C. 241 et seq.) is amended by adding at the end the following new part:

"PART M—NATIONAL PROGRAM OF CANCER REGISTRIES

42 USC 280e.

"SEC. 399H. NATIONAL PROGRAM OF CANCER REGISTRIES.

"(a) IN GENERAL.—The Secretary, acting through the Director of the Centers for Disease Control, may make grants to States, or may make grants or enter into contracts with academic or nonprofit organizations designated by the State to operate the State's cancer registry in lieu of making a grant directly to the State, to support the operation of population-based, statewide cancer registries in order to collect, for each form of in-situ and invasive cancer (with the exception of basal cell and squamous cell carcinoma of the skin), data concerning—

"(1) demographic information about each case of cancer;

"(2) information on the industrial or occupational history of the individuals with the cancers, to the extent such information is available from the same record;

"(3) administrative information, including date of diagnosis and source of information;

"(4) pathological data characterizing the cancer, including the cancer site, stage of disease (pursuant to Staging Guide), incidence, and type of treatment; and

"(5) other elements determined appropriate by the Secretary.

"(b) MATCHING FUNDS.—

"(1) IN GENERAL.—The Secretary may make a grant under subsection (a) only if the State, or the academic or nonprofit private organization designated by the State to operate the cancer registry of the State, involved agrees, with respect to the costs of the program, to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 25 percent of such costs or $1 for every $3 of Federal funds provided in the grant.

"(2) DETERMINATION OF AMOUNT OF NON-FEDERAL CONTRIBUTION; MAINTENANCE OF EFFORT.—

"(A) Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

"(B) With respect to a State in which the purpose described in subsection (a) is to be carried out, the Secretary, in making a determination of the amount of non-Federal contributions provided under paragraph (1), may include only such contributions as are in excess of the amount of such contributions made by the State toward the collection of data on cancer for the fiscal year preceding the first year for which a grant under subsection (a) is made with respect to the State. The Secretary may decrease the amount of non-Federal contributions that otherwise would have been required by this subsection in those cases in which the State can demonstrate that decreasing such amount is appropriate because of financial hardship.

"(c) ELIGIBILITY FOR GRANTS.—

"(1) IN GENERAL.—No grant shall be made by the Secretary under subsection (a) unless an application has been submitted to, and approved by, the Secretary. Such application shall be in such form, submitted in such a manner, and be accompanied by such information, as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and in accordance with the requirements of this section, that the application will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under subsection (a)

of this section, and that the applicant will comply with the peer review requirements under sections 491 and 492.

"(2) ASSURANCES.—Each applicant, prior to receiving Federal funds under subsection (a), shall provide assurances satisfactory to the Secretary that the applicant will—

"(A) provide for the establishment of a registry in accordance with subsection (a);

"(B) comply with appropriate standards of completeness, timeliness, and quality of population-based cancer registry data;

"(C) provide for the annual publication of reports of cancer data under subsection (a); and

"(D) provide for the authorization under State law of the statewide cancer registry, including promulgation of regulations providing—

"(i) a means to assure complete reporting of cancer cases (as described in subsection (a)) to the statewide cancer registry by hospitals or other facilities providing screening, diagnostic or therapeutic services to patients with respect to cancer;

"(ii) a means to assure the complete reporting of cancer cases (as defined in subsection (a)) to the statewide cancer registry by physicians, surgeons, and all other health care practitioners diagnosing or providing treatment for cancer patients, except for cases directly referred to or previously admitted to a hospital or other facility providing screening, diagnostic or therapeutic services to patients in that State and reported by those facilities;

"(iii) a means for the statewide cancer registry to access all records of physicians and surgeons, hospitals, outpatient clinics, nursing homes, and all other facilities, individuals, or agencies providing such services to patients which would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified patient;

"(iv) for the reporting of cancer case data to the statewide cancer registry in such a format, with such data elements, and in accordance with such standards of quality timeliness and completeness, as may be established by the Secretary;

"(v) for the protection of the confidentiality of all cancer case data reported to the statewide cancer registry, including a prohibition on disclosure to any person of information reported to the statewide cancer registry that identifies, or could lead to the identification of, an individual cancer patient, except for disclosure to other State cancer registries and local and State health officers;

"(vi) for a means by which confidential case data may in accordance with State law be disclosed to cancer researchers for the purposes of cancer prevention, control and research;

"(vii) for the authorization or the conduct, by the statewide cancer registry or other persons and organizations, of studies utilizing statewide cancer reg-

istry data, including studies of the sources and causes of cancer, evaluations of the cost, quality, efficacy, and appropriateness of diagnostic, therapeutic, rehabilitative, and preventative services and programs relating to cancer, and any other clinical, epidemiological, or other cancer research; and

"(viii) for protection for individuals complying with the law, including provisions specifying that no person shall be held liable in any civil action with respect to a cancer case report provided to the statewide cancer registry, or with respect to access to cancer case information provided to the statewide cancer registry.

"(d) RELATIONSHIP TO CERTAIN PROGRAMS.—

"(1) IN GENERAL.—This section may not be construed to act as a replacement for or diminishment of the program carried out by the Director of the National Cancer Institute and designated by such Director as the Surveillance, Epidemiology, and End Results Program (SEER).

"(2) SUPPLANTING OF ACTIVITIES.—In areas where both such programs exist, the Secretary shall ensure that SEER support is not supplanted and that any additional activities are consistent with the guidelines provided for in subsection (c)(2) (C) and (D) and are appropriately coordinated with the existing SEER program.

"(3) TRANSFER OF RESPONSIBILITY.—The Secretary may not transfer administration responsibility for such SEER program from such Director.

"(4) COORDINATION.—To encourage the greatest possible efficiency and effectiveness of Federally supported efforts with respect to the activities described in this subsection, the Secretary shall take steps to assure the appropriate coordination of programs supported under this part with existing Federally supported cancer registry programs.

"(e) REQUIREMENT REGARDING CERTAIN STUDY ON BREAST CANCER.—In the case of a grant under subsection (a) to any State specified in section 399K(b), the Secretary may establish such conditions regarding the receipt of the grant as the Secretary determines are necessary to facilitate the collection of data for the study carried out under section 399C.

"SEC. 399I. PLANNING GRANTS REGARDING REGISTRIES. 42 USC 280e-1.

"(a) IN GENERAL.—

"(1) STATES.—The Secretary, acting through the Director of the Centers for Disease Control, may make grants to States for the purpose of developing plans that meet the assurances required by the Secretary under section 399B(c)(2).

"(2) OTHER ENTITIES.—For the purpose described in paragraph (1), the Secretary may make grants to public entities other than States and to nonprofit private entities. Such a grant may be made to an entity only if the State in which the purpose is to be carried out has certified that the State approves the entity as qualified to carry out the purpose.

"(b) APPLICATION.—The Secretary may make a grant under subsection (a) only if an application for the grant is submitted to the Secretary, the application contains the certification required in subsection (a)(2) (if the application is for a grant under such subsection), and the application is in such form, is made in such

manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

42 USC 280e-2.

"SEC. 399J. TECHNICAL ASSISTANCE IN OPERATIONS OF STATEWIDE CANCER REGISTRIES.

"The Secretary, acting through the Director of the Centers for Disease Control, may, directly or through grants and contracts, or both, provide technical assistance to the States in the establishment and operation of statewide registries, including assistance in the development of model legislation for statewide cancer registries and assistance in establishing a computerized reporting and data processing system.

42 USC 280e-3.

"SEC. 399K. STUDY IN CERTAIN STATES TO DETERMINE THE FACTORS CONTRIBUTING TO THE ELEVATED BREAST CANCER MORTALITY RATES.

"(a) IN GENERAL.—Subject to subsections (c) and (d), the Secretary, acting through the Director of the National Cancer Institute, shall conduct a study for the purpose of determining the factors contributing to the fact that breast cancer mortality rates in the States specified in subsection (b) are elevated compared to rates in other States.

"(b) RELEVANT STATES.—The States referred to in subsection (a) are Connecticut, Delaware, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont, and the District of Columbia.

"(c) COOPERATION OF STATE.—The Secretary may conduct the study required in subsection (a) in a State only if the State agrees to cooperate with the Secretary in the conduct of the study, including providing information from any registry operated by the State pursuant to section 399H(a).

"(d) PLANNING, COMMENCEMENT, AND DURATION.—The Secretary shall, during each of the fiscal years 1993 and 1994, develop a plan for conducting the study required in subsection (a). The study shall be initiated by the Secretary not later than fiscal year 1994, and the collection of data under the study may continue through fiscal year 1998.

"(e) REPORT.—Not later than September 30, 1999, the Secretary shall complete the study required in subsection (a) and submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report describing the findings and recommendations made as a result of the study.

42 USC 280e-4.

"SEC. 399L. AUTHORIZATION OF APPROPRIATIONS.

"(a) REGISTRIES.—For the purpose of carrying out this part, the Secretary may use $30,000,000 for each of the fiscal years 1993 through 1997. Out of any amounts used for any such fiscal year, the Secretary may obligate not more than 25 percent for carrying out section 399I, and not more than 10 percent may be expended for assessing the accuracy, completeness and quality of data collected, and not more than 10 percent of which is to be expended under subsection 399J.

"(b) BREAST CANCER STUDY.—Of the amounts appropriated for the National Cancer Institute under subpart 1 of part C of title IV for any fiscal year in which the study required in section 399K is being carried out, the Secretary shall expend not less than $1,000,000 for the study.".

Whereas it is in the national interest to stimulate and encourage the youth of this Nation to understand the significance of law enforcement training to the law enforcement profession and to the safety and security of all citizens;

Whereas it is in the national interest to encourage the youth of this Nation to appreciate the intellectual fascination of law enforcement training; and

Whereas it is in the national interest to make the youth of this Nation aware of career options available in law enforcement and disciplines related to law enforcement: Now, therefore, be it

Designating the week beginning November 8, 1992, as "National Women Veterans Recognition Week".

Whereas 1992 marks the 50th anniversary of the establishment of the Women's Army Auxiliary Corps, the Women Accepted for Voluntary Emergency Service, the Women Air Force Service Pilots, and the Women's Reserve of the Coast Guard, in which more than 400,000 women served during World War II;

Whereas there are more than 1,200,000 women veterans in the United States representing 4.6 percent of the total veteran population;

Whereas the number of women serving in the United States Armed Forces and the number of women veterans continue to increase;

Whereas women veterans have contributed greatly to the security of the United States through honorable military service, often involving great hardship and danger;

Whereas women are performing a wider range of tasks in the United States Armed Forces, as demonstrated by the participation of women in the military actions taken in Panama and the Persian Gulf region;

(1) by amending subsection (d)(1) to read as follows:

"(d)(1) In the case of major parts installed by the motor vehicle manufacturer, the standard under this section may not require any part to have more than a single identification.", and

(2) by adding at the end the following:

Regulations.

"(f)(1) Within 2 years after the date of the enactment of the Anti Car Theft Act of 1992, the Secretary shall promulgate a vehicle theft standard which conforms to the requirements of this title and which applies with respect to the covered major parts which are installed by all foreign and domestic manufacturers into passenger motor vehicles (other than light-duty trucks) in not to exceed one-half of the lines not designated under section 603 as high theft lines. Such rule shall be effective for model years applicable to such passenger motor vehicles as provided in subsection (c)(4) of this section.

"(2) Within 3 years after the rule under paragraph (1) is promulgated, the Secretary, based on the Attorney General's finding under paragraph (3), shall designate all the remaining such lines of such passenger motor vehicles (other than light-duty trucks) and apply such standard to such lines in conformance with the requirements of this title. Such rule shall also apply to the major replacement parts for the major parts described in this paragraph. Such rule shall be effective, for model years applicable to such passenger motor vehicles as provided in subsection (c)(4) of this section.

"(3) The Attorney General shall make a finding prior to the Secretary's initiation and promulgation of a rule under paragraph (2) that the rule shall be promulgated unless the Attorney General finds, based upon the information collected and analyzed under

section 615 and such other information as the Attorney General may develop (after notice and after a public hearing), that requiring such additional parts marking for all of the applicable passenger motor vehicles would not substantially inhibit chop shop operations and vehicle thefts. The Attorney General shall also take into account as part of the record additional costs, effectiveness, competition, and available alternatives factors. The Attorney General shall transmit the finding and the record upon which the finding is based to the Secretary. Such finding and record shall be a part of the Secretary's rulemaking record.

"(4) The Attorney General of the United States shall by December 31, 1999, determine, after notice and a public hearing, whether one or both rules promulgated under this subsection have been an effective means to substantially inhibit the operation of chop shops and vehicle theft, taking into account the additional cost, competition, and available alternatives. The Attorney General shall base his determination on information collected and analyzed under section 615, the 3-year and 5-year reports issued by the Secretary under this title, and such other information as he may develop and include in the public record. He shall take into consideration the effectiveness, extent of use, and the extent to which civil and criminal penalties under section 610(b) of this title and 18 U.S.C. 2322 regarding chop shops have been effective in substantially inhibiting chop shop operations and vehicle theft. The Attorney General shall promptly transmit his finding to the Secretary. If the determination is that one or both rules have not been an effective means to substantially inhibit chop shop operation and vehicle theft, the Secretary shall within 180 days after receipt of such finding terminate by order 1 or both of the rules promulgated under this subsection effective the next model year following the issuance of such order.

Termination date.

"(5) The Attorney General shall make a separate determination by December 31, 1999, after notice and a public hearing, as to whether the antitheft devices for which an exemption under section 605 is authorized are an effective substitute for parts marking in substantially inhibiting vehicle theft, taking into account the additional cost, competition, and available alternatives. If the Attorney General determines that such antitheft devices are an effective substitute for parts marking in substantially inhibiting vehicle theft, the Secretary shall continue to grant exemptions under section 605 at the level authorized prior to the date of the enactment of the Anti Car Theft Act of 1992 or at the level authorized for model year 2000, as determined by the Attorney General. Nothing in this paragraph affects exemptions granted in model year 2000 or earlier to any manufacturer.

"(6) The Secretary and the Attorney General shall keep the appropriate legislative committees of Congress with jurisdiction over this Act and 18 U.S.C. 2322 informed about the actions taken or planned under this subsection.

"(g) The Secretary is authorized to periodically redetermine and establish by rule the median theft rate under subsection (a)(1), but not more than every 2 years.".

including a field assessment of performance and determination of conditions under which a reduction or elimination of 1 or more of those systems would result in an unacceptable risk of fire loss; and

"(ii) include a comparative analysis and compartmentation using fire resistive materials and compartmentation using noncombustible materials.

"(B) The National Institute of Standards and Technology shall obtain funding from non-Federal sources in an amount equal to 25 percent of the cost of the study required by subparagraph (A). Funding for the National Institute of Standards and Technology for carrying out such study shall be derived from amounts otherwise authorized to be appropriated, for the Building and Fire Research Center at the National Institute of Standards and Technology, not to exceed $750,000. An Act

To amend the Marine Mammal Protection Act of 1972 to authorize the Secretary of State to enter into international agreements to establish a global moratorium to prohibit harvesting of tuna through the use of purse seine nets deployed on or to encircle dolphins or other marine mammals, and for other purposes.

Oct. 26, 1992
[H.R. 5419]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

International Dolphin Conservation Act of 1992.
16 USC 136 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "International Dolphin Conservation Act of 1992".

SEC. 2. GLOBAL MORATORIUM TO PROHIBIT CERTAIN TUNA HARVESTING PRACTICES.

(a) IN GENERAL.—The Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.) is amended by adding at the end the following:

"TITLE III—GLOBAL MORATORIUM TO PROHIBIT CERTAIN TUNA HARVESTING PRACTICES

"SEC. 301. FINDINGS AND POLICY.

16 USC 1411.

"(a) FINDINGS.—The Congress finds the following:

"(1) The yellowfin tuna fishery of the eastern tropical Pacific Ocean has resulted in the deaths of millions of dolphins.

"(2) Significant awareness and increased concern for the health and safety of dolphin populations has encouraged a change in fishing methods worldwide.

"(3) United States tuna fishing vessels have led the world in the development of fishing methods to reduce dolphin mortalities in the eastern tropical Pacific Ocean and United States tuna processing companies have voluntarily promoted the marketing of tuna that is dolphin safe.

"(4) Nations harvesting yellowfin tuna in the eastern tropical Pacific Ocean have indicated their willingness to participate in appropriate multilateral agreements to reduce, and eventually eliminate, dolphin mortality in that fishery.

"(b) POLICY.—It is the policy of the United States to—

"(1) eliminate the marine mammal mortality resulting from the intentional encirclement of dolphins and other marine mammals in tuna purse seine fisheries;

"(2) secure appropriate multilateral agreements to reduce, and eventually eliminate, the mortality referred to in paragraph (1);

"(3) ensure that the market of the United States does not act as an incentive to the harvest of tuna caught in association with dolphins or with driftnets;

"(4) secure appropriate multilateral agreements to ensure that United States tuna fishing vessels shall have continued access to productive tuna fishing grounds in the South Pacific Ocean and elsewhere; and

"(5) encourage observer coverage on purse seine vessels fishing for tuna outside of the eastern tropical Pacific Ocean in a fishery in which the Secretary has determined that a regular and significant association occurs between marine mammals and tuna, and in which tuna is harvested through the use of purse seine nets deployed on or to encircle marine mammals.

16 USC 1412.

"SEC. 302. INTERNATIONAL AGREEMENTS TO ESTABLISH GLOBAL MORATORIUM TO PROHIBIT CERTAIN TUNA HARVESTING PRACTICES.

"(a) IN GENERAL.—The Secretary of State, in consultation with the Secretary, may enter into international agreements which establish, in accordance with this title, a global moratorium of at least 5 years duration to prohibit harvesting tuna through the use of purse seine nets deployed on or to encircle dolphins or other marine mammals.

"(b) TERMS OF AGREEMENT.—Any agreement entered into under this section shall—

"(1) establish a moratorium described in subsection (a) which takes effect on March 1, 1994;

"(2) include an international research program and, notwithstanding the moratorium, authorize harvesting of tuna under that program;

"(3) provide for reviews and reports in accordance with section 304 on results of research conducted under the research program;

"(4) require each country that is a party to the agreement to take all the necessary and appropriate steps to ensure compliance with the moratorium; and

"(5) encourage each country that is a party to the agreement to seek, through bilateral and multilateral negotiations, to encourage other countries that participate in fisheries to which the agreement applies to become parties to the agreement.

"(c) COMPLIANCE BY UNITED STATES WITH MORATORIUM.—The moratorium authorized under subsection (a) may be terminated prior to December 31, 1999, with respect to the United States for the harvesting of tuna in the eastern tropical Pacific Ocean only if—

"(1) the Secretary submits to the Congress in accordance with section 304(b) a recommendation that the moratorium be terminated; and

"(2) the recommendation is approved by enactment of a joint resolution of approval.

16 USC 1413.

"SEC. 303. RESEARCH PROGRAMS.

"(a) IN GENERAL.—An agreement entered into under section 302 shall—

"(1) establish an international research program to develop methods of fishing for large yellowfin tuna—

"(A) without setting nets on dolphins or other marine mammals; or

"(B) by setting nets on dolphins or other marine mammals with zero set-caused mortality;

"(2) require that proposals for research under the program be reviewed and authorized by a competent regional organization;

"(3) require that research under the program be conducted by dedicated vessels that—

"(A) are authorized to conduct that research by a competent regional organization; and

"(B) have on board in accordance with section 305(a)(2) an observer who is responsible to, and supervised by, a competent regional organization.

"(b) LIMITATIONS ON DOLPHIN MORTALITY.—For the eastern tropical Pacific Ocean, an agreement entered into under section 302 shall require that—

"(1) the total number of research sets on dolphins conducted pursuant to this section during the period beginning March 1, 1994, and ending December 31, 1999, shall not exceed 400 annually, and that the total annual dolphin mortality shall not exceed 1,000;

"(2) the Inter-American Tropical Tuna Commission shall establish a panel to review and report on the compliance of the international yellowfin tuna fishery fleet with the limits established in paragraph (1) and make recommendations as appropriate; and

"(3) the Inter-American Tropical Tuna Commission shall establish an Advisory Board of technical specialists from the international communities of scientists, government agencies, environmental groups, and the fishing industry, to assist that commission in efforts to coordinate, facilitate, and guide research.

"(c) FUNDING.—

"(1) IN GENERAL.—An agreement entered into under section 302 shall establish fair and equitable mechanisms for funding research conducted pursuant to this section.

"(2) PROCEEDS OF RESEARCH HARVESTS.—An agreement entered into under section 302 shall provide that the proceeds of any tuna harvested for the purpose of research conducted pursuant to this section should, to the extent possible, be used for funding research conducted pursuant to this section.

"(3) LIMITATION ON USE OF UNITED STATES FUNDING.—Funding provided by the United States for research shall be used only for the purpose of developing methods of fishing for large yellowfin tuna that do not involve intentionally encircling dolphins or other marine mammals.

"(d) REVIEW OF RESEARCH PROPOSALS.—The Marine Mammal Commission established under section 201 shall—

"(1) review all research proposals submitted to the Inter-American Tropical Tuna Commission; and

"(2) recommend an appropriate response to each of those proposals, to the United States Commissioners on the Inter-American Tropical Tuna Commission.

16 USC 1414.

"SEC. 304. REVIEWS, REPORTS, AND RECOMMENDATIONS.

"(3) an assessment of the economic impacts on the tuna industry and consumers caused by the moratorium established by agreements entered into under section 302;

"(4) an assessment of the effectiveness of the moratorium in protecting dolphin populations in the eastern tropical Pacific Ocean;

"(5) results of reviews conducted under section 305(c);

"(6) copies of any international agreements or undertakings authorized by or related to this title;

"(7) an assessment of the impact on fishery resources, other than yellowfin tuna, of methods of fishing for large yellowfin tuna in the eastern tropical Pacific Ocean that do not involve the intentional encirclement of dolphins; and

"(8) any other relevant information.

"(b) RECOMMENDATIONS OF THE SECRETARY.—If a competent regional organization under the auspices of which research is conducted pursuant to section 303, or any country which participates in such an organization, submits to the United States a recommendation that a moratorium established by agreements entered into under section 302 should be terminated prior to December 31, 1999, the Secretary shall—

"(1) review the information on which the recommendation is based;

"(2) consult with relevant Federal agencies, including the Marine Mammal Commission, and other interested persons; and

"(3) submit to the Congress a recommendation regarding the termination of the moratorium.

16 USC 1415.

"(1) implement a moratorium of at least 5 years duration beginning March 1, 1994, on the practice of harvesting tuna through the use of purse seine nets deployed on or to encircle dolphins or other marine mammals unless the moratorium is terminated in accordance with section 302(c);

"(2) require an observer on each vessel of the country larger than 400 short tons carrying capacity which engages in purse seine fishing for yellowfin tuna in the eastern tropical Pacific Ocean, and ensure that at least 50 percent of all such observers are responsible to, and supervised by, a competent regional organization;

"(3) reduce the dolphin mortality resulting from purse seine net operations conducted by vessels of the country in 1992 to a level that is lower than such mortality in 1991 by a statistically significant margin; and

"(4) reduce the dolphin mortality resulting from purse seine net operations conducted by vessels of the country in the period beginning January 1, 1993, and ending February 28, 1994, to a level that is lower than such mortality in 1992 by a statistically significant margin.

"(b) SUBSEQUENT BANS ON FISH AND FISH PRODUCT IMPORTS FOR FAILURE TO COMPLY WITH COMMITMENTS.—

"(1) BAN ON IMPORTS OF YELLOWFIN TUNA AND YELLOWFIN TUNA PRODUCTS.—The Secretary, in consultation with the Secretary of State, shall periodically determine whether each country which has transmitted a formal communication expressing the commitments described in subsection (a) is fully implementing those commitments. If the Secretary determines that any such country is not implementing those commitments—

"(A) the Secretary shall notify the President and the Congress of that determination; and

"(B) 15 days after such notification, the Secretary of the Treasury shall ban the importation from that country of all yellowfin tuna and yellowfin tuna products.

"(2) BAN ON IMPORTS OF OTHER FISH AND FISH PRODUCTS.—

"(A) IN GENERAL.—If—

"(i) a country does not, within 60 days after the establishment with respect to that country of a ban on importation under paragraph (1)(B), certify and provide reasonable proof to the Secretary that the country has fully implemented the commitment described in subsection (a)(1) or has taken the necessary actions to remedy its failure to comply with the commitments described in subsection (a) (2), (3), and (4); and

"(ii) the Secretary does not, before the end of that 60-day period, certify to the President that the country has provided such certification and proof;

the President shall direct the Secretary of the Treasury to ban the importation from that country of all articles (other than those subject to an importation ban under paragraph (1)(B)) that are classified under one or more of those fish and fish product categories that the President, subject to subparagraph (B), considers appropriate to carry out this paragraph. President.

"(B) BAN CRITERIA.—The one or more fish and fish product categories to which the President imposes an import ban under subparagraph (A) with respect to a country must be a fish and fish product category or categories with respect to which the articles classified thereunder and imported from that country in the base year had an aggregate customs valuation equal to 40 percent of the aggregate customs valuation of all articles classified under all fish and fish product categories that were imported from that country during the base year.

the country is implementing the commitments described in subsection (a).

"(4) IMPLEMENTATION OF IMPORT BANS.—The Secretary of the Treasury shall take such action as may be necessary or appropriate to implement importation bans imposed under paragraphs (1) and (2).

"(c) REVIEWS AND REPORTS.—The Secretary, in consultation with the Secretary of State, shall—

"(1) periodically review the activities of countries which have transmitted to the Secretary of State formal communications expressing the commitments described in subsection (a), to determine whether those countries are complying with those commitments; and

(1) American businesses now and for the remainder of the 20th century will face a dramatically different labor market than the one to which they have become accustomed;

(2) two in every three new entrants to the work force will be women, and to meet labor needs such women must work in all occupational areas including in apprenticeable occupations and nontraditional occupations;

(3) women face significant barriers to their full and effective participation in apprenticeable occupations and nontraditional occupations;

(4) the business community must be prepared to address the barriers that women have to such jobs, in order to successfully integrate them into the work force; and

(5) few resources are available to employers and unions who need assistance in recruiting, training, and retaining women in apprenticeable occupations and other nontraditional occupations.

(b) PURPOSE.—It is the purpose of this Act to provide technical assistance to employers and labor unions to encourage employment of women in apprenticeable occupations and nontraditional occupations. Such assistance will enable business to meet the challenge of Workforce 2000 by preparing employers to successfully recruit, train, and retain women in apprenticeable occupations and nontraditional occupations and will expand the employment and self-sufficiency options of women. This purpose will be achieved by—

(1) promoting the program to employers and labor unions to inform them of the availability of technical assistance which will assist them in preparing the workplace to employ women in apprenticeable occupations and nontraditional occupations;

(2) providing grants to community-based organizations to deliver technical assistance to employers and labor unions to prepare them to recruit, train, and employ women in apprenticeable occupations and nontraditional occupations;

(3) authorizing the Department of Labor to serve as a liaison between employers, labor, and the community-based organizations providing technical assistance, through its national office and its regional administrators; and

(4) conducting a comprehensive study to examine the barriers to the participation of women in apprenticeable occupations and nontraditional occupations and to develop recommendations for the workplace to eliminate such barriers.

(1) Under such program the Secretary shall provide outreach to employers through, but not limited to, the private industry councils in each service delivery area.

Joint Resolution

Acknowledging the sacrifices that military families have made on behalf of the Nation and designating November 23, 1992, as "National Military Families Recognition Day".

Oct. 27, 1992
[H.J. Res. 503]

Whereas the Congress recognizes and supports the Department of Defense policies to recruit, train, equip, retain, and field a military force that is capable of preserving peace and protecting the vital interests of the United States and its allies;

Whereas military families shoulder the responsibility of providing emotional support for their service members;

Whereas, in times of war and military action, military families have demonstrated their patriotism through their steadfast support and commitment to the Nation;

Whereas the emotional and mental readiness of the United States military personnel around the world is tied to the well-being and satisfaction of their families;

Whereas the quality of life that the Armed Forces provide to military families is a key factor in the retention of military personnel;

Whereas the people of the United States are truly indebted to military families for facing adversities, including extended separations from their service members, frequent household moves due to reassignments, and restrictions on their employment and educational opportunities;

Whereas 72 percent of officers and 54 percent of enlisted personnel in the Armed Forces are married;

Whereas families of active duty military personnel (including individuals other than spouses or children) account for more than 2,815,000 of the more than 4,880,000 individuals in the active duty community, and spouses and children of members of the Reserves in paid status account for more than 1,320,000 of the more than 2,470,000 individuals in the Reserves community;

Whereas spouses, children, and other dependents living abroad with members of the Armed Forces total nearly 450,000 and these family members at times face feelings of cultural isolation and financial hardship;

Whereas the significantly reduced global military tensions after the end of the Cold war have led to a down-sizing of the national defense and a refocusing of national priorities to strengthening the American economy and competitiveness in the global marketplace;

Whereas the Congress is grateful for such sacrifices and is committed to assisting the service members and their families who undergo the transition from active duty to civilian life; and

Whereas military families are devoted to the overall mission of the Department of Defense and have accepted the role of the United States as the military leader and protector of the free world: Now, therefore, be it

69-139 O - 92 (540)

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) the Congress acknowledges and appreciates the commitment and devotion of present and former military families and the sacrifices that such families have made on behalf of the Nation; and

(2) November 23, 1992, is designated as "National Military Families Recognition Day". The President is authorized and requested to issue a proclamation calling on the people of the United States to observe the day with appropriate programs, ceremonies, and activities.

102d Congress

An Act

To establish the Keweenaw National Historical Park, and for other purposes.

Oct. 27, 1992
[S. 1664]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Michigan.
Conservation.
16 USC 410yy.

SECTION 1. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) The oldest and largest lava flow known on Earth is located on the Keweenaw Peninsula of Michigan. This volcanic activity produced the only place on Earth where large scale economically recoverable 97 percent pure native copper is found.

(2) The Keweenaw Peninsula is the only site in the country where prehistoric, aboriginal mining of copper occurred. Artifacts made from this copper by these ancient Indians were traded as far south as present day Alabama.

(3) Copper mining on the Keweenaw Peninsula pioneered deep shaft, hard rock mining, milling, and smelting techniques and advancements in related mining technologies later used throughout the world.

(4) Michigan Technological University, located in the copper district, was established in 1885 to supply the great demand for new technologies and trained engineers requested by the area's mining operations. Michigan Technological University possesses a wealth of both written and photographic historic documentation of the mining era in its archives.

(5) Michigan's copper country became a principal magnet to European immigrants during the mid-1800's and the cultural heritage of these varied nationalities is still preserved in this remarkable ethnic conglomerate.

(6) The corporate-sponsored community planning in Calumet, Michigan, as evidenced in the architecture, municipal design, surnames, foods, and traditions, and the large scale corporate paternalism was unprecedented in American industry and continues to express the heritage of the district.

(7) The entire picture of copper mining on Michigan's Keweenaw Peninsula is best represented by three components: the Village of Calumet, the former Calumet and Hecla Mining Company properties (including the Osceola #13 mine complex), and the former Quincy Mining Company properties. The Village of Calumet best represents the social, ethnic, and commercial themes. Extant Calumet and Hecla buildings best depict corporate paternalism and power, and the themes of extraction and processing are best represented by extant structures of the Quincy Mining Company.

(8) The Secretary of the Interior has designated two National Historic Landmark Districts in the proposed park area, the Calumet National Historic Landmark District and the Quincy Mining Company National Historic Landmark District.

(b) PURPOSES.—The purposes of this Act are—

(1) to preserve the nationally significant historical and cultural sites, structures, and districts of a portion of the Keweenaw Peninsula in the State of Michigan for the education, benefit, and inspiration of present and future generations; and

(2) to interpret the historic synergism between the geological, aboriginal, sociological, cultural technological, and corporate forces that relate the story of copper on the Keweenaw Peninsula.

16 USC 410yy-1.

SEC. 2. DEFINITIONS.

As used in this Act, the term—

(1) "Commission" means the Keweenaw Historic Preservation Advisory Commission established by section 9.

(2) "park" means the Keweenaw National Historical Park established by section 3(a)(1).

(3) "Secretary" means the Secretary of the Interior.

(b) BOUNDARIES AND MAP.—(1) The boundaries of the park shall be as generally depicted on the map entitled "Keweenaw National Historical Park, Michigan", numbered NHP–KP/20012–B and dated June, 1992. Such map shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior, Washington, District of Columbia, and the office of the village council, Calumet, Michigan.

Federal Register, publication.

(2) Within 180 days after the date of enactment of this Act, the Secretary shall publish in the Federal Register a detailed description and map of the boundaries established under paragraph (a)(1).

16 USC 410yy-3.

SEC. 4. ACQUISITION OF PROPERTY.

(a) IN GENERAL.—Subject to subsections (b) and (c), the Secretary is authorized to acquire lands, or interests therein, within the boundaries of the park by donation, purchase with donated or appropriated funds, exchange, or transfer.

(b) STATE PROPERTY.—Property owned by the State of Michigan or any political subdivision of the State may be acquired only by donation.

(B) will not have an adverse effect on the resources of the park; and

(3) provide for full public participation in order to consider the views of all interested parties.

SEC. 6. GENERAL MANAGEMENT PLAN. 16 USC 410yy-5.

Not later than 3 fiscal years after the date of enactment of this Act, the Secretary shall prepare, in consultation with the Commission, and submit to Congress a general management plan for the park containing the information described in section 12(b) of the Act of August 18, 1970 (16 U.S.C. 1a–7(b)). Such plan shall interpret the technological and social history of the area, and the industrial complexes of the Calumet and Hecla, and Quincy Mining Companies, with equal emphasis.

SEC. 7. COOPERATIVE AGREEMENTS. 16 USC 410yy-6.

The Secretary, after consultation with the Commission, may enter into cooperative agreements with owners of property within the park of nationally significant historic or other cultural resources in order to provide for interpretive exhibits or programs. Such agreements shall provide, whenever appropriate, that—

(1) the public may have access to such property at specified, reasonable times for purposes of viewing such property or exhibits, or attending the programs established by the Secretary under this subsection; and

(2) the Secretary, with the agreement of the property owner, may make such minor improvements to such property as the Secretary deems necessary to enhance the public use and enjoyment of such property, exhibits, and programs.

SEC. 8. FINANCIAL AND TECHNICAL ASSISTANCE. 16 USC 410yy-7.

(a) IN GENERAL.—The Secretary may provide to any owner of property within the park containing nationally significant historic or cultural resources, in accordance with cooperative agreements or grant agreements, as appropriate, such financial and technical assistance to mark, interpret, and restore non-Federal properties within the park as the Secretary determines appropriate to carry out the purposes of this Act, provided that—

(1) the Secretary, acting through the National Park Service, shall have right of access at reasonable times to public portions of the property covered by such agreement for the purpose

of conducting visitors through such properties and interpreting them to the public; and

(2) no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to the agreements.

(b) MATCHING FUNDS.—Funds authorized to be appropriated to the Secretary for the purposes of this section shall be expended in the ratio of $1 of Federal funds for each $4 of funds contributed by non-Federal sources. For the purposes of this subsection, the Secretary is authorized to accept from non-Federal sources, and to utilize for purposes of this Act, any money so contributed. Donations of land, or interests in land, by the State of Michigan may be considered as a contribution from non-Federal sources for the purposes of this subsection.

16 USC 410yy-8.

SEC. 9. KEWEENAW NATIONAL HISTORICAL PARK ADVISORY COMMISSION.

(a) ESTABLISHMENT AND DUTIES.—There is established the Keweenaw National Historical Park Advisory Commission. The Commission shall—

(1) advise the Secretary in the preparation and implementation of a general management plan described in section 6;

TITLE I—LIMITATIONS ON CERTAIN TRADING PRACTICES

SEC. 101. DUAL TRADING.

(a) PROHIBITION.—Section 4j (7 U.S.C. 6j) is amended—

(1) by redesignating paragraphs (1) and (2) as subsections (b) and (c), respectively;

(2) in subsection (b), as so redesignated, by striking "The Commission shall within nine months after the effective date of the Commodity Futures Trading Commission Act of 1974, and subsequently when it determines that changes are required," and inserting "If, in addition to the regulations issued pursuant to subsection (a), the Commission has reason to believe that dual trading-related or facilitated abuses are not being or cannot be effectively addressed by subsection (a), the Commission shall"; and

(3) by inserting a new subsection (a) to read as follows:

"(a)(1) The Commission shall issue regulations to prohibit the privilege of dual trading on each contract market which has not been exempted from such regulations under paragraph (3). The regulations issued by the Commission under this paragraph—

"(A) shall provide that the prohibition of dual trading thereunder shall take effect not less than thirty days after the issuance of the regulations;

"(B) shall provide for exceptions, as the Commission determines necessary and appropriate, to ensure fairness and orderly trading in affected contract markets, including—

"(i) transition measures and a reasonable phase-in period,

"(ii) exceptions for spread transactions and the correction of trading errors,

"(iii) allowance for a customer to designate in writing not less than once annually a named floor broker to execute

orders for such customer, notwithstanding the regulations to prohibit the privilege of dual trading required under this paragraph, and

"(iv) other measures reasonably designed to accommodate unique or special characteristics of individual boards of trade or contract markets, to address emergency or unusual market conditions, or otherwise to further the public interest;

"(C) shall establish procedures for the application for and issuance of exemptions under paragraph (3) which, among other things, shall specify the relevant data required to be submitted by the board of trade with each application;

"(D) shall specify the methodology by which it shall determine the average daily trading volume on a contract market for purposes of paragraph (4) based on a moving daily average of either six or twelve months; and

"(E) shall establish an expeditious procedure to revoke an exemption granted under paragraph (3) providing sufficient notice, opportunity for hearing, and findings to assure fundamental fairness.

"(2) As used in this section, the term 'dual trading' means the execution of customer orders by a floor broker during any trading session in which the floor broker executes any trade in the same contract market for—

"(A) the account of such floor broker;

"(B) an account for which such floor broker has trading discretion; or

"(C) an account controlled by a person with whom such floor broker is subject to trading restrictions under section 4j(d).

"(3) The Commission shall exempt a contract market from the regulations issued under paragraph (1), either unconditionally or on stated conditions (including stated periods of time) relevant to the attainment or maintenance of compliance with the standards in subparagraphs (A) and (B), upon finding that—

"(A) the trade monitoring system in place at the contract market satisfies the requirements of section 5a(b) with regard to violations attributable to dual trading at such contract market; or

"(B)(i) there is a substantial likelihood that a dual trading suspension would harm the public interest in hedging or price basing at such contract market, and

"(ii) other corrective actions, such as those described in section 8e, are sufficient and appropriate to bring the contract market into compliance with the standard in subparagraph (A).

"(4)(A) The regulations issued by the Commission under paragraph (1) shall not apply to any contract market in which the Commission determines that the average daily trading volume is less than the threshold trading level established for the contract market under this paragraph.

"(B) The threshold trading level shall be set initially at eight thousand contracts.

"(C) The Commission may, by rule or order—

"(i) increase, or

"(ii) at any time following the date three years after the date of enactment of this paragraph, decrease,

the threshold trading level for specific contract markets after taking into consideration the actual or potential effects of a dual trading ban on the public interest in hedging or price basing at the affected contract market.

"(D) The Commission shall provide the affected contract market with adequate notice of any such increase or decrease.

"(5) Before the Commission denies an application for an exemption under paragraph (3) or exempts a contract market subject to conditions, it shall—

"(A) provide the affected board of trade with notice of the reason or reasons that the application was not approved as submitted, including—

"(i) any reason the Commission has to believe that the trade monitoring system in place at the contract market does not satisfy the requirements of paragraph (3)(A) and the basis for such reason;

"(ii) any corrective action or actions, such as those described in section 8e, that the Commission believes the affected contract market must take to satisfy the requirements of paragraph (3)(A), and an acceptable timetable for such corrective action; and

"(iii) any conditions or limitations that the Commission proposes to attach to the exemption under paragraph (3);

"(B) provide the affected board of trade with an opportunity for a hearing through submission of written data, views, or arguments and, under terms set by the Commission at the request of the board of trade, through an oral presentation of views and comments to the Commission, in order to make the demonstration required under paragraph (3) or otherwise to petition the Commission with respect to its application; and

"(C) make findings, based on the information, views, and arguments placed before it in connection with the application, as to whether—

"(i) the standard in either paragraph (3)(A) or (3)(B) applies, and

"(ii) any conditions or limitations which the Commission proposes to attach under paragraph (3) are appropriate in light of the purposes of this subsection.

The Commission shall publish in the Federal Register notice of any exemptive petitions filed under paragraph (3) and any proposed or final actions the Commission may take on such petitions. Unless the Commission determines that more immediate action is appropriate in the public interest, any Commission order denying an application or exempting a contract market conditionally shall not take effect for at least twenty days following the issuance of the order. Federal Register, publication.

"(6) Violation of an order issued under this subsection shall be considered a violation of an order of the Commission for purposes of—

"(i) establishing liability and assessing penalties against a contract market or any director, officer, agent, or employee thereof under section 6b or 6c; or

"(ii) initiating proceedings under section 5b or 6(a).

"(7) Any board of trade which has applied to the Commission to exempt a contract market from the regulations issued under paragraph (1) may obtain judicial review of any final action of

the Commission to deny such application, to issue an exemption subject to conditions, or to revoke an exemption, only in the United States Court of Appeals for the circuit in which the party seeking review resides or has its principal place of business, or in the United States Court of Appeals for the District of Columbia Circuit, under the standards applicable to rulemaking proceedings under section 553 of title 5, United States Code.

"(8)(A) The Commission shall issue the regulations required under paragraph (1) not later than two hundred and seventy days after the enactment of this section. If, prior to the effective date of the prohibition on dual trading under such regulations, a board of trade submits to the Commission an application for an exemption for a contract market under paragraph (3), the Commission shall not apply the prohibition against dual trading under paragraph (1) to the contract market until the Commission has approved or denied the application.

"(B) The Commission shall approve or deny any application for an exemption under paragraph (3) within seventy-five days after receipt of the application, or as soon as practicable.".

(a) IN GENERAL.—Section 4j (7 U.S.C. 6j) is amended by adding at the end the following new subsection:

"(B) to any contract market that has implemented rules designed to prevent violations of this Act attributable to the trading described in paragraph (1), except that, if the Commission determines, by rule or order, that such rules are not adequate to prevent such violations, paragraph (1) shall become effective with respect to such contract market after a reasonable period determined by the Commission.".

7 USC 6j note.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall become effective two hundred and seventy days after the date of enactment of this Act.

SEC. 8. NATIVE AMERICAN VETERANS DIRECT HOUSING LOAN PILOT PROGRAM.

(a) PROGRAM.—Chapter 37 of title 38, United States Code, is amended by adding at the end the following new subchapter:

"SUBCHAPTER V—NATIVE AMERICAN VETERAN HOUSING LOAN PILOT PROGRAM

"§ 3761. Pilot program

"(a) The Secretary shall establish and implement a pilot program under which the Secretary may make direct housing loans to Native American veterans. The purpose of such loans is to permit such veterans to purchase, construct, or improve dwellings on trust land. The Secretary shall establish and implement the pilot program in accordance with the provisions of this subchapter.

"(b) In carrying out the pilot program under this subchapter, the Secretary shall, to the extent practicable, make direct housing loans to Native American veterans who are located in a variety

of geographic areas and in areas experiencing a variety of economic circumstances.

"(c) No loans may be made under this subchapter after September 30, 1997.

"§ 3762. Direct housing loans to Native American veterans

"(a) The Secretary may make a direct housing loan to a Native American veteran if—

"(1) the Secretary has entered into a memorandum of understanding with respect to such loans with the tribal organization that has jurisdiction over the veteran; and

"(2) the memorandum is in effect when the loan is made.

"(b)(1) Subject to paragraph (2), the Secretary shall ensure that each memorandum of understanding that the Secretary enters into with a tribal organization shall provide for the following:

"(A) That each Native American veteran who is under the jurisdiction of the tribal organization and to whom the Secretary makes a direct loan under this subchapter—

"(i) holds, possesses, or purchases using the proceeds of the loan a meaningful interest in a lot or dwelling (or both) that is located on trust land; and

"(ii) will purchase, construct, or improve (as the case may be) a dwelling on the lot using the proceeds of the loan.

"(B) That each such Native American veteran will convey to the Secretary by an appropriate instrument the interest referred to in subparagraph (A) as security for a direct housing loan under this subchapter.

"(C) That the tribal organization and each such Native American veteran will permit the Secretary to enter upon the trust land of that organization or veteran for the purposes of carrying out such actions as the Secretary determines are necessary—

"(i) to evaluate the advisability of the loan; and

"(ii) to monitor any purchase, construction, or improvements carried out using the proceeds of the loan.

"(D) That the tribal organization has established standards and procedures that apply to the foreclosure of the interest conveyed by a Native American veteran pursuant to subparagraph (B), including—

"(i) procedures for foreclosing the interest; and

"(ii) procedures for the resale of the lot or the dwelling (or both) purchased, constructed, or improved using the proceeds of the loan.

"(E) That the tribal organization agrees to such other terms and conditions with respect to the making of direct loans to Native American veterans under the jurisdiction of the tribal organization as the Secretary may require in order to ensure that the pilot program established under this subchapter is implemented in a responsible and prudent manner.

"(2) The Secretary may not enter into a memorandum of understanding with a tribal organization under this subsection unless the Secretary determines that the memorandum provides for such standards and procedures as are necessary for the reasonable protection of the financial interests of the United States.

"(c)(1)(A) Except as provided in subparagraph (B), the principal amount of any direct housing loan made to a Native American under this section may not exceed $80,000.

"(B) The Secretary may make loans exceeding the amount specified in subparagraph (A) in a geographic area if the Secretary determines that housing costs in the area are significantly higher than average housing costs nationwide. The amount of such increase shall be the amount that the Secretary determines is necessary in order to carry out the pilot program under this subchapter in a manner that demonstrates the advisability of making direct housing loans to Native American veterans who are located in a variety of geographic areas and in geographic areas experiencing a variety of economic conditions.

"(2) Loans made under this section shall bear interest at a rate determined by the Secretary, which rate may not exceed the appropriate rate authorized for guaranteed loans under section 3703(c)(1) or section 3712(f) of this title, and shall be subject to such requirements or limitations prescribed for loans guaranteed under this title as the Secretary may prescribe.

"(3) Notwithstanding section 3704(a) of this title, the Secretary shall establish minimum requirements for planning, construction, improvement, and general acceptability relating to any direct loan made under this section.

"(d)(1) The Secretary shall establish credit underwriting standards to be used in evaluating loans made under this subchapter. In establishing such standards, the Secretary shall take into account the purpose of this program to make available housing to Native American veterans living on trust lands.

"(2) The Secretary shall determine the reasonable value of the interest in property that will serve as security for a loan made under this section and shall establish procedures for appraisals upon which the Secretary may base such determinations. The procedures shall incorporate generally the relevant requirements of section 3731 of this title, unless the Secretary determines that such requirements are impracticable to implement in a geographic area, on particular trust lands, or under circumstances specified by the Secretary.

"(e) Loans made under this section shall be repaid in monthly installments.

"(f) In connection with any loan under this section, the Secretary may make advances in cash to provide for repairs, alterations, and improvements and to meet incidental expenses of the loan transaction. The Secretary shall determine the amount of any expenses incident to the origination of loans made under this section, which expenses, or a reasonable flat allowance in lieu thereof, shall be paid by the veteran in addition to the loan closing costs.

"(g) Without regard to any provision of this chapter (other than a provision of this section), the Secretary may—

"(1) take any action that the Secretary determines to be necessary with respect to the custody, management, protection, and realization or sale of investments under this section;

"(2) determine any necessary expenses and expenditures and the manner in which such expenses and expenditures shall be incurred, allowed, and paid;

"(3) make such rules, regulations, and orders as the Secretary considers necessary for carrying out the Secretary's functions under this section; and

"(4) in a manner consistent with the provisions of this chapter and with the Secretary's functions under this subchapter, employ, utilize, and compensate any persons, organizations, or departments or agencies (including departments and agencies of the United States) designated by the Secretary to carry out such functions.

"(h) The Secretary shall carry out an outreach program to inform and educate tribal organizations and Native American veterans of the pilot program provided for under this subchapter and the availability of direct housing loans for Native American veterans who live on trust lands.

"§ 3763. Housing loan program account

"(a) There is hereby established in the Treasury of the United States an account known as the 'Native American Veteran Housing Loan Program Account' (hereafter in this subchapter referred to as the 'Account').

"(b) The Account shall be available to the Secretary to carry out all operations relating to the making of direct housing loans to Native American veterans under this subchapter, including any administrative expenses relating to the making of such loans. Amounts in the Account shall be available without fiscal year limitation.

"§ 508. Certification of weights and description

"(a) NOTIFICATION AND CERTIFICATION.—

"(1) PRIOR NOTIFICATION.—Before the time any person tenders to an initial carrier any loaded container or trailer for intermodal transportation having a projected gross cargo weight (inclusive of packing material and pallets) of more than 10,000 pounds, such person shall give such carrier written notification of such gross cargo weight and a reasonable description of the contents of the container or trailer. The notification may be transmitted electronically.

"(2) CERTIFICATION.—At or before the time of tendering to an initial carrier for intermodal transportation of a container or trailer to which paragraph (1) applies or of a loaded container or trailer having an actual gross cargo weight (inclusive of packing material and pallets) of more than 10,000 pounds, the person tendering the container or trailer shall certify to the carrier in writing the actual gross cargo weight and a reasonable description of the contents of the container or trailer.

"(3) VIOLATION.—After the date on which the Secretary of Transportation issues final regulations to enforce this section, it shall be a violation of this section for any person tendering a loaded container or trailer to fail to comply with paragraph (1) or (2) or to provide false or erroneous information in a written certification required by paragraph (2).

"(4) LIMITATION ON APPLICABILITY.—For purposes of this section, a carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouseman, and terminal operator shall not be considered to be a person tendering a loaded container or trailer to an initial carrier, unless the carrier, agent, broker, customs broker, freight forwarder, warehouseman, or terminal operator assumes legal responsibility for the loading of property into the container or trailer.

"(b) FORWARDING INFORMATION TO SUBSEQUENT CARRIERS.—

"(1) IN GENERAL.—It shall be a violation of this section for a carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouseman, or terminal operator to fail to forward the certification of actual gross cargo weight and reasonable description of the contents of a loaded container or trailer provided under subsection (a)(2) to a subsequent carrier transporting the container or trailer in intermodal transportation.

"(2) LIMITATION ON INTERPRETATION OF CARRIER FORWARDING INFORMATION.—The forwarding of information under paragraph (1) by a carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouseman, or terminal operator shall not constitute, or in any way be construed as, a verification or affirmation by the carrier, agent, broker, customs broker, freight forwarder, warehouseman, or terminal operator of the accuracy or completeness of such information.

"(c) UNLAWFUL COERCION.—It shall be unlawful—

"(1) for any person to coerce or attempt to coerce a person participating in intermodal transportation to transport a loaded container or trailer having an actual gross cargo weight of more than 10,000 pounds (inclusive of packing materials and pallets) before the certification required by subsection (a)(2) has been provided; and

"(2) for any person, knowing that the weight of the loaded container or trailer or the weight of the tractor-trailer combination carrying the container or trailer in intermodal transportation is in excess of that permitted by applicable State law, to coerce or attempt to coerce any carrier—

"(A) to transport the container or trailer; or

"(B) to operate the tractor-trailer combination;

in violation of such law.

"(d) DUTY OF MOTOR CARRIER.—It shall be unlawful for a motor carrier (as such term is defined in section 10102 of this title) to provide transportation of a loaded container or trailer to which subsection (a)(2) applies prior to receiving the certification required by subsection (a)(2).

"(e) LIMITATION ON APPLICABILITY TO CARRIERS.—The provisions of subsections (a) and (c) shall not apply to a carrier when the carrier is transferring a loaded container or trailer to other carriers in the course of intermodal transportation, unless the carrier is also the person tendering the loaded container or trailer to the initial carrier.

"(f) STATE ENFORCEMENT.—A State is authorized to enact legislation to enable the State or a political subdivision of the State—

"(1) to assess fines and penalties for violations of State highway weight laws and regulations by a tractor-trailer combination carrying a loaded container or trailer for which a certification is required under subsection (a)(2) against the person tendering to the initial carrier the loaded container or trailer; and

"(2) to impound the container or trailer until such fines and penalties have been paid by the owners or beneficial owners of the contents of the container or trailer or the person tendering the loaded container or trailer to the initial carrier;

in any case in which the fines or penalties result from providing false or erroneous information in a written certification in violation of subsection (a)(3).

"(g) LIENS.—

"(1) IN GENERAL.—If a carrier or person involved in the intermodal transportation of a loaded container or trailer for which a certification is required under subsection (a)(2) must under State law post bond or pay any fines, penalties, costs, expenses, or interest resulting from providing false or erroneous information in a written certification with respect to the container or trailer or the contents thereof to the initial carrier in violation of subsection (a)(3), the carrier or other person shall have a lien against such contents equivalent to the amount of such bond or fines, penalties, costs, expenses, or interest incurred by the carrier or other person until the carrier or other person has received a payment of such amount from the owner or beneficial owner of the contents or from the person responsible for making the certification.

"(2) LIMITATIONS.—

"(A) LIMITATION ON DISPOSITION OF CONTENTS.—A lien under this subsection shall not authorize a carrier or other person to sell or otherwise dispose of the contents of a loaded container or trailer until the person who tendered the container or trailer to the initial carrier is given a reasonable opportunity to determine responsibility for the bond or fines, penalties, costs, expenses, or interest.

"(B) TREATMENT OF CERTAIN OWNERS AND BENEFICIAL OWNERS.—For purposes of this subsection, an owner or beneficial owner of the contents of a container or trailer or a person tendering a container or trailer to the initial carrier shall not be treated as a carrier or person involved in the intermodal transportation of the container or trailer.

"(C) LIMITATION ON APPLICABILITY.—The provisions of this subsection and subsection (f)(2) shall not apply to a container or trailer the contents of which are perishable agricultural commodities (as such term is defined in the Perishable Agricultural Commodities Act, 1930).

"(h) LIMITATION ON STATUTORY CONSTRUCTION.—This section shall not be construed as creating any obligation or responsibility for the person tendering the loaded container or trailer to the initial carrier to ensure that the initial carrier or any other carrier involved in the intermodal transportation will comply with any State statutes or regulations prescribing weight limitations for highway transportation, beyond the requirements set forth in this section.".

49 USC 521.

(b) ENFORCEMENT.—Section 521(b)(2)(A) of such title is amended by inserting "or which is a violation of section 508 of this title" after "Act of 1984".

For purposes of this paragraph, a trustee of property in transit from an overseas point of origin who is domiciled in or is doing business in the United States shall be treated as a beneficial owner of such property. A carrier, agent of a carrier, broker, customs broker, freight forwarder, warehouseman, or terminal operator providing or arranging for any portion of intermodal transportation of property shall in no case be a beneficial owner of such property, for purposes of this para-

"(5) 'carrier' means—

"(A) a motor carrier, water carrier, and rail carrier (as such terms are defined in section 10102 of this title), and

"(B) an ocean common carrier (as such term is defined in section 3 of the Shipping Act of 1984 (46 U.S.C. App. 1702)),
